

WHAT

The Oneness of the Church

All Christians are called to be one in Christ and to seek opportunities for common witness and service.

Open Communion

The Lord's Supper, or Communion, is celebrated in weekly worship and it is open to all at the invitation of Jesus Christ.

The Ministry of Believers

Both ministers and lay persons lead in worship, service and spiritual growth.

Men, Women and Youth are encouraged to serve in all facets of congregational life.

DISCIPLES

Baptism by Immersion

In baptism, the old self-centered life is set aside, washed away, and a new life of trust in God begins. Although Disciples practice baptism by immersion, other baptism traditions are honored.

The Bible

God's Word of love and reconciliation, equipping the Church with direction in mission and spiritual food for each person's growth and maturity in the Christian faith.

Freedom of Belief

As Disciples, we are called together around two essentials of faith: a belief in Jesus Christ as our Lord and Savior, and that Christians are free to follow their conscience guided by Bible study, the Holy Spirit and prayer. Therefore, we seek to extend both that belief and that very same freedom to others.

Faith Of The Christian Church:

The Faith of the Christian Church Gustaf Aulén,1960 *The Christian Faith* Friedrich Schleiermacher,1999-01-11 The classic work of Christian theology which seeks to present the Christian faith in its entirety Schleiermacher was equally at home in the theological systems of Protestant orthodoxy and the new world of thought shaped by the historical and natural sciences and German philosophy He follows a confident course through the entire range of themes in dogmatics but leaves both the dogmatic task and the individual themes transformed by a powerful and original mind A new foreword by B A Gerrish summarises the dogmatic goals of *The Christian Faith* and corrects some common misreadings of his work

Understanding the Faith of the Church Richard Alfred Norris,1979 **A Concise History of the Christian Church, from Its First Establishment to the Present Time** George Gregory,Martin Ruter,1834 *A General History of the Christian Church ...* Joseph Priestley,1803 *Knowing Our Faith* Justo L. González,2019-03-12 I do not hope to convince you so that you will believe That is to be left to the Holy Spirit I write to you because you share the faith by which I live I write so that you may share my joy in seeking to understand better this truth that our hearts believe and love In *Knowing Our Faith* Justo González introduces the Christian faith in direct contemporary language that does not assume prior knowledge While recognizing the existence of various denominations and theological positions González focuses on the core faith of the Christian church through the centuries Covering all the key topics revelation God Jesus Christ the Spirit the church Christian hope and others *Knowing Our Faith* is an ideal resource for both individual reading and small group study with questions for discussion included at the end of each short chapter This accessible resource will help readers understand the Christian faith better and more importantly live it better *Christianity Through the Centuries* Earle E. Cairns,2009-09-13 The third edition of *Christianity Through the Centuries* brings the reader up to date by discussing events and developments in the church into the 1990s This edition has been redesigned with new typography and greatly improved graphics to increase clarity accessibility and usefulness New chapters examine recent trends and developments expanding the last section from 2 chapters to 5 New photos Over 100 photos in all more than twice the number in the previous edition Single column format for greater readability and a contemporary look Improved maps 21 and charts 39 Building on the features that have made *Christianity Through the Centuries* an indispensable text the author not only explains the development of doctrines movements and institutions but also gives attention to the impact of Christianity on its times and to the mark of the times on Christianity **Interpreting Christian History** Euan Cameron,2008-04-15 This book explores the theological lessons to be learnt from 2000 years of Christian Church history An exploration of the theological lessons to be learnt from the difficult history of the Christian churches over the past 2 000 years Opens with an introductory essay on the whole of Church history making the book suitable for lay readers as well as students Combines historical historiographical and theological analysis Reunites the disciplines of theology and Church history Concludes that we can only ever perceive a facet of Christianity given

our historical and cultural conditioning Written by a distinguished Church historian **The Christian Religion in the Study and the Street** James Hope Moulton, 1919 **The Christian Church the Early Years** Richard Irwin Oxley, 2009-05-01

