Epic Traditions Of Africa

John C. Shields

Epic Traditions Of Africa:

Epic Traditions of Africa Stephen Belcher,1999-10-22 Belcher's volume contains a much needed and extremely well integrated overview and discussion of a vast inter related West African culture complex that deserves and requires the kind of original insightful treatment it receives here David Conrad **Epic Traditions of Africa** crosses boundaries of language distance and time to gather material from diverse African oral epic traditions Stephen Belcher explores the rich past and poetic force of African epics and places them in historical and social as well as artistic contexts Colorful narratives from Central and West African traditions are illuminated along with texts that are more widely available to Western readers the Mande Sunjata and the Bamana Segou Belcher also takes up questions about European influences on African epic poetry and the possibility of mutual influence through out the genre This lively and informative volume will inspire an appreciation for the distinctive qualities of this uniquely African form of verbal art

Oral Epics from Africa John William Johnson,Thomas Albert Hale,Thomas A. Hale,Stephen Paterson Belcher,1997-04-22 It seems incredible that heretofore there has not been an introductory anthology of African epics presented in English Western literary culture has long emphasized the heritage of such well known epics as the Iliad the Odyssey and Aeneid But it is only recently that scholars have turned their attention toward capturing the rich oral tradition that is still alive in Africa The twenty five excerpts in this volume have been selected and introduced so as to offer English speaking readers a broad sample of the extensive epic traditions in Africa The general introduction and the background on each epic will enable readers to understand the context of each epic and will also provide leads for further inquiry

Honour in African History John Iliffe,2005 This is the first published account of the role played by ideas of honour in African history from the fourteenth century to the present day It argues that appreciation of these ideas is essential to an understanding of past and present African behaviour Before European conquest many African men cultivated heroic honour others admired the civic virtues of the patriarchal householder and women honoured one another for industry endurance and devotion to their families These values both conflicted and blended with Islamic and Christian teachings Colonial conquest fragmented heroic cultures but inherited ideas of honour found new expression in regimental loyalty respectability professionalism working class masculinity the changing gender relationships of the colonial order and the nationalist movements which overthrew that order Today the same inherited notions obstruct democracy inspire resistance to tyranny and motivate the defence of dignity in the face of AIDS

The Epic of Son-Jara Fa-Digi Sisòkò,1992-08-22 a major addition to the literature on oral traditions Journal of Religion in Africa This 750 year old epic celebrates the exploits of the legendary founder of the Empire of Old Mali It constitutes a virtual social political and cultural charter and embodies deep rooted aspects of Mande cosmology The fully annotated translation is accompanied by an introduction that provides a historical and contextual framework for understanding the recitation of this African epic

Rhetoric in the Rest of the West Shane Borrowman,Marcia Kmetz,Robert L. Lively,2010-04-16 While the study of the history of rhetoric has expanded to include an ever growing range of rhetorical traditions lesser known figures and under and un studied texts it has continued to exist in the hermetically sealed binary of West and Rest Rhetorical scholars have begun uncovering the many marginalized rhetorical traditions silenced by the homogenous nature of our histories themselves reading and writing new histories of the rhetorical tradition through frames from gender to geography Despite these substantial challenges to the traditionally received history of rhetoric many voices are still silenced and many spaces are still excluded voices speaking within the spaces of the less than monolithic West itself This silencing and excluding continues perhaps because of assumptions that no texts exist from these marginalized voices or that substantial rhetorical activity was not conducted in

these marginalized spaces regardless of already extant evidence of rhetorical activity as diverse as rural civic ethos in Classical Greece and Etruscan influences on Roman rhetoric or long standing passive knowledge of scholarly activity in Medieval Andalusia and Ireland Rhetoric in the Rest of the West attempts to expand the conversation in those gaps in the history of rhetoric by examining the traditions that lost the cultural competition and have been shrouded in the shadow of the rhetorical tradition

The Cambridge Companion to Homer Robert Fowler, 2004-10-14 The Cambridge Companion to Homer is a guide to the essential aspects of Homeric criticism and scholarship including the reception of the poems in ancient and modern times Written by an international team of scholars it is intended to be the first port of call for students at all levels with introductions to important subjects and suggestions for further exploration Alongside traditional topics like the Homeric Question the divine apparatus of the poems the formulae the characters and the archaeological background there are detailed discussions of similes speeches the poet as story teller and the genre of epic both within Greece and worldwide The reception chapters include assessments of ancient Greek and Roman readings as well as selected modern interpretations from the eighteenth century to the present day Chapters on Homer in English translation and Homer in the history of ideas round out the collection

Religion, Gender, and Culture in the Pre-Modern World B. Britt, A. Cuffel, 2007-04-16 This book compares shifting formulations of gender interfaith and ethnic relations across continents from antiquity to the Nineteenth century Contributors address three areas depictions of homosexual and transgendered behaviours conceptualizations of femininity and masculinity and the marriageability of ethnic and religious minorities

