Faith Of Our Fathers A Study Of Irish Nationalism:

Faith of Our Fathers Richard C. Allen, Joan Allen, 2009-03-26 The study of popular culture has been an abiding preoccupation of historians and other academics not just in the British Isles but elsewhere too This volume of essays explores the manifestations of popular culture and belief in England Ireland and Wales from the Reformation onwards As an interdisciplinary collection it brings together specialists in English Literature History Celtic and Religious Studies It offers new insights thematically via a selection of diverse contributions The nexus between religion and popular culture links the contributions together while the geographical spread of the topic facilitates a dynamic comparative methodology What emerges from these explorations of rites of passage festivals revivalism print culture and gender is the remarkable resilience of popular culture and the extent to which all levels of society were prepared to compromise *The Lost Revolution* Brian Hanley, Scott Millar, 2009-09-03 The story of contemporary Ireland is inseparable from the story of the official republican movement a story told here for the first time from the clash between Catholic nationalist and socialist republicanism in the 1960s and 70s through the Workers Party's eventual rejection of irredentism A roll call of influential personalities in the fields of politics trade unionism and media many still operating at the highest levels of Irish public life passed through the ranks of this secretive movement which never achieved its objectives but had a lasting influence on the landscape of Irish politics A vibrant balanced narrative Diarmaid Ferriter Irish Times Books of the Year An indispensable handbook Maurice Hayes Irish Times Hugely impressive Irish Mail on Sunday Excellent Sunday Business Post **Culture in History** Joseph Melling, 1992 This volume of interdisciplinary essays brings together leading academics from the fields of history economic history politics and sociology to review and take forward a series of debates on the role of culture in social explanation The book is aimed at those involved in cultural studies but is particularly concerned with the relationship between the economic and the cultural The contributors suggest that the boundaries of production and consumption are themselves cultural constructs formed by changing conceptions of economic and cultural explanation but offer very different approaches to resolving the problems created by this Perspectives On Irish Nationalism Thomas E. Hachey, Lawrence J. McCaffrey, 2021-03-17 Perspectives on Irish Nationalism examines the cultural political religious economic linguistic folklore and historical dimensions of the phenomenon of Irish nationalism Its essayists are among the most distinguished Irish studies scholars Their essays include a comprehensive analysis of the tapestry of Irish nationalism and focused studies that often challenge myths pieties and the scholarly consensus Thomas E Hachey is Professor of Irish Irish American and British history and Chair of the department at Marquette University He wrote Britain and Irish Separatism From the Fenians to the Free State 1807 1922 1977 coauthored and edited The Problem of Partition Peril to World Peace 1972 coedited Voices of Revolution Rebels and Rhetoric 1972 and edited Anglo Vatican Relations 1919 1937 Confidential Annual Reports of the British Ministers to the Holy See and Confidential Dispatches Analyses of American by the British Ambassador 1939 45 1974

Lawrence J McCaffrey is Professor of Irish and Irish American History at Loyola University of Chicago. He has published a number of articles and books including *Daniel O Connell and the Repeal Year 1966*, *The Irish Question 1800-1922*, *1968 The Irish Diaspora in America* (1976) and coauthored *The Irish in Chicago* (1987). *Musical Culture and the Spirit of Irish Nationalism, 1848-1972* (Richard Parfitt, 2019-08-19) is the first comprehensive history of music's relationship with Irish nationalist politics. Addressing rebel songs, traditional music and dance, national anthems and protest song, the book draws upon an unprecedented volume of material to explore music's role in cultural and political nationalism in modern Ireland. From the nineteenth century Young Irelanders, the Fenians, the Home Rule movement, Sinn Féin and the Anglo-Irish War to establishment politics in independent Ireland and civil rights protests in Northern Ireland, this wide-ranging survey considers music's importance and its limitations across a variety of political movements.

A New History of Ireland, Volume VI (W. E. Vaughan, 2010-04-01) is the largest scholarly project in modern Irish history. In 9 volumes, it provides a comprehensive new synthesis of modern scholarship on every aspect of Irish history and prehistory from the earliest geological and archaeological evidence through the Middle Ages down to the present day. Volume VI opens with a character study of the period followed by ten chapters of narrative history and a study of Ireland in 1914. It includes further chapters on the economy, literature, the Irish language, music, arts, education, administration and the public service and emigration.

Fathers and Sons at the Abbey Theatre (1904-1938) (Fabio Luppi, 2018-03-15) demonstrates how the literary archetype of the clash between fathers and sons and the subsequent depiction of anti-oedipal figures become a major concern for the playwrights writing in a specific and crucial moment of Irish history, 1904-1938. The father can be conceived both as a historical-political metaphor as well as a real father in a specific historical and social context. The classical models employed as theoretical tools to nuance the argument—Laius and Oedipus, Ulysses and Telemachus, Aeneas and Anchises, Priam and Hector, Hector and Astyanax—are challenged by the Christian example of Abraham and Isaac, subversively adjusted by Yeats to provide a tragic reading of post-colonial Ireland. All of these pairings provide archetypes for the understanding of complex personal and familial dynamics. The book takes into consideration not only the most famous figures of the Irish National Theatre as W. B. Yeats, J. M. Synge, Augusta Gregory and Sean O'Casey but also overlooked authors such as T. C. Murray, Padraic Colum, Paul Vincent Carroll, Lennox Robinson, Denis Johnston, George Shiels, St. John Ervine, Teresa Deevy. Many commentators have written about the playwrights of the Abbey Theatre, mainly focusing on politics, social classes, Irish identity, cultural issues and linguistic aspects; no thorough analysis of the clash between generations has been published so far. Those who have tackled the issue have devoted their attention to a single author or to a single aspect; this study aims to demonstrate that the repeated occurrence of anti-oedipal figures and of the archetype of the clash between fathers and sons, a clear manifestation of the need of emancipation from oppressive authorities and of change in Irish society, must be read as a common phenomenon and as a shared concern.

The book is written for people interested in Irish studies post colonial studies and theatre studies

The Dynamics of Conflict in Northern Ireland Joseph Ruane, Jennifer Todd, 1996-11-13 This book offers a uniquely comprehensive account of the conflict in Northern Ireland providing a rigorous analysis of its dynamics and present structure and proposing a new approach to its resolution It deals with historical process communal relations ideology politics economics and culture and with the wider British Irish and international contexts It reveals at once the enormous complexity of the conflict and shows how it is generated by a particular system of relationships which can be precisely and clearly described The book proposes an emancipatory approach to the resolution of the conflict conceived as the dismantling of this system of relationships Although radical this approach is already implicit in the converging understandings of the British and Irish governments of the causes of conflict The authors argue that only much more determined pursuit of an emancipatory approach will allow an agreed political settlement to emerge