The sources of Christian church history the data on which we rely for our knowledge are partly divine partly human For the history of the apostolic age until about A D 68 or 69 we have the inspired writings of the Old and New Testaments But after the death of the apostles we have only human authorities which of course cannot claim to be infallible We will follow the chronological record of events for the early Christian Church including dates places and persons involved from the infancy of John the Baptist to the Death of John This is the period dating from B C 5 or 4 to the Death of The Apostle John which happened in a period between A D 98 100 We will also give a detailed account of the Jewish war which started in AD 66 and concluded in AD 73 This includes details of the destruction of the Temple in AD 70 **Primitive Piety Revived** Henry Clay Fish, 1855 *Science, History and Faith* Alan Richardson, 1950 **The History of the Christian Religion and Church During the Three First Centuries** August Neander, 1844 **Welcome to the Christian Faith** Christopher L. Webber, 2011-10-01 A foundational volume for seekers in formation programs and a refresher study volume for individuals and congregational study groups We live in a world increasingly separated from the Christian tradition and the basic understanding of the faith that previous ages might have taken for granted The voices of faith seem increasingly strident and off putting to many There is a need for a calmer basic introduction to faith that recognizes the value of doubt and the questions raised in a secular society A systematic introduction to Christianity for newcomers needs to begin with a discussion of faith itself and then move on to a discussion of such Christian basics as God Trinity Church sin atonement prayer and Christian living **Christianity and the Social Crisis** Walter Rauschenbusch, 1907 **The Christian Faith Personally Given in a System of Doctrine** Olin Alfred Curtis, 1905 *An American Religious Movement, a Brief History of the Disciples of Christ* Winfred Ernest Garrison, 1945 **A Treatise on the Church of Christ** William Palmer, 1841 **Of Faith and the Creed** St. Augustine St. Augustine of Hippo, 2015-11-20 The Christian Church has no shortage of revered figures and saints but it is difficult to find one that had a more decisive impact on the course of the Church's history than Augustine of Hippo Augustine was a bishop of Hippo Regius in Africa but his works sermons and writings helped hold the Church together even as the Western Roman Empire was in its death throes to the extent that every major branch of Christianity recognizes him today The Catholic Church has venerated him as a saint and a Doctor of the Church Orthodox Christians also consider him a saint and Protestants and Calvinists cite him as one of the fathers and inspirations of the Protestant Reformation In many respects Augustine has provided the theological bedrock for Christians for nearly 1600 years and as theologian John Leith noted in 1990 Augustine the North African of Berber descent is today the spiritual father of multitudes who are remote indeed from him racially politically and culturally Of Faith and the Creed in its original form was a discourse which Augustine when only a presbyter was requested to deliver in public by the bishops assembled at the Council of Hippo Regius and that it was

subsequently issued as a book at the desire of friends The general assembly of the North African Church which was thus convened at what is now Bona in the modern territory of Algiers took place in the year 393 A D and was otherwise one of some historical importance on account of the determined protest which it emitted against the position elsewhere allowed to Patriarchs in the Church and against the admittance of any more authoritative or magisterial title to the highest ecclesiastical official than that of simply Bishop of the first Church prim sedis episcopus The work constitutes an exposition of the several clauses of the so called Apostles Creed The questions concerning the mutual relations of the three Persons in the Godhead are handled with greatest fullness in connection with which especially in the use made of the analogies of Being Knowledge and Love and in the cautions thrown in against certain applications of these and other illustrations taken from things of human experience we come across sentiments which are also repeated in the City of God the books on the Trinity and others of his doctrinal writings *Healing in the History of Christianity* Amanda Porterfield, 2005-08-25 Amanda Porterfield offers a survey of ideas rituals and experiences of healing in Christian history Jesus himself performed many miracles of healing and Christians down the ages have seen this as a prominent feature of their faith Indeed healing is one of the most constant themes in the long and sprawling history of Christianity Changes in healing beliefs and practices offer a window into changes in religious authority church structure and ideas about sanctity history resurrection and the kingdom of God Porterfield chronicles these changes at the same time shedding important new light on the universality of religious healing Finally she looks at recent scientific findings about religion s biological effects and considers the relation of these findings to ages old traditions about belief and healing
