Falcons Lady:

Women of the English Nobility and Gentry, 1066-1500 Jennifer C. Ward, 1995 Jennifer Ward's recent book on later medieval English noblewomen argued convincingly the importance of those women's roles in shaping and structuring their world. In the present volume she adds new dimensions to her work. She goes back further in time situating changes as well as continuities in noblewomen's lives against the nobility's social and political evolution over the centuries from the eleventh to the fifteenth and in line with the aims of the series she opens up the evidence, some of it hitherto unpublished and presents it accessibly to what will surely be a wide audience. The Legend of Elizabeth Cynthia A. Sears, 2020-10-05 Vanished Lady Eve has disappeared without a trace. A group of rescuers heads south thinking her kidnapped by the hostile Kingdom of Vrotus. However, when a mysterious fae appears at Dragon Hill, Elizabeth realizes that what's at stake is not just her mother's fate but the fate of all the kingdoms. **The House of the Falcon** Harold Lamb, 1921 Poetics of Love in the Middle Ages Moshe Lazar, Norris J. These nineteen essays contributed by recognized authorities on medieval romantic expression consider a wide variety of texts from the following cultures: French, Arabic, Latin, Hispanic, Hebrew, Provencal, and German. Teachers and students of medieval literature will find in this well-researched book cogent contemporary analyses of written expressions of love in the Middle Ages. *Godey's Lady's Book*, 1844 *A Falcon's Heart* Jayel Wylie, 2002-01-11 William of Brinlaw's demands that Henry II restore his birthright fall on deaf ears until the mysterious death of Brinlaw's current lord. Eager to maintain his hard-won peace, the new king deeds the estate to William provided he marries his enemy's daughter. Bearing a false proclamation that their union was her father's last wish, William journeys home where he is unexpectedly bewitched by his bride, Lady Alista. Stuns him with her trust and burns him with the fire of her kiss. And though he knows she will soon despise him, he weds and beds her before she can learn the truth. Grief-stricken Alista opens her heart to Will only to see their future threatened by treachery and the unnatural call of a heritage she can neither understand nor deny. Haunted by visions, she is drawn to the ruins of Falconskeep where the women of her bloodline find their destiny. It is there Will must go to save her if he can find the faith to battle a force that defies a warrior's sword yet may yield to the power of love. *The Sexy Seven Supernaturals* Luki Belle, 2023-06-26 Seven haunting tales of women, young female adults, and an adolescent girl whose lives change irreversibly because of entities who come into the lives of these female protagonists mysteriously invited by yearnings and distresses that exist in these women and girls. *The Photo and the Letter* Larissa, a heartbroken young woman finds a captivating photo of an elderly friend and becomes compelled to discover more about the bitterly written letter that was addressed to the elderly woman who had a fascinating past. *Strength of Feathers* Vanessa, an orphan who struggled her entire life to survive and achieve professional success, decides one night to overcome her fear of heights and her reluctance to be spontaneous when she meets an enigmatic wealthy woman who has ulterior motives. *The Aunt Anika* a teenage girl

Southeast European Studies in a Globalizing World Christian Promitzer, Siegfried Gruber, Harald Heppner, 2014 Since the early 1990s Southeast European studies have undergone profound changes being shaped by the wars of Yugoslav succession and the ramifications of post socialism coupled with democratic deficiencies which characterize most of Southeast Europe The countries which it encompasses rest uneasily on the periphery of the developed variant of Western capitalism but they have nonetheless to contend with the challenges of adjusting to a market economy The imprint of these contexts on academic research has led to a discussion of the role of Southeast European studies It is the task of this volume to summarize and raise awareness of this discussion Series Studies on South East Europe Vol 16 Subject European Studies Sociology Politics

Same Artist, 1861 *Shakespeare and the Hunt* Edward Berry, 2001-04-19 Shakespeare and the Hunt is a book length 2001 study of Shakespeare's works in relation to the culture of the hunt in Elizabethan and Jacobean society. The book explores topics generally unfamiliar to Shakespeareans such as the variety of kinds of hunting in the period, the formal rituals of the hunt, the roles of Queen Elizabeth and King James as hunters, the practice of organized poaching, and the arguments both for and against hunting. Situating Shakespeare's works in this rich cultural context, Berry illuminates the plays from fresh angles. He explores, for example, the role of poaching in *The Merry Wives of Windsor*, the paradox of pastoral hunting in *As You Like It*, the intertwining of hunting and politics in *The Tempest*, and the gendered language of falconry in *The Taming of the Shrew*.

Medieval Hunting Richard Almond, 2011-10-24 Hunting was a major economic and leisure activity throughout the later European Middle Ages, but while aristocratic practices have featured in studies of romantic and narrative literature, hunting in its wider sense across the social spectrum and with attendant male and female roles has largely been ignored by modern medieval historians. Richard Almond's study brings vividly to life the universality and centrality of hunting to medieval societies both as an economic necessity and as an expression of medieval humanity's almost atavistic sense of oneness with nature. Medieval Hunting dispels some of the myths and misunderstandings surrounding hunting, including the persistent views that it was exclusively an aristocratic male pursuit. Using a wide variety of contemporary textual and art historical evidence, Richard Almond shows that hunting, including fishing and poaching, was enjoyed by women as well as men. **The Kings and Their Hawks** Robin S. Oggins, 2004-01-01 Hunting with birds of prey was a popular sport in medieval England in both the royal household amongst the nobility who had the money to afford to retain falconers, buy the birds. This book offers a detailed history of royal falconry from the 11th to the 14th century. **Images of Montenegro in Anglo-American**

Creative Writing and Film Neil Diamond, Marija Knežević, 2017-01-06 This book observes images of Montenegro in Anglo-American creative writing and films from the late eighteenth century until 2016. Like the Balkans as a whole, Montenegro usually reappeared in the West's consciousness with the outbreak of wars but remained marginalized on the larger Balkan map because of its peripheral political influence and therefore remained little known. In the past, Montenegro was experienced as almost unapproachable, barren and wild. Its people, like their mountains, were seen as massive and fierce, while their primitivism equally delighted and repulsed visitors. Even today when one searches the Internet for Montenegro, one finds titles mostly containing modifiers circling around undiscovered, magical and mysterious. The book follows these vignettes chronologically to point out how the rhetoric they share dangerously builds a caricature of the country. However, they also provide a very lively mosaic of landscapes, history, people, their costumes, houses, and everyday life, which are sometimes distorted. No one can claim that these descriptions were not influenced by the ideologies the travellers inherited at home and were not filtered through their own cultural grids, but significantly they evoke places that are now forever lost, destroyed in wars, by earthquakes, faulty development, planning, or simply by time. **Games Creatures Play** Charlaine
