Faith Myth And Reason In Han China:

Faith, Myth, and Reason in Han China Michael Loewe, 2005-01-01 In his classic study of the cultural history of Han China Michael Loewe uses both archaeological discoveries and written records to sketch the conceptual background of various artifacts of the Han period and shows how ancient Chinese thought is as much informed by mythology as it is dependent on reason Originally published as *Chinese Ideas of Life and Death* Faith Myth and Reason in the Han Period 202 BC AD 220 this edition includes a new Preface that discusses relevant discoveries made since the first publication and an updated list of other works on relevant topics

Chinese Ideas of Life and Death Michael Loewe, 2018-09-03 Many of the basic characteristics of Imperial China took shape during the Han period 202 BC AD 220 This book first published in 1982 is a key contribution to our understanding of China's cultural history It explains the conceptual background of many of the artefacts of China's past and calls on the written word of the philosopher poet and historian and on cultural treasures revealed by archaeologists

The Cambridge History of China: Volume 1, The Ch'in and Han Empires, 221 BC-AD 220 Denis Crispin Twitchett, John King Fairbank, 1978 The Cambridge history of China general editors Denis Twitchett v 13

Divination, Mythology and Monarchy in Han China Michael Loewe, 1994-09-15 Chinese empires were established by force of arms but sustained by religious rites and intellectual theory The four centuries from 206 BC to AD 220 witnessed major changes in the state cults and the concepts of monarchy while various techniques of divination were used to forecast the future or to solve immediate problems Michael Loewe examines these changes and the links between religion and statecraft While both mythology and the traditions nurtured by the learned affected the concept and practice of monarchy throughout the period the political and social weaknesses of the last century of Han rule bring into question the success that was achieved by the imperial ideal Nevertheless that ideal and its institutions were of prime importance for the understanding of Han times and for the influence they exercised on China's later dynasties

Everyday Life in Early Imperial China During the Han Period, 202 BC-AD 220 Michael Loewe, 2005-01-01 Considers the important aspects of life during the Han period when the foundations were laid for the chief political economic cultural and social structures that would characterise imperial China

Divination and Prediction in Early China and Ancient Greece Lisa Raphals, 2013-10-17 This book compares the intellectual and social history and past and present contexts of mantic practices divination in Chinese and Greek antiquity

China's Early Empires Michael Nylan, Michael Loewe, 2010-11-04 Shows how recent archaeological discoveries have enriched our perception of the cultural history of China in the Classical era

Aquinas and the Early Chinese Masters Joshua Brown, Joshua R. Brown, 2024 Aquinas and the Early Chinese Masters lays intellectual foundations for the integration of Chinese philosophy into Catholic theology Although Catholic theology in Chinese contexts has drawn upon Chinese philosophical concepts few have attempted to develop a rigorous systematic approach to testing what in the Chinese philosophical traditions can be fruitful or unfruitful for Catholic theological

expression This book attempts to model such an approach by engaging classical Chinese philosophy with the mind and spirit of St Thomas Aquinas who read Aristotle and other pagan philosophers with both charitable appreciation and a firm critical eye It applies this Thomistic lens through concrete comparative engagements with three main representatives of early Chinese philosophy Mencius Mengzi Xunzi and Mozi In each chapter the book presents Aquinas thought as an evaluative frame for perceiving how Chinese philosophical commitments and concepts do or do not seem fit for adoption into Catholic theological science Following the general structure of the Summa theologiae the book is comprised of six chapters touching on the doctrine of God morality and Christology The first two chapters engage Confucian master Mengzi s notion of Heaven Tian and then the Mohist doctrine of Heaven s Will Tian zhi Chapter three provides a Thomistic assessment of the two main positions in the classical Confucian debate on the goodness of man s moral nature renxing Chapter four compares Aquinas account of charity and Mozi s doctrine of universal love jian ai Chapter 5 offers a Thomistic assessment of the possibility of understanding Christ in terms of Xunzi s sage shengren Finally Chapter 6 explores Christ as a moral teacher by putting Aquinas reading of Matt 8 21-22 into conversation with Confucian ethics of filial virtue

Body Talk in the Medical Humanities Jennifer Patterson, Francia Kinchington, 2019-10-28 This exciting book draws on the insight and experience of 21 medical practitioners and researchers in the wider field of the medical humanities to ask fundamental questions related to illness bodily experience the experience and role of medical and healthcare professionals and the contribution of language and communication to enable understanding It opens up a range of conversations reflections and research to present an innovative approach to the field of body studies investigating complex questions that are associated with self and body and medical and healthcare professionals who work with bodies that are ill Areas of pain disability vulnerability life experienced through chronic conditions and the insights of listening to the ill and the dying are examined within the individual contributions The chapters explore a range of key spaces gaps and tensions between talk and bodies from embodied experiences and patient doctor relationships to negotiating institutional constraints and reading looking and enacting as methods of improving intersubjective relational and ethical practices

