Falaqueras Epistle Of The Debate An Introduction To Jewish Philosophy:

Metaphor and Imagination in Medieval Jewish Thought Dianna Lynn Roberts-Zauderer, 2019-12-12 This book reveals how Moses ibn Ezra Judah Halevi Moses Maimonides and Shem Tov ibn Falaquera understood metaphor and imagination and their role in the way human beings describe God It demonstrates how these medieval Jewish thinkers engaged with Arabic Aristotelian psychology specifically with regard to imagination and its role in cognition Dianna Lynn Roberts Zauderer reconstructs the process by which metaphoric language is taken up by the imagination and the role of imagination in rational thought If imagination is a necessary component of thinking how is Maimonides idea of pure intellectual thought possible An examination of select passages in the Guide in both Judeo Arabic and translation shows how Maimonides attitude towards imagination develops and how translations contribute to a bifurcation of reason and imagination that does not acknowledge the nuances of the original text Finally the author shows how Falaquera s poetics forges a new direction for thinking about imagination

A History of Jewish Philosophy in the Middle Ages Colette Sirat, 1990-11-30 Jewish medieval philosophy has formed the subject of much research over the past thirty years since the appearance of Gutmann s *Philosophies of Judaism* resulting in greater understanding and a new need for summation This important work now available in paperback aims to supply that need and devotes ample discussion to the major figures of the period like Saadiah Gaon Maimonides Abraham Ibn Ezra and Judah Halevi It also gives much attention to the discussion and presentation of texts by lesser known authors clustering around the greater men and movements

The Cambridge Companion to Medieval Jewish Philosophy Daniel H. Frank, Oliver Leaman, 2003-09-11 From the ninth to the fifteenth centuries Jewish thinkers living in Islamic and Christian lands philosophized about Judaism Influenced first by Islamic theological speculation and the great philosophers of classical antiquity and then in the late medieval period by Christian Scholasticism Jewish philosophers and scientists reflected on the nature of language about God the scope and limits of human understanding the eternity or createdness of the world prophecy and divine providence the possibility of human freedom and the relationship between divine and human law Though many viewed philosophy as a dangerous threat others incorporated it into their understanding of what it is to be a Jew This Companion presents all the major Jewish thinkers of the period the philosophical and non philosophical contexts of their thought and the interactions between Jewish and non Jewish philosophers It is a comprehensive introduction to a vital period of Jewish intellectual history

Medieval Jewish Philosophy and Its Literary Forms Aaron W. Hughes, James T. Robinson, 2019-07-11 This well written accessible essay collection demonstrates a maturation in Jewish studies and medieval philosophy Choice Too often the study of philosophical texts is carried out in ways that do not pay significant attention to how the ideas contained within them are presented articulated and developed This was not always the case The contributors to this collected work consider Jewish philosophy in the medieval period when new genres and forms of written expression were flourishing in the wake of renewed interest in ancient philosophy Many medieval Jewish philosophers were highly accomplished poets for example and made conscious efforts to write in a poetic style This volume turns attention to the connections that medieval Jewish thinkers made between the literary the exegetical the philosophical and the mystical to shed light on the creativity and diversity of medieval thought As they broaden the scope of what counts as medieval Jewish philosophy the essays collected here consider questions about how an argument is formed how text is put into the service of philosophy and the social and intellectual environment in which philosophical texts were produced

Jewish Socratic Questions in an Age without Plato Yehuda Halper, 2021-11-01 Winner of the 2022 Goldstein Goren Book Award from the Goldstein Goren International Center for Jewish Thought at Ben Gurion University of the Negev Yehuda Halper examines Jewish depictions of Socrates and Socratic questioning of the divine among European and North African Jews of the 12th 15th centuries Without direct access to Plato their understanding of Socrates is indirect based on legendary material on fragmentary quotations from Plato or on Aristotle Out of these sources Jewish authors of this period formed two distinct views of Socrates one as a wise ascetic monotheist and the other as a vocal skeptic The latter view has its roots in Plato's *Apology* where Socrates describes his divine mandate to question all knowledge including knowledge of the divine After exploring how this and similar questions arise in the works of Judah Halevi and the Hebrew Averroes Halper traces how such open questioning of the divine arises in the works of Maimonides Jacob Anatoli Gersonides and Abraham Bibago

Alfonso de la Torre's Visión Deleytable Luis Girón-Negrón, 2021-07-26 The sources content and fate of the 15th century allegorical fable *Visión Deleytable* are examined from three angles as a medieval compendium of religious philosophy as a major influence in Spanish literature and as an invaluable historical source on Jewish Christian interactions in medieval Spain The volume is divided into three sections The first part considers *Visión*'s didacticism within the Jewish and Christian frames of education in 15th century Spain The second part includes a review of *Visión*'s philosophical content as a comprehensive articulation of a rationalist *Weltanschauung* The final section traces its intriguing editorial fate and literary

Isaac Polqar - A Jewish Philosopher or a Philosopher and a Jew? Racheli Haliva, 2020-06-08 To date scholars have skilfully discussed aspects of Polqar's thought and yet none of the existing studies offers a comprehensive examination that covers Polqar's thought in its entirety This book aims to fill this lacuna by tracing and contextualizing both Polqar's Islamic sources al F r b Avicenna and Averroes and his Jewish sources Maimonides and Isaac Albalag The study brings to light three of Polqar's main purposes 1 seeking to defend Judaism as a true religion against Christianity 2 similarly to his fellow Jewish Averroists Polqar wishes to defend the discipline of philosophy By philosophy Polqar means Averroes interpretation of Aristotle As a consequence he offers an Averroistic interpretation of Judaism and becomes one of the main representatives of Jewish Averroism 3 defending his philosophical interpretation of Judaism From a social and political point of view Polqar's unreserved embrace of philosophy raised problems within the Jewish community he had to refute the Jewish traditionalists charge that he was a heretic led astray by philosophy The main objective guiding this study is that Polqar advances a systematic naturalistic interpretation of Judaism which in many cases does not agree with traditional Jewish views Haliva's lucid learned and incisive monograph on the thought of Isaac Polqar is the first comprehensive study devoted to this important but neglected fourteenth century Jewish Averroist It makes a significant contribution to our knowledge of post Maimonidean medieval Jewish philosophy Haliva convincingly shows that while Polqar claims to follow Maimonides he consistently pushes his thought in a more radical direction offering a severely naturalistic interpretation of Jewish religious principles and refusing to make any concessions to more traditional theological modes of thought Her study leads us to ask whether it is possible to uphold such an uncompromising philosophical and naturalistic reading of Judaism as that of Polqar that is whether it does justice to the Jewish religious principles it purports to interpret and enables us to maintain the authority of traditional Halakhah Lawrence J Kaplan McGill University Montreal Racheli Haliva's excellent book is the first comprehensive study of the philosophy of Isaac Polqar late thirteenth early fourteenth century Polqar emerges as a radical and creative thinker a fascinating link between the philosophy of Averroes and Maimonides and that of Spinoza Warren Zev Harvey Hebrew University of Jerusalem Haliva's groundbreaking book is the first comprehensive study of Polqar's intellectual world forged in the crucible of the late Middle Ages where Greco Arabic philosophy and the Maimonidean legacy meet inner Jewish and anti Christian polemics Polqar Haliva demonstrates was a formidable thinker in his own right who critically engages with Maimonides and Averroes At the same time he defends the Jewish faith as the only true religion of reason against Kabbalists and Jewish traditionalists and against his former teacher Abner of Burgos whose conversion to Christianity was a major intellectual shock This is a meticulously researched and lucidly argued scholarly contribution that
