Equity And Excellence In Education For Development:

Education and Development: Equity and excellence in education for development James Lynch, Celia Modgil, Sohan Modgil, 1997 **International Handbook on Education Development in the Asia-Pacific** Wing On Lee, Phillip Brown, A. Lin Goodwin, Andy Green, 2023-11-20 The Springer International Handbook of Educational Development in Asia Pacific breaks new ground with a comprehensive fine grained and diverse perspective on research and education development throughout the Asia Pacific region In 13 sections and 127 chapters the Handbook delves into a wide spectrum of contemporary topics including educational equity and quality language education learning and human development workplace learning teacher education and professionalization higher education organisations citizenship and moral education and high performing education systems The Handbook is grounded in specific Asia Pacific contexts and scholarly traditions using unique country specific narratives for example Vietnam and Melanesia and socio cultural investigations through lenses such as language identity or colonisation while offering parallel academic discourse and analyses framed by broader policy commentary from around the world Contemporary Issues in African Administration and Development Politics , 1990

Resources in Education , 1994 Serves as an index to Eric reports microform **Redefining Educational Leadership in Central Asia** Mir Afzal Tajik, Tsediso Michael Makoele, 2024-03-21 Redefining Educational Leadership in Central Asia brings together the voices views experiences and reflections of educational leaders from both secondary schools and higher education institutions in Kazakhstan and Kyrgyzstan **Handbook of Research on the Educator Continuum and Development of Teachers** Zugelder, Bryan S., L'Esperance, Mark, 2022-06-24 In light of recent sociological events and the COVID 19 pandemic education has undergone an incredible change in both policy and delivery As a result many educators have sought different career paths It is essential to maintain a concentrated effort to retain educators however recruiting teachers into the profession is only one area of focus there must be intentional support for teacher development along the educator continuum in order to sustain the profession through institutional struggles The Handbook of Research on the Educator Continuum and Development of Teachers expands on the body of research related to the educator continuum with a holistic view of teacher development This book combines theory concepts and research studies that pinpoint facets of the educator continuum providing researchers with scholarly contributions that advance the profession Covering topics such as instructional coaching special educator career development and teacher retention this major reference work is a valuable resource for educational faculty and administration teacher colleges educators of K 12 and higher education pre service teachers government officials teacher education administrators libraries researchers and academicians **Connotative Learning** , 2004 Equity Issues in Chinese Higher Education Policy Hongzhi Zhang, 2024-06-14 Investigating the highly influential enrolment expansion policy in Chinese higher education this book outlines how educational equity issues were understood and addressed in the formulation and implementation of the policy and its impacts on the socio economic fabric

of China in the past decades Drawing on Chinese policy documents and interviews with government and university representatives Zhang examines the education system under the Mao era and the post Mao era and outlines the different approaches to equity that have characterized education in China in the 20th and 21st centuries Stephen Ball's policy cycle is used as a framework to analyse the various contexts text discourse and social practice in which policy is formed Zhang argues that education policy was not simply driven by concerns of equity but also by economic interests and political discourse Zhang further goes on to analyse how education policy was implemented by provincial governments and highlights the tension between central policy and on the ground implementation Bringing analysis of Chinese policy and research to a wider audience this text will interest education policymakers and academics in the field of educational equity and higher education research
