

EQUITY THEORY

Equity In Theory And Practice

John R. Schermerhorn

Equity In Theory And Practice:

Equity Hobart Peyton Young, 2020-06-16 Governments and institutions perhaps even more than markets determine who gets what in our society They make the crucial choices about who pays the taxes who gets into college who gets medical care who gets drafted where the hazardous waste dump is sited and how much we pay for public services Debate about these issues inevitably centers on the question of whether the solution is fair In this book H Peyton Young offers a systematic explanation of what we mean by fairness in distributing public resources and burdens and applies the theory to actual cases

Organizational Behavior 4 John B. Miner, 2007-03-05 This unique work bridges the gap between theory and practice in organizational behavior It provides a practical guide to real life applications of the 35 most significant theories in the field The author describes each theory then analyzes its usefulness and importance to the successful practice of management His analysis covers key managerial topics such as goal setting training and development assessment job enrichment influence processes decision making group processes organizational development organizational structuring and effective organizational operation *Handbook of Theories of Public Administration and Management* Bryer, Thomas A., 2021-11-05 This innovative Handbook offers a wide ranging overview of the multi faceted field of public administration and management It provides a broad approach to the discipline addressing the range of descriptive normative and critical theories required to diagnose public service issues and prescribe administrative action

Organizational Behaviour in a Global Context

Albert J. Mills, Jean C. Helm Mills, John Bratton, Carolyn Forshaw, 2006-01-01 At last there is a lucid well written OB book which covers key issues required in OB teaching but which has a mind of its own Students and faculty will recognize this is more than standard fare Bill Cooke Manchester Business School

Equity Issues in Chinese Higher Education Policy

Hongzhi Zhang, 2024-06-14 Investigating the highly influential enrolment expansion policy in Chinese higher education this book outlines how educational equity issues were understood and addressed in the formulation and implementation of the policy and its impacts on the socio economic fabric of China in the past decades Drawing on Chinese policy documents and interviews with government and university representatives Zhang examines the education system under the Mao era and the post Mao era and outlines the different approaches to equity that have characterized education in China in the 20th and 21st centuries Stephen Ball's policy cycle is used as a framework to analyse the various contexts text discourse and social practice in which policy is formed Zhang argues that education policy was not simply driven by concerns of equity but also by economic interests and political discourse Zhang further goes on to analyse how education policy was implemented by provincial governments and highlights the tension between central policy and on the ground implementation Bringing analysis of Chinese policy and research to a wider audience this text will interest education policymakers and academics in the field of educational equity and higher education research

The Theory and Practice of Change Management John Hayes, 2018-01-24 John Hayes bestselling textbook combines a scholarly discussion of change management with a host of

practical tools and techniques It provides future managers with all the skills they need to diagnose the need for change and to ensure its successful implementation The book s unique underpinning framework views change as a purposeful and constructed sequence of events rather than something chaotic and unmanageable Its hands on approach includes a number of Change Tools that students can apply to various scenarios an array of case studies and examples based on real life organisations worldwide and video interviews with experienced change practitioners who share their insights on key topics The book will be essential reading for final year business undergraduates as well as MBA and postgraduate students who are taking modules in change management or organisational change It is also ideal for change practitioners and consultants New to this Edition Two new chapters on ethical change management practice A new chapter on value innovation A new section showing how the book supports employability skills Brand new international case studies and examples including the Volkswagen emissions scandal the collapse of BHS and company culture at Uber A free to access website featuring audio visual Tutorials with narration by the author lecturer slides detailed briefings on the book s case studies and much more

