Rieber, 1982 This book is the first general history of Russian businessmen from Peter the Great to the Revolution of 1917 It is also a challenging new interpretation of the nature of social change in tsarist Russia Alfred Rieber seeks to explain how Russia developed a capitalist economy and launched a major industrialization without giving rise to a mature bourgeoisie His analysis concentrates on the deep seated social divisions that prevented the political unity of the Russian middle classes even when their vital interests were threatened by powerful bureaucrats and a workers revolution He concludes that the fate of the Russian merchants and industrialists was part of a larger social fragmentation in Russia on the eve of World War I Rieber argues that the merchantry was throughout its history the most unstable and politically passive group in Russian society Periodically swamped by an influx of peasants the merchants were never able to free themselves from state tutelage or their own traditional values Surrounded by ethnic rivals the Great Russian merchantry adopted the mentality of a besieged camp The real innovators in Russia s industrialization were social deviants Old Believer peasants

declassé nobles and non Russian peoples on the periphery of the empire But even these entrepreneurial groups failed to provide the leadership for a strong middle class because they were deeply marked by competing regional and ethnic attachments In Rieber's analysis the Russian bureaucracy shares much of the blame for the absence of a cohesive class structure in Russia It feared and opposed the emergence of a bourgeoisie and it was deeply split over the question of industrialization Rieber concludes that the bureaucracy helped to maintain the legal distinctions within Russian society that contributed to its fragmentation This work touches on almost every aspect of imperial Russian society its political and legal institutions social movements intellectual currents and economic development Rieber has drawn on a wide range of sources including Soviet archives merchant memoirs contemporary journals pamphlets and newspapers and the proceedings and reports of many specialized societies and organizations Originally published in 1991 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

When Art Makes News Katia Dianina, 2012-11-15 From the time the word *kultura* entered the Russian language in the early nineteenth century Russian arts and letters have thrived on controversy At any given time several versions of culture have coexisted in the Russian public sphere The question of what makes something or someone distinctly Russian was at the core of cultural debates in nineteenth century Russia and continues to preoccupy Russian society to the present day When Art Makes News examines the development of a public discourse on national self representation in nineteenth century Russia as it was styled by the visual arts and popular journalism Katia Dianina tells the story of the missing link between high art and public culture revealing that art became the talk of the nation in the second half of the nineteenth century in the pages of mass circulation press At the heart of Dianina's

study is a paradox how did culture become the national idea in a country where few were educated enough to appreciate it Dianina questions the traditional assumptions that culture in tsarist Russia was built primarily from the top down and classical literature alone was responsible for imagining the national community When Art Makes News will appeal to all those interested in Russian culture as well as scholars and students in museum and exhibition studies *The Economy and Material Culture of Russia, 1600-1725* Richard Hellie, 1999-06-15 In this study of the Russian economy from 1600 1725 Richard Hellie offers a glimpse of the material life of the people of Muscovy during that tumultuous period how they lived what they ate how they were taxed what their wages allowed them to enjoy *The Economy and Material Culture of Russia 1600 1725* will be an invaluable resource and reference work for all readers interested in economic history and the history of material culture **The ^AEnterprisers** Igor Fedyukin, 2019-04-30 Fedyukin draws on a wealth of unpublished archival sources to demonstrate that the evolution of modern schools in Russia under Peter I and his successors was driven not by the omnipresent monarch or the impersonal state but rather by the efforts of administrative entrepreneurs seeking to advance their own agendas *Kiev* Michael F. Hamm, 2014-04-03 In a fascinating urban biography Michael Hamm tells the story of one of Europe s most diverse cities and its distinctive mix of Ukrainian Polish Russian and Jewish inhabitants A splendid urban center in medieval times Kiev became a major metropolis in late Imperial Russia and is now the capital of independent Ukraine After a concise account of Kiev s early history Hamm focuses on the city s dramatic growth in the nineteenth and early twentieth centuries The first historian to analyze how each of Kiev s ethnic groups contributed to the vitality of the city s culture he also examines the violent conflicts that developed among them In vivid detail he shows why Kiev came to be known for its abundance of revolutionaries and its anti Semitic violence **Spetsnaz** Tor Bukkvoll, 2024-12-12 In January 1951 Lieutenant Evgeniy Borisov was sent to the headquarters of the Soviet 5th Army in Spassk Dalnii a small city in the Russian Far East Borisov was there on a secret mission Together with his superior Major Rusinov his job was to establish the 91st Special Forces Company The 91st was to be one of forty six similar units spread out across the Soviet Union The new forces were called spetsnaz short for spetsnialnoe naznachenie which translates to special purpose In *Spetsnaz* Tor Bukkvoll presents the first in depth history of the Soviet and later Russian special operations forces from their establishment until today He focuses on three broad topics Soviet and later Russian thinking on the use of special operations forces the actual process of constructing these forces and how this was facilitated or hampered by other agencies of the Soviet and Russian states and the use of these forces in combat Bukkvoll uses a variety of sources but the most important are the recollections of former spetsnaz soldiers and officers themselves which allow an understanding of the history of these forces as the men of spetsnaz see and have seen it Bukkvoll also draws upon observations and judgments from other parts of the Soviet and Russian militaries from a number of KGB sources and from independent Russian experts and journalists *Spetsnaz* is essential reading for anyone interested in special operations forces or Russian military history Reformulating Russia Kåre Johan

