Reading the Bible in an Age of Crisis Bruce Worthington, 2015-08-03 We live in an age in which economic ecological and political crises are not the exception but the rule The Cold War polarities that shaped an earlier political exegesis have been replaced increasingly crisis is the engine of a global turbo capitalism Here biblical scholars and activists describe and exemplify the shape of a biblical interpretation that takes contemporary crisis seriously Succinct opening essays summarize the salient aspects of our critical situation in later parts contributions address themes of economic political and environmental crisis in dialogue with biblical texts

The Spirit and the Salvation of the Urban Poor Brandon Kertson, 2019-11-15 Poverty What is it good for Absolutely nothing

Still poverty is an ever present reality even in so called first world nations like the United States If the Holy Spirit is the member of the Trinity that is ever present in our world perhaps the Spirit can be a resource to address poverty In this pneumatological theology of poverty Brandon Kertson explores the current state of poverty in the United States arguing its complexities also require complex answers demanding a pneumatological approach that has yet to be offered Using Renewal theology and pneumatology Kertson develops a pneumatological four fold gospel based on Jesus pneumatic declaration of Luke 4 He explores how the Spirit addresses poverty through Jesus and the historic and global church and how we can begin to address poverty through the Spirit today The Spirit as savior baptizer healer and entelechy of the kingdom lays the foundation for a holistic response to the complex problem of poverty in our country **Spirituality & Social Action** Andy Harris,2020-04-17 Spirituality Social Action is written for people who identify themselves as spiritual but not religious turned off by organized religion yet having an innate sense of a higher power We live in fraught and challenging times and the key to a better future is through faith in a loving just and merciful God The book explores the teachings and activism of Jesus in the context of today s needs for social justice and reconciliation *Social Ethics in the Making* Gary Dorrien,2009-03-25 In the early 1880s proponents of what came to be called the social gospel founded what is now known as social ethics This ambitious and magisterial book describes the tradition of social ethics one that began with the distinctly modern idea that Christianity has a social ethical mission to transform the structures of society in the direction of social justice Charts the story of social ethics the idea that Christianity has a social ethical mission to transform society from its roots in the nineteenth century through to the present day Discusses and analyzes how different traditions of social ethics evolved in the realms of the academy church and general public Looks at the wide variety of individuals who have been prominent exponents of social ethics from academics and self styled public intellectuals through to pastors and activists Set to become the definitive reference guide to the history and development of social ethics Recipient of a CHOICE Outstanding Academic Title for 2009 award The Other Evangelicals Isaac B. Sharp,2023-04-18 What s the first thing that comes to mind when you hear evangelical For many the answer is white patriarchal conservative or fundamentalist but as Isaac B Sharp reveals the big tent of evangelicalism has historically been much bigger than we ve been led to believe In *The Other Evangelicals* Sharp brings to light the stories of those twentieth century evangelicals who didn t fit the mold including Black feminist progressive and gay Christians Though the binary of fundamentalist evangelicals and modernist mainline Protestants is taken for granted today Sharp demonstrates that fundamentalists and modernists battled over the title of evangelical in post World War II America In fact many ideologies characteristic of evangelicalism today such as biblical womanhood and political conservatism arose only in reaction to the popularity of evangelical feminism and progressivism Eventually history was written by the winners the Billy Grahams of American religion while the losers were expelled from the movement via the establishment of institutions such as the National Association of Evangelicals Carefully researched and deftly written The