Organizational Behavior John B. Miner,2002 The book begins with a treatment of the role of science and the nature of theory and research A discussion of the early origins and history of organizational behavior follows This is the most comprehensive coverage of how organizational behavior emerged and grew It presents and evaluates the first generation theorists whose work began during the first 20 years The subject matter covered is motivation leadership and organizational decision making The institutional culture of organizational behavior is discussed and a vision for the future of the field is stated Here the early history and the evidence from the theories are brought together in an effort to assess the identity of organizational behavior and where it might be headed *Organizational Behavior 1* John B. Miner,2015-03-26 This comprehensive text provides a detailed review and analysis of the building block theories in Organizational Behavior Expanding on his previous work in the field John Miner has identified the key theories that every student or scholar needs to understand to be considered literate in the discipline Organizational Behavior Essential Theories of Motivation and Leadership analyzes the work of leading theorists Each chapter includes the background of the theorist represented the context in which the theory arose the initial and subsequent theoretical statements research on the theory by the theory s author and others including meta analysis and reviews and practical applications Special features including boxed summaries of each theory at the beginning of each chapter two introductory chapters on the scientific method and the development of knowledge and detailed and comprehensive references help make this text especially useful for graduate courses in Organizational Behavior and Industrial Organizational Psychology **Organizational Behaviour: Theory And Practice** Neeraj Sehgal,2023-10-06 Organizational Behavior Theory and Practice is an essential book that provides a comprehensive exploration of the theories and practical applications of organizational behavior in today s dynamic workplace Written by esteemed experts in the field this book serves as an invaluable resource for students professionals and leaders seeking a

deep understanding of human behavior within organizational contexts The book begins by laying the groundwork with a thorough examination of key organizational behavior theories It covers classic theories like Maslow s hierarchy of needs Herzberg s two factor theory and McGregor s Theory X and Theory Y while also delving into contemporary perspectives such as transformational leadership and positive organizational behavior These theories serve as a solid foundation for readers to comprehend the intricacies of human behavior motivation communication and decision making within organizations What sets this book apart is its emphasis on bridging theory with practice It offers real world case studies practical examples and actionable insights that enable readers to apply organizational behavior concepts in their workplaces From enhancing leadership skills and fostering teamwork to managing diversity and resolving conflicts the book provides a wealth of guidance on effectively navigating the complexities of organizational life Furthermore the book explores cutting edge topics such as the impact of technology on organizational behavior the role of emotional intelligence in leadership and the importance of ethical behavior within organizations It equips readers with the tools and knowledge needed to adapt to the ever evolving landscape of modern work environments **Organizational Behavior Theory and Practice** also addresses the critical issue of organizational culture and its influence on behavior and performance It offers strategies for cultivating a positive and inclusive organizational culture that promotes Training and Development Theory Practice Dr Subrahmanian Muthuraman, *Management Fundamentals* Robert N. Lussier, 2015-11-26 This Seventh Edition of Robert Lussier s bestselling *Management Fundamentals* presents essential management themes through a three pronged approach focused on concepts applications and skill building Through a variety of applications Lussier challenges millennials to think critically and apply concepts to their own experiences Proven skill building exercises behavioral models self assessments and individual and group exercises help students to develop their personal and professional skills Fully updated throughout with 97% new references and over 1 200 new company examples the Seventh Edition features 50% new cases new self assessments and new applications and new coverage of current topics mandated by the AACSB **Armstrong's Handbook of Human Resource Management Practice** Michael Armstrong, Stephen Taylor, 2023-01-03 Armstrong s *Handbook of Human Resource Management Practice* is the definitive resource for HRM students and professionals helping readers understand and implement HR to align with business needs This book provides detailed coverage of all areas essential to the HR function such as employment law employee relations learning and development performance management and reward management It also covers the HR skills needed to ensure professional success including leadership managing conflict interviewing and using statistics It is illustrated throughout in full colour and has a range of pedagogical features to consolidate learning such as source review boxes key learning points and case studies from international organizations such as IBM HSBC and Johnson and Johnson This fully updated 16th edition includes new chapters on managing remote workers and developments in digital human resource management practices There are also updates to reflect the changes throughout

the HR function such as performance leadership smart reward and employee wellbeing Armstrong's Handbook of Human Resource Management Practice is suited to both professionals and students of undergraduate and postgraduate degrees. Online supporting resources include comprehensive handbooks for lecturers and students, lecture slides, all figures and tables, toolkits and a literature review, glossary and bibliography.

Introduction to Management John R. Schermerhorn, 2011. Completely updated and revised this eleventh edition arms managers with the business tools they'll need to succeed. The text presents managerial concepts and theory related to the fundamentals of planning, leading, organising and controlling with a strong emphasis on application. It offers new information on the changing nature of communication through technology. Focus is also placed on ethics to reflect the importance of this topic especially with the current economic situation. This includes all new ethics boxes throughout the chapters. An updated discussion on the numerous legal law changes over the last few years is included as well. Managers will be able to think critically and make sound decisions using this text because the concepts are backed by many applications, exercises and cases.