The West As the Other Wang Mingming, 2014-01-14 Long before the Europeans reached the East the ancient Chinese had elaborate and meaningful perspectives of the West In this groundbreaking book Wang explores their view of the West as other by locating it in the classical and imperial China leading the reader through the history of Chinese geocosmologies and worldscapes Wang also delves into the historical records of Chinese world activities journeys that began from the Central Kingdom and reached towards the outer regions Such analysis helps distinguish illusory geographies from realistic ones while drawing attention to their interconnected natures Wang challenges an extensive number of critical studies of Orientalist narratives including Edward Said s Orientalism and reframes such studies from the directionological perspectives of an imperial civilization Most significantly the author offers a fundamental reimagining of the standard concept of the other with critical implications not

only for anthropology but for philosophy literature history and other interrelated disciplines as well *Genghis Khan and Mongol Rule* George Lane,2009-01-01 Spawning an empire ranging from Persia to China Genghis Khan united a nomadic warrior culture that had lived with their agrarian neighbors through controlled and limited extortion This accessible book provides an introduction to the history and culture of the Steppe people from which Genghis Khan emerged and chronicles the events that led to his being named the Great Khan Also included are sixteen biographical sketches a wealth of annotated primary documents five maps an annotated timeline a glossary an annotated bibliography and several illustrations

Chinese Annals in the Western Observatory Edward Shaughnessy,2019-11-18 Since the beginning of the twentieth century hundreds of thousands of documents of all sorts have been unearthed in China opening whole new fields of study and transforming our modern understanding of ancient China While these discoveries have necessarily taken place in China Western scholars have also contributed to the study of these documents throughout this entire period This book provides a comprehensive survey of the contributions of these Western scholars to the field of Chinese paleography and especially to study of oracle bone inscriptions bronze and stone inscriptions and manuscripts written on bamboo and silk Each of these topics is provided with a comprehensive narrative history of studies by Western scholars as well as an exhaustive bibliography and biographies of important scholars in the field It is also supplied with a list of Chinese translations of these studies as well as a complete index of authors and their works Whether the reader is interested in the history of ancient China ancient Chinese paleographic documents or just in the history of the study of China as it has developed in the West this book provides one of the most complete accounts available to date **Bing: From Farmer's Son to Magistrate in Han**

China Michael Loewe,2011-09-15 Much is known of life during the Han Empire but the historical evidence remains fragmentary and nowhere do we find a continuous account of the life of any one individual In this engaging volume Michael Loewe mines the written and material records to depict the imagined life of an ordinary person Bing Wu from the hardships of his earliest years on a rural farm to his retirement from a respected position in government service Underlying the tale of Bing is a richly detailed portrait of life during the Han the arduous tasks of the conscript laborer military service on the defense lines of the north the travels of a merchant the grueling conditions in an iron foundry the construction of tombs preparations for entering the civil service the duties of a junior clerk and the governing of a commandery Along the way we are introduced to the operation of a crossbow methods of telling time the practice of writing the rituals of divination the ceremony of a state occasion laws and the harsh consequences of breaking them the workings of the central government and much more Included are a concise introduction explanatory endnotes to each chapter a selection of illustrations a map of the Han Empire notes for further reading and an essay by Loewe entitled A Brief History of the Han Empire **China** Cho-yun Hsu,2012-06-19 An internationally recognized authority on Chinese history and a leading innovator in its telling Cho yun Hsu constructs an original portrait of Chinese culture Unlike most historians Hsu resists centering his narrative on China s

political evolution focusing instead on the country's cultural sphere and its encounters with successive waves of globalization. Beginning long before China's written history and extending through the twentieth century, Hsu follows the content and expansion of Chinese culture, describing the daily lives of commoners, their spiritual beliefs and practices, the changing character of their social and popular thought, and their advances in material culture and technology. In addition to listing the achievements of emperors, generals, ministers, and sages, Hsu builds detailed accounts of these events and their everyday implications. Dynastic change, the rise and fall of national ambitions, and the growth and decline of institutional systems take on new significance through Hsu's careful research, which captures the multiple strands that gave rise to China's pluralistic society. Paying particular attention to influential relationships occurring outside of Chinese cultural boundaries, he demonstrates the impact of foreign influences on Chinese culture and identity and identifies similarities between China's cultural developments and those of other nations.