Other Evangelicals offers a breath of fresh air for scholars seeking a more inclusive history of religion in America Q Spirit Top 23 LGBTQ Christian Books List 2023 *An Ethic of Hospitality* Emily Jeptepkeny Choge, 2020-07-30 In our increasingly xenophobic world countries are turning away refugees and immigrants Based on the situation in Kenya this book offers a countercultural ethic of hospitality and welcome to the stranger an ethic fraught with dangers and yet filled with great opportunities for transforming our world Drawing on the scriptural pilgrim motif and specifically on the book of Hebrews this study paints a picture of refugees not only as needy strangers to be herded into camps but as brothers and sisters who bring with them treasures and talents that can enrich our understanding of our Christian identity and mission as pilgrims in the world The hospitality practice seen in Hebrews offers hope and promise not only for refugees themselves but also for the pilgrim church Like the ancient heroes of faith portrayed in Hebrews we too live as pilgrims and aliens who await with hope the city whose architect and founder is God Refugees in fact teach us how to live our pilgrim identity they become teachers not only for the church in Kenya but also for the body of Christ worldwide **God and Alcoholism** Dick B., 2002 This book traces A A s real Bible based pioneer program It highlights the early view that relief from alcoholism and addictions can be obtained and a cure received by turning to God The author discloses his own recovery and deliverance within the rooms of A A and applauds the great and unique role of the society during the 20th Century *Conversations on the Porch* Beth Lindsay Templeton, 2011-11-17 Author Beth Lindsay Templeton originally created her screened porch as a sanctuary for herself With its shabby furniture potted flowers and tinkling wind chimes the porch soon became a haven not only for her but also for other women who craved a sacred refuge to nurture their spirits It is in this way that powerful conversations with thirty women from the Bible came to Templeton s pen these women gracefully share their stories of faith so others might listen anew in their own worlds As different women visit Templeton on her porch Scriptures come alive in fresh and insightful ways The conversations she shares with Eve Huldah Mary Lydia and others not only address issues of women and of the world in general but also demonstrate that biblical women s stories and insights are as vital and important today as they were when their stories were first told Conversations center on such common challenges as blame forgiveness grief joy conflict sacrifice trust hope courage wisdom and above all living in the power of God s love and grace *Conversations on the Porch* shares the refreshing and courageous voices of ancient women as they encourage others to embrace life as a child of God and continue the inspiring conversations **Always with Us?** Liz Theoharis, 2017-04-21 A strong theological call for ending the abomination of systemic poverty Jesus s words the poor you will always have with you Matthew 26:11 are regularly used to suggest that ending poverty is impossible that poverty is a result of moral failures and that the poor themselves have no role in changing their situation In this book Liz Theoharis examines both the biblical text and the lived reality of the poor to show how that passage is taken out of context distorted and politicized to justify theories about the inevitability of inequality Theoharis reinterprets the poor you will always have with you to show that it is actually one of the strongest biblical

mandates to end poverty She documents stories of poor people themselves organizing to improve their lot and illuminates the implications for the church Poverty is not inevitable Theoharis argues It is a systemic sin and all Christians have a responsibility to partner with the poor to end poverty once and for all **Prophetic Politics** David S.

Guterman,2018-07-05 In an era of military conflict and economic hardship religious and political leaders adamantly speak in the language of crisis Whether one attributes this public religious fervor to a response to the attacks of September 11 2001 millennial hopes and fears a sense of moral decay generally based on either growing economic inequality or the breakdown of the American family or a sign of the normal progression of the stages of history the discourse of religious revival is increasingly prominent And as is amply evident in the United States and throughout the world devout declarations of religious belief in the public sphere can bring intractable passions to politics from Chapter 1 What are the relationships among religion politics and narratives What makes prophetic political narratives congenial or hostile to democratic political life David S Guterman explores the prophetic politics of four twentieth and twenty first century American Christian social movements the Reverend Billy Sunday and his vision of muscular Christianity Dr Martin Luther King Jr and the Civil Rights movement the conservative Christian male organization Promise Keepers and the progressive antipoverty organization Call to Renewal Guterman develops a theory based on the work of Hannah Arendt and others and employs this framework to analyze expressions of the prophetic impulse in the political narrative of the United States In the process he examines timely issues about the tense and intricate relationship between religion and politics Even prior to George W Bush s faith based initiative debates about abortion family values welfare reform and environmental degradation were informed by religious language and ideas In an interdisciplinary and accessible manner Guterman translates the narratives employed by American Christian social movements to define both the crises in the land and the path to resolving these crises The book also explores the engagement of these prophetic social movements in contentious political issues concerned with sex gender sexuality race and class as well as broader questions of American identity Integrating Spirit and Psyche Mary Pat Henahan,Harold G

have known the sacred place of exile are uniquely qualified to form a women s mission The case is made for a momentum shift in missiological thinking There is a desperate and aching need for a women s mission which could lead the way to a women s missionary movement The emergence of such a mission movement is indeed fraught with skepticism and suspicion from many of those inside the church and leaders in the missionary world But the radical disruptive costly following of Jesus to those outside the camp is our calling