A Handbook of Human Resource Management Practice Michael Armstrong, 2006. A fully updated and revised tenth edition of this classic best-selling textbook. It remains the primary text for all students studying HRM both undergraduate and postgraduate as well as for students of the Chartered Institute of Personnel and Development (CIPD) diploma. The Handbook also continues to be an essential reference source for all managers concerned with personnel and HRM issues. This new edition of A Handbook of Human Resource Management Practice contains a number of significant additions and revisions including substantial revisions to seventeen chapters and new chapters on Human Capital Management, the Role of the Front Line Manager, HR Strategies, Developing and Implementing HR Strategies and Learning and Development. The new edition also contains updated material based on recent developments in HRM policy and practice and a wide range of surveys and research projects conducted by professional associations and research bodies.

Leadership Robert N. Lussier, Christopher F. Achua, 2022-02-15. Leadership Theory, Application and Skill Development offers an applied introduction to leadership theories and concepts. Bestselling authors Robert N. Lussier and Christopher F. Achua use current real-world examples and step-by-step behavioral models to help prepare readers for a wide range of leadership situations and challenges. The Seventh Edition equips students with the leadership skills they need to thrive in today's business world with 23 new cases profiling a diverse group of leaders as well as new coverage of crisis leadership, servant leadership, social impact and high-performing organizations. This title is accompanied by a complete teaching and learning package.

Management Fundamentals, **Social Equity in a Post-Roe America** Lorenda A. Naylor, Heather Wyatt-Nichol, 2024-04-30. Despite hundreds of federal laws and U.S. Supreme Court decisions prohibiting discrimination based on sex and race, American women and people of color continue to face pervasive individual and structural

discrimination Women often lack equal pay for equal work affordable childcare and paid family medical leave Following the overturning of Roe vs Wade safe legal abortion has become inaccessible in approximately half the country disproportionately impacting poor women Women and people of color are underrepresented in elected offices at the federal and state levels and the voting rights of people of color continue to be eroded Employing a public administration framework Social Equity in a Post Roe America documents the scope and breadth of inequality in the United States linking social equity to sex race and the rule of law This insightful and provocative new book examines U S Supreme Court decisions and federal statutes across four public policy domains that increasingly influence U S democracy and impact the lives of American women These policy domains consist of political representation which includes citizenship and voting rights contraception abortion and employment Social Equity in a Post Roe America offers policy recommendations to increase equitable access and equal opportunity for women and people of color It is required reading for all students of public administration public policy and political science as well as for engaged citizens

[The Criminology Theory Reader](#) Stuart Henry, Werner Einstadter, 1998 An anthology of theoretical essays on causes of crime published in the American Society of Criminology's journal Criminology Articles have been edited into concise student friendly readings capturing the essence and diversity of thinking about crime from major theoretical perspectives including classical and rational choice biological and psychological strain subculture social learning neutralization and Marxist and critical theory Also contains cutting edge thinking on feminist theory and on postmodernist constitutive and integrated approaches Includes an overview and section introductions Annotation copyrighted by Book News Inc Portland OR

More Courageous Conversations About Race Glenn E. Singleton, 2013 Since the highly acclaimed Courageous Conversations About Race offered educators a frame work and tools for promoting racial equity many schools have implemented the Courageous Conversations Protocol Now in a book that's rich with anecdote Singleton celebrates the successes outlines the difficulties and provides specific strategies for moving Courageous Conversations from racial equity theory to practice at every level from the classroom to the school superintendent's office

Back cover *PAL Driven Organizational Learning: Theory and Practices* Kris M. Y. Law, Kong Bieng Chuah, 2015-06-03 Presenting an innovative concept and approach for organization management this book serves to document an organization's journey towards the ultimate goal of learning organization This book also shares the experience on how a OL framework built on established learning theories could be used effectively overcoming many of the barriers in a real industrial setting Utilizing a ready to use tool called Project Action Learning PAL to analyze real life case studies the authors introduce a framework that allows teams of people to work and learn over the course of business projects Equal emphasis is placed on the achievement of pre set project outcomes and the learning objectives of the participants In addition a long term organizational learning strategy is put forward and the necessary supporting infrastructure in the form of four PAL Pillars is described The concepts and development of the PAL driven Organizational Learning model are inspired by and grounded in

Western and Eastern business philosophies and case studies which offer important insights into the management of organizations who are keen to develop sustainable business practices