China John King Fairbank, Merle Goldman, 2006-04-30 A broad history of China covering the period from the earliest archaeological records to the present. Updated by Merle Goldman from the original 1992 edition in order to include the reforms in the post Mao period through the early years of the twenty-first century, including the leadership of Hu Jintao. She also provides an epilogue discussing the changes in contemporary China that will shape the nation in the years to come.

Daily Life in Ancient China Mu-chou Poo, 2018-06-21 In this volume, Mu-chou Poo offers a new overview of daily life in ancient China. Synthesizing a range of textual and archaeological materials, he brings a thematic approach to the topic that enables a multi-faceted understanding of the ideological, economical, legal, social, and emotional aspects of life in ancient China. The volume focuses on the Han period and examines key topics such as government organization and elite ideology, urban and country life, practical technology, leisure and festivity, and death and burial customs. Written in clear and engaging prose, this volume serves as a useful introduction to the culture and society of ancient China. It also enables students to better understand the construction of history and to reflect critically on the nature of historical writing.

Qian Qianyi's Reflections on Yellow Mountain Stephen McDowall, 2009-01-01 Qian Qianyi's *Reflections on Yellow Mountain* is a close examination of travel writing in seventeenth-century China, presenting an innovative reading of the youji genre. Taking the *Account of My Travels at Yellow Mountain* by the noted poet, official, and literary historian Qian Qianyi (1582-1664) as his focus, Stephen McDowall departs from traditional readings of youji by reading the landscape of Qian's essay as the product of a complex representational tradition rather than as an empirically verifiable space. Drawing from a broad range of materials, including personal anecdotes, traditional cosmographical sources, gazetteers, Daoist classics, paintings, and woodblock prints, this book explores the fascinating world of late Ming Jiangnan, highlighting the extent to which this one scholar's depiction of Yellow Mountain is informed not so much by first-hand observation as by the layers of meaning left by generations of travelers before him. McDowall includes the first complete English language translation of Qian Qianyi's account and presents the first full-length critical study to appear in any

language The ideas explored here make this book essential reading for scholars and students of late imperial Chinese history and literature and also offer thought provoking new insights for anyone interested in travel writing human geography the sociology of tourism and visual culture

Considering the End: Mortality in Early Medieval Chinese Poetic

Representation Timothy Wai Keung Chan, 2012-05-11 This book focuses on the representation of human mortality in medieval Chinese literature This theme is observed and reconstructed through analysis of the work of eminent writers of the period texts that have never been examined from an eschatological perspective

Vanishing into Things Barry

Allen, 2015-04-07 Barry Allen explores the concept of knowledge in Chinese thought over two millennia and compares the different philosophical imperatives that have driven Chinese and Western thought Challenging the hyperspecialized epistemology of modern Western philosophy he urges his readers toward an ethical appreciation of why knowledge is worth pursuing

Chang'an 26 BCE Michael Nylan, Griet Vankeerberghen, 2014-12-01 During the last two centuries BCE the Western Han capital of Chang'an near today's Xi'an in northwest China outshone Augustan Rome in several ways while administering comparable numbers of imperial subjects and equally vast territories At its grandest during the last fifty years or so before the collapse of the dynasty in 9 CE Chang'an boasted imperial libraries with thousands of documents on bamboo and silk in a city nearly three times the size of Rome and nearly four times larger than Alexandria Many reforms instituted in this capital in late Western Han substantially shaped not only the institutions of the Eastern Han 25-220 CE but also the rest of imperial China until 1911 Although thousands of studies document imperial Rome's glory until now no book-length work in a Western language has been devoted to Han Chang'an the reign of Emperor Chengdi whose accomplishments rival those of Augustus and Hadrian or the city's impressive library project 26-6 BCE which ultimately produced the first state-sponsored versions of many of the classics and masterworks that we hold in our hands today Chang'an 26 BCE addresses this deficiency using as a focal point the reign of Emperor Chengdi c. 33-7 BCE specifically the year in which the imperial library project began This in-depth survey by some of the world's best scholars Chinese and Western explores the built environment sociopolitical transformations and leading figures of Chang'an making a strong case for the revision of historical assumptions about the two Han dynasties A multidisciplinary volume representing a wealth of scholarly perspectives the book draws on the established historical record and recent archaeological discoveries of thousands of tombs building foundations and remnants of walls and gates from Chang'an and its surrounding area
