Faith Discipleship Reaching Out To World Religions:

Faith Discipleship Tal Davis,2001-07-01 *Faith Discipleship* Tal Davis,2001-07-01 **Faith Discipleship** Tal Davis,2001-07-01 *Evidence for God* William A. Dembski,Michael R. Licona,2010-07-01 There have always been challenges to belief in God as he is revealed in the Bible and each new year seems to add more questions to the doubter s arsenal In *Evidence for God* leading apologists provide compelling arguments that address the most pressing questions of the day about God science Jesus the Bible and more including Is Intelligent Design really a credible explanation of the origins of our world Did Jesus really exist Is Jesus really the only way to God What about those who have never heard the gospel Is the Bible today what was originally written What about recently publicized gospels that aren t in the Bible and much more **Faith at Work in Your Relationships** Bret Renee Robbe,2000 **Faith Reaching Out to World Religions** ,2001 *Christian Faith in Our Time* Paul Jersild,2016-12-19 Jersild responds to a fundamental issue in the theology of the church what is the nature of our language in addressing the mysteries of our faith such as speaking of God or of the incarnation Advocating a modest theology in facing the mystery of God and acknowledging the impact of postmodern sensibilities he lifts up the metaphorical language of Jesus as the key to a responsible theology Jersild makes his case for a faith based imagination centering on the life death and resurrection of Jesus as God s man who brings a divine redemptive love to the human story Theology does not give us a line in the sand that divides the saved from the lost nor is it the truth that makes all other religions false This is a book for seekers as well as many church members who harbor questions and doubts about the church s theology *Catholic Activism Today* Maureen K. Day,2020-06-09 Uncovers why Catholic organizations fail to foster civic activism The American Catholic Church boasts a long history of teaching and activism on issues of social justice In the face of declining religious and community involvement in the twenty first century many modern day Catholic groups aspire to revive the faith as well as their connections to the larger world Yet while thousands attend weekly meetings designed to instill religiosity and a commitment to civic engagement these programs often fail to achieve their more large scale goals In *Catholic Activism Today* Maureen K Day sheds light on the impediments to successfully enacting social change She argues that popular organizations such as JustFaith Ministries have embraced an approach to civic engagement that focuses on mobilizing Catholics as individuals rather than as collectives There is reason to think this approach is effective these organizations experience robust participation in their programs and garner reports of having had a transformative effect on their participants lives Yet Day shows that this approach encourages participants to make personal lifestyle changes rather than contend with structural social inequalities thus failing to make real inroads in the pursuit of social justice Moreover the focus on the individual serves to undermine the institutional authority of the Catholic Church itself shifting American Catholics perceptions of the Church from a hierarchy that controls the laity to one that simply influences it as they pursue their individual paths Drawing on three years of interview survey and participant observation data *Catholic Activism Today*

offers a compelling new take on contemporary dynamics of Catholic civic engagement and its potential effect on the Church at large *Religious Identities and the Global South* Felix Wilfred, 2021-01-04 This book offers a comprehensive and interdisciplinary account of religious identities in the Global South Drawing on literature in various fields Felix Wilfred analyzes how religious identities intersect with the processes of globalization modernity and postmodernity He illustrates how the study of religion in the Global North often revolves around questions of secularism and fundamentalism whereas a neo Orientalist quality often attends study of religion in the Global South These approaches and theorizing fail to incorporate the experiences of lived religion in the South especially in Asia Historically the religions in the South have played a highly significant role in resistance to the domination by the colonial forces an important reason for the continued attachment of the peoples of the South to their religious universe This book puts the two regions and their scholarly norms in conversation with one another exploring the social political cultural and economic implications **Sick Religion or Healthy Faith?** Ryan

Ahlgrim, 2016-05-10 Is it time to get rid of religion Not so fast says Ryan Ahlgrim It s time for us to define and demand healthy faith Despite the dysfunction and divisiveness seen too often in religion we continue to need a community of love and we yearn for a transcendent encounter that can heal us So instead of abandoning religion Ahlgrim outlines twelve characteristics of a healthy religious community and describes what a healthy Christian community of faith believes and practices Along the way he reveals the power of story the genius of Jesus and the path to wholeness In the end we are faced with the most daring and fulfilling choice of all to embrace a community of love that trusts in God **A Pragmatic**