Phillis Wheatley and the Romantics John C. Shields, 2010-07-27 Phillis Wheatley was the first African American to publish a book Born in Gambia in 1753 she came to America aboard a slave ship the Phillis From an early age Wheatley exhibited a profound gift for verse publishing her first poem in 1767 Her tribute to a famed pastor On the Death of the Rev Mr George Whitefield followed in 1770 catapulting her into the international spotlight and publication of her 1773 Poems on Various Subjects Religious and Moral in London created her an international star Despite the attention she received at the time history has not been kind to Wheatley Her work has long been neglected or denigrated by literary critics and historians John C Shields a scholar of early American literature has tried to help change this perception and Wheatley has begun to take her place among the elite of American writers In Phillis Wheatley and the Romantic Age Shields contends that Wheatley was not only a brilliant writer but one whose work made a significant impression on renowned Europeans of the Romantic age such as Samuel Taylor Coleridge who borrowed liberally from her works particularly in his famous distinction between fancy and imagination Shields shows how certain Wheatley texts particularly her Long Poem consisting of On Recollection Thoughts on the Works of Providence and On Imagination helped shape the face of Romanticism in the late eighteenth and nineteenth centuries Phillis Wheatley and the Romantic Age helps demolish the long held notion that literary culture flowed in only one direction from Europe to the Americas Thanks to Wheatley s influence Shields argues the New World was influencing European literary masters far

sooner than has been generally understood

Themes in West Africa's History Emmanuel Kwaku

Akyeampong, 2006-01-15 There has long been a need for a new textbook on West Africa's history. In *Themes in West Africa's History*, editor Emmanuel Kwaku Akyeampong and his contributors meet this need, examining key themes in West Africa's prehistory to the present through the lenses of their different disciplines. The contents of the book comprise an introduction and thirteen chapters divided into three parts. Each chapter provides an overview of existing literature on major topics as well as a short list of recommended reading and breaks new ground through the incorporation of original research. The first part of the book examines paths to a West African past, including perspectives from archaeology, ecology, and culture, linguistics, and oral traditions. Part two probes environment, society, and agency, and historical change through essays on the slave trade, social inequality, religious interaction, poverty, disease, and urbanization. Part three sheds light on contemporary West Africa, exploring how economic and political developments have shaped religious expression and identity in significant ways. *Themes in West Africa's History* represents a range of intellectual views and interpretations from leading scholars on West Africa's history. It will appeal to college undergraduates, graduate students, and scholars in the way it draws on different disciplines and expertise to bring together key themes in West Africa's history from prehistory to the present.

Kuma Malinke Historiography

Nubia Kai, 2023-11-22 Founded in the early thirteenth century, the Mali Empire stretched from the Atlantic coast of West Africa across the savannah lands to Timbuktu and Gao. Comprised of multiple ethnic groups, the Soninke, the Mandenka, Fula, Sosso, Tuareg, Sonrai, and Almoravids, Mali was politically dominated by the Mandenka people, who developed a comprehensive, eloquent, and ennobling historical tradition that has garnered international recognition and praise. Combining music, poetry, drama, storytelling, genealogy, history, and philosophy, the Malinke griot or jeli interprets Mali's history both aesthetically and discursively, with the utilitarian objective of maintaining peaceful and ethical social relations within the empire. Far more than a storyteller, the Malinke historian's broad scope of knowledge enables them to perform multifaceted roles in the society. He or she is a political advisor, ambassador, judicial advisor, cultural and social anthropologist, historian, genealogist, mediator of domestic and national disputes, officiator of rites of passage ceremonies, musician, poet, and teacher. *Kuma Malinke Historiography: Sundiata Keita to Almamy Samori Toure* examines the philosophy of history and methodology of the Malinke historians through an in-depth analysis of historical oral literature and the griots' own theories of the art of history. Kai discusses griot accounts of major historical figures such as Sundiata Keita, Sumanguru Kante, Sogolon Conde, Mansa Musa, Manding Bokari Abubakar Muhammad II Biton Koulibaly, Almamy Samori Toure, and their impact on Mali's history. Significant components of Malinke history that had been kept secret by a general consensus of master griots are exposed for the first time in the English language in this highly informative and insightful text.

The Athenian Sun in an African Sky

Kevin J. Wetmore, Jr., 2001-11-14 Western literature has become more influential in Africa since the independence of many of that continent's countries in the early 1960s. In particular, Greek

tragedy has grown as model and inspiration for African theatre artists This work begins with a discussion of the affinity that modern day African playwrights have for ancient Greek tragedy and the factors that determine their choice of classical texts and topics The study concentrates on how African playwrights transplant the dramatic action and narrative of the Greek texts by rewriting both the performance codes and the cultural context The methods by which African playwrights have adapted Greek tragedy and the ways in which the plays satisfy the prevailing principles of both cultures are examined The plays are The Bacchae of Euripides by Wole Soyinka Song of a Goat by J P Clark The Gods Are Not to Blame by Ola Rotimi Guy Butler s Demea Efua Sutherland s Edufa Orestes by Athol Fugard The Song of Jacob Zulu by Tug Yourgrau Femi Osofisan s Tegonni Edward Kamau Brathwaite s Odale s Choice The Island by Fugard John Kani and Winston Ntshona and Sylvain Bemba s Black Wedding Candles for Blessed Antigone Choice, 2001 **Maps** Nuruddin Farah, 1999 As a young adolescent seeking perspective on both his country and himself Askar goes to live with his cosmopolitan aunt and uncle in the capital Mogadiscio