Mjør, 2011-05-06 Reformulating Russia provides a thorough narratological and contextual analysis of Russian migr historiography as it appears in Georgii Fedotov's Saints of Ancient Russia Georgii Florovskii's The Ways of Russian Theology Nikolai Berdiaev's The Russian Idea and Vasilii Zenkovskii's History of Russian Philosophy *Islam and the Russian Empire* Helene Carrere D'Encausse, Hélène Carrère d'Encausse, 1988-01-01 A particularly valuable work In my judgment it contains the best account of nineteenth century Muslim societies in Central Asia It is I think indispensable to an understanding of the events that followed Ira Lapidus co editor of Islam Politics and Social Movements **Revolution and Civil War in North Russia** Alistair S. Wright, 2025-05-15 Revolution and Civil War in North Russia shines a much needed light on the establishment and consolidation of Bolshevik power on the civil war periphery and examines the Allied anti Bolshevik military and home fronts from a previously uncharted perspective Expanding our understanding of the Russian civil war this book provides the first detailed archival based study in English to analyse the two neighbouring regions of Karelia and Murmansk Despite not being far from the revolutionary capital Petrograd both territories resisted the establishment of Bolshevik power longer than many others and so this study offers novel insights into the complexities of the struggle that eventually led to communist rule Alistair S Wright reflects on how both Karelia and Murmansk relied on food being imported comparing how this problem was dealt with by the two independent local governments Wright shows for the first time how providing Murmansk with food supplies was a key feature of Allied intervention during the conflict part of an informative analysis of Bolshevik and Allied food supply policies to be found throughout the book **The Rise of the Demidov Family and the Russian Iron Industry in the Eighteenth Century** Hugh D. Hudson, 1986 Revisiting Russian Radicals Andrew M. Drozd, Brendan G. Mooney, 2024-12-13 Revisiting Russian Radicals is a collection of ten articles that seeks to promote a revisitation of the Russian Radicals who have been somewhat unjustly forgotten in the aftermath of the fall of the Soviet Union Rather than viewing the radicals through the lens of the 1917 October Revolution the authors seek to analyze them on their own terms and explore new aspects of their legacy The chapters provide a fresh look at some well known radicals like Chernyshevsky Dobrolyubov and Pisarev as well as examinations of lesser known figures and offer an interdisciplinary approach to their investigations combining historical and literary analysis A lengthy introduction is included for those who are non Slavists and for the newer generation of Slavists who may not be as familiar with these figures