Approach to Religion And Sustainability Deepanjali Mishra, Jeffery D Long, 2024-09-20 This volume outlines various religious practices followed across the global south and highlights their correlation to sustainability It features more than 30 chapters from scholars across diverse disciplines including philosophy economics ethics theology sociology ritual studies and education The interdisciplinary volume mines religious rituals and practices for answers that could aid and alleviate unsustainable lifestyles Delving deep into the cultural practices of tribal religions in India the book highlights humanistic elements to establish sustainable ways of thinking feeling acting and being Including perspectives from Buddhism Judaism Hinduism Christianity and tribal religious traditions this book is a must for scholars interested in sustainability and religion in the global south **The Transformation of American Religion** Amanda Porterfield, 2001-04-05 As recently as a few

decades ago most people would have described America as a predominantly Protestant nation Today we are home to a colorful mix of religious faiths and practices from a resurgent Catholic Church and a rapidly growing Islam to all forms of Buddhism and many other non Christian religions How did this startling transformation take place A great many factors contributed to this transformation writes Amanda Porterfield in this engaging look at religion in contemporary America Religious activism disillusionment with American culture stemming from the Vietnam war the influx of Buddhist ideas a heightened consciousness of gender and the vastly broadened awareness of non Christian religions arising from the growth

of religious studies programs all have served to undermine Protestant hegemony in the United States But the single most important factor says Porterfield was the very success of Protestant ways of thinking emphasis on the individual s relationship with God tension between spiritual life and religious institutions egalitarian ideas about spiritual life and belief in the practical benefits of spirituality Distrust of religious institutions for instance helped fuel a religious counterculture the tendency to define spiritual truth against the dangers or inadequacies of the surrounding culture and Protestantism s pragmatic view of spirituality played into the tendency to see the main function of religion as therapeutic For anyone interested in how and why the American religious landscape has been so dramatically altered in the last forty years *The Transformation of Religion in America* offers a coherent and persuasive analysis [Cumulative List of Organizations Described in Section 170 \(c\) of the Internal Revenue Code of 1954](#) United States. Internal Revenue Service,2001

The World's Religions Peter Clarke,Friedhelm Hardy,Leslie Houlden,Stewart Sutherland,2004-01-14 Gives an account of the history the theological basis the practice and the current state of the study of religion and religions throughout the world Combines a clear and non technical style of presentation with a structure and range of contributions which reflect the richness and complexity of religion itself of the religions of the world and the study of religions Comprehensive index bibliographies and suggestions for further reading Intriguing philosophical questions are raised about the nature of religion and the qualities needed for studying it Times Higher Education Supplement Excellent book remarkably successful impressive as much for the sheer scale of the undertaking as for its consistent standard of analysis It is a fine achievement which will serve both as a very suitable textbook for students and a reliable guide to the state of scholarship in the History and Study of Religions Heythrop Journal

Resilient Faith Gerald L. Sittser,2019-10-15 In our Western post Christendom society much of Christianity s cultural power privilege and influence has eroded But all is not lost says bestselling author Gerald Sittser Although the church is concerned and sobered by this cultural shift it is also curious and teachable Sittser shows how the early church offers wisdom for responding creatively to the West s increasing secularization The early Christian movement was surprisingly influential and successful in the Roman world and so different from its two main rivals traditional religion and Judaism that Rome identified it as a third way Early Christians immersed themselves in the empire without significant accommodation to or isolation from the culture They confessed Jesus as Lord and formed disciples accordingly which helped the church grow in numbers and influence Sittser explores how Christians today can learn from this third way and respond faithfully creatively and winsomely to a world that sees Christianity as largely obsolete Each chapter introduces historical figures ancient texts practices and institutions to explain and explore the third way of the Jesus movement which surprising everyone changed the world *Hermeneutics of Mission in Matthew* B. A. Sarma,2015-03-31 The Gospel of Matthew is pivotal in scholarly discussion on the hermeneutical use of the Old Testament in the New In this publication Bitrus Sarma proposes that Matthew utilizes the Old Testament as a book of promise of God s salvific plan and

that Jesus is the fulfillment of that promise For Matthew God s purpose to save fallen humanity is the grand narrative of the Bible Using promise fulfillment as the interpretative framework for mission theology Sarma explores redemptive events and institutions geography prophetic ministry and intertextual typology *The Priority of Making Disciples* Danny Clymer, 2020-08-18 Those in the church and ministry are familiar with the Great Commission the call to go forth and make disciples However for many it isn t that easy in a world increasingly influenced by doubters and distractions Many Christian leaders may talk about it but few really do it Making disciples isn t a complicated program but a simple plan that comes only from Jesus Now a diverse group of pastors representing urban and rural communities secular and Christian areas as well as diverse multicultural backgrounds and all known for successfully making new disciples have gathered these sermons to encourage others to be disciple makers too Discover How Jesus practiced the Great Commission before He ever preached it Why discipleship begins with a whole life understanding of worship When disciple making gets confused with church growth efforts These and countless other insights will help guide you in a faithful deliberate effort to fulfill the Great Commission no matter where you live or what communities in which you minister Included in the book are The sermon texts and their outline formats 12 study guides one for each sermon that can be used in small group or one on one settings in the week following the preaching of the sermon A final appendix providing a self evaluation tool that helps each person being discipled to evaluate the progress they are making in their walk with Christ Select Notes Francis Nathan Peloubet, 1904 Select Notes Mary Abby Thaxter Peloubet, 1904 **Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1986** , 1992
