Con estilo claro y conciso Antonio Maeso pone al alcance de todos profesionales o no el amplio conocimiento que posee sobre la selección y coordinación de equipos de trabajo. Gracias a una profunda comprensión el autor no solo hace énfasis en conceptos y teorías relacionadas con el asociativismo sino que también aborda aspectos como valores, creencias y personalidad que influyen de manera determinante en el éxito de los equipos. Más que un manual este libro es una guía con análisis de casos que ofrece un conjunto de consejos y herramientas a los que están interesados en liderar equipos y en potenciar sus relaciones tanto de trabajo como personales obteniendo de ellos el máximo provecho. La Práctica Del Liderazgo Gerencial Nancy R. Lee, 2009-05-29 La práctica del liderazgo gerencial describe al conjunto integral de principios basados sobre conocimiento científico incluyente abarcador, comprehensivo denominado La organización requerida desarrollada por el Dr. Elliott Jaques y sus colegas mediante el trabajo de investigación en consultora durante más de 55 años en 15 países. Nancy Lee trabajó con el Dr. Jaques durante más de 20 años. Este libro está dirigido a gerentes en todos los niveles y se refiere al rol gerencial que es el punto en que más se necesita contar con guías de acción claras para lograr las metas de la organización. La aplicación de estas ideas tiene por efecto el incremento de la productividad y de la rentabilidad, consolida la confianza y brinda a los empleados un ambiente de trabajo sano que promueve el desarrollo personal. Su pensamiento fue una reformulación monumental de las bases de la capacidad humana y de la estructura de las organizaciones que se refleja en treinta libros. Jaques no solo planteó la existencia de ocho niveles diferenciados de pensamiento conceptual entre los seres humanos sino que también elaboró las curvas de ese pensamiento durante la vida adulta. A su vez, este desarrollo conceptual sentó las bases para una nueva lógica de la estructura organizacional, un campo que hasta entonces había carecido de esta lógica del liderazgo y de la responsabilidad en las organizaciones. El trabajo de Jaques exige tomar el tiempo necesario para captar su dimensión innovadora. También supone un cambio radical en el modo de elegir a los ejecutivos y de organizar a

las empresas Al igual que todo pensamiento innovador su trabajo requiere la prueba de efectuar aplicaciones en la propia organizacin Sin embargo captar esta complejidad no es necesariamente una tarea abrumadora En este libro Nancy Lee ella misma una consultora organizacional consustanciada con los esfuerzos conceptuales de Jaques ha logrado hacer su pensamiento mucho ms fcil de comprender Por este motivo este texto es de suma utilidad para ejecutivos consultores y universitarios dedicados a construir organizaciones ms eficaces Harry Levinson Ph D Presidente emrito de The Levinson Institute Profesor emrito de psicologa clnica Escuela de Medicina de Harvard *Protocolos de Familia: su relevancia como mecanismo de gobierno familiar y empresarial* Trujillo Dávila, María Andrea, Guzmán Vásquez, Alexander, Del Hierro Hoyos, José Elías, Higuera Rodríguez, Mónica Paola, Hoyos Vargas, Felipe, Márquez Arango, Diego Felipe, Mejía Londoño, María Paz, Téllez Wilches, Juliana, 2020-10-15 Este libro constituye un documento relevante para las empresas familiares y sus grupos de inter s pues analiza espec ficamente los protocolos de familia como mecanismo de gobierno corporativo y familiar Inicialmente se plantea una discusi n detallada respecto de las posiciones te ricas y de las investigaciones en la materia y luego mediante un minucioso an lisis de diferentes protocolos de familia se delinean las principales consideraciones que emergen y que son tenidas en cuenta en el proceso de estructuraci n de esos documentos Se recogen entre otros aspectos las principales motivaciones que llevan a una familia a realizar un protocolo la comprensi n de su significado y alcance los principales apartes que lo componen y el rol del asesor externo en el acompa amiento a la familia *El kaizen/ the Kaizen* Manuel Francisco Suarez Barraza, 2007 **De la filosofa de la calidad al sistema de mejora continua** Gilberto Peralta Alemán, 2002 **Emisores de valores & gobierno corporativo** María Andrea, Trujillo Dávila, Alexander Guzmán, Vásquez, 2017-01-01 C dgos de Gobierno Corporativo El C digo Cadbury Naturaleza y principios de los c dgos de gobierno corporativo Entrer la regulaci n hard law y los c dgos de adopci n voluntaria soft law Metodolog a de la investigaci n Principio cumpla o explique en el C digo Pa s Datos y fuentes de informaci n ndice C digo Pa s Hallazgos generales Tasa de implementaci n del c digo de gobierno corporativo en Colombia Bursatilidad y tasas de adhesi n al c digo Programa IR y C digo Pa s Tasas de adhesi n al C digo Pa s por sectores productivos Naturaleza jur dica y C digo Pa s Asamblea general de accionistas Juntas directivas **Buenas prácticas de Gobierno Corporativo para las Cámaras de Comercio** Guzmán Vásquez, Alexander, Trujillo Dávila, María Andrea, 2023-02-01 Las c maras de comercio en Colombia representan una red de instituciones al servicio del crecimiento empresarial son agencias de desarrollo productivo y social y cumplen un rol fundamental en la administraci n eficiente de funciones p blicas delegadas como lo son los registros empresariales Estas condiciones ponen de relieve la necesidad de que continuar fortaleciendo las herramientas de gobierno corporativo para estas entidades El prop sito del gobierno corporativo es facilitar la creaci n del ambiente organizacional de confianza transparencia y rendici n de cuentas requerido para hacer eficiente la gesti n de los recursos financieros y no financieros garantizar una operaci n ntegra propiciar un crecimiento organizacional s lido y contribuir a un desarrollo socialmente
