Erasmus Of Christendom:

Erasmus of Christendom Roland H. Bainton, 2016-04-01 Born the illegitimate son of a priest and plagued throughout life by illness and poverty Erasmus of Rotterdam was sought everywhere for his wit and erudition No man in Europe had so many friends in high places a lifelong cosmopolitan he moved from country to country lodging in palaces and in the households of public printers a friend of Thomas More and Henry VIII and a correspondent of Luther and the pope A true man of letters Erasmus wrote and translated tirelessly arguing teaching campaigning for the purification of the church He ridiculed worldly prelates but deplored Reformers who broke from Rome On all occasions he spoke for moderation in thought and action for classical humanism and a Christianity of the inward spirit Still he lived to see many of his friends imprisoned beheaded or burned for their beliefs and he himself was accused of heresy Through charming and frequently humorous glimpses of the people and scenes of Erasmus's life Professor Bainton suggests the amplitude of his hero's nature An affectionate appreciation Time Magazine calls Erasmus of Christendom In Bainton's view the current revolution in the church makes the Erasmian message even more pertinent and perhaps more poignant than ever before Woodcut images and illustrations throughout Hendrickson Classic Biographies feature enduring stories about real people whose lives have been touched and transformed by God and who in turn have touched others with God's love Each story has been carefully selected gently edited if necessary and freshly typeset making every account be it ancient or contemporary a compelling read Great lives reaching across the ages to touch lives today encouraging challenging and inspiring

Erasmus of Christendom Roland Herbert Bainton, 1982 Erasmus of Christendom [by] Roland H. Bainton Roland Herbert Bainton, 1969 *Erasmus of Christendom* Roland H. Bainton, 2006-02-01 *The Enchiridion of Erasmus* Desiderius Erasmus, 1963 **Desiderius Erasmus** Samuel Crompton, 2013 Erasmus challenged Martin Luther's stand on predestination and preferred to remain a member of the Roman Catholic Church while urging for its reform

The European Reformation Euan Cameron, 2012-03 A fully revised and updated version of this authoritative account of the birth of the Protestant traditions in sixteenth century Europe providing a clear and comprehensive narrative of these complex and many stranded events God, Locke, and Liberty Joseph Loconte, 2014-02-27 I no sooner perceived myself in the world wrote English philosopher John Locke than I found myself in a storm The storm of which Locke spoke was the maelstrom of religious fanaticism and intolerance that was tearing apart the social fabric of European society His response was A Letter Concerning Toleration 1689 arguably the most important defense of religious freedom in the Western tradition In God Locke and Liberty The Struggle for Religious Freedom in the West historian Joseph Loconte offers a groundbreaking study of Locke's Letter challenging the notion that decisive arguments for freedom of conscience appeared only after the onset of the secular Enlightenment Loconte argues that Locke's vision of a tolerant and pluralistic society was based on a radical reinterpretation of the life and teachings of Jesus In this Locke drew great strength from an earlier religious reform movement namely the Christian humanist tradition

Like no thinker before him Locke forged an alliance between liberal political theory and a gospel of divine mercy God Locke and Liberty suggests how a better understanding of Locke s political theology could calm the storms of religious violence that once again threaten international peace and security To read an interview with the author about the book on Patheos com see here <http://www.patheos.com/blogs/jesuscreed/2015/01/10/under-locke-and-key> **Blessed Are the Peacemakers** Lisa Sowle Cahill,2019-03-02 This book is a contribution to the Christian ethics of war and peace It advances peacebuilding as a needed challenge to and expansion of the traditional framework of just war theory and pacifism It builds on a critical reading of historical landmarks from the Bible through Augustine Aquinas the Reformers Christian peace movements and key modern figures like Dietrich Bonhoeffer Reinhold Niebuhr and recent popes Similar to just war theory peacebuilding is committed to social change and social justice but includes some theorists and practitioners who accept the use of force in extreme cases of self defense or humanitarian intervention Unlike just war theorists they do not see the justification of war as part of the Christian mission Unlike traditional pacifists they do see social change as necessary and possible and as such requiring Christian participation in public efforts Cahill argues that transformative Christian social participation is demanded by the gospel and the example of Jesus and can produce the avoidance resolution or reduction of conflicts And yet obstacles are significant and expectations must be realistic Decisions to use armed force against injustice even when they meet the criteria of just war will be ambiguous and tragic from a Christian perspective Regarding war and peace the focus of Christian theology ethics and practice should not be on justifying war but on practical and hopeful interreligious peacebuilding

The Division of Christendom Hans Joachim Hillerbrand,2007-01-01 InThe Division of Christendom revered historian Hans J Hillerbrand details the events and ideas of the sixteenth century and contends that the Protestant Reformation must be seen as an interplay of religious political and economic forces in which religion played a major role Hillerbrand tells the fascinating story of the ways in which theological disagreements divided the centuries old Christian church and the roles that leading characters such as Luther Zwingli Anabaptists and Calvin played in establishing new churches even as Roman Catholicism continued to develop in its own ways The book covers all significant aspects of this period and interprets these important events in their own context while reflecting on the consequences of the Reformation for later periods and for today

Humanism and the Rhetoric of Toleration Gary Remer,2010-11-01 Religious toleration is much discussed these days But where did the Western notion of toleration come from In this thought provoking book Gary Remer traces arguments for religious toleration back to the Renaissance demonstrating how humanist thinkers initiated an intellectual tradition that has persisted even to our present day Although toleration has long been recognized as an important theme in Renaissance humanist thinking many scholars have mistakenly portrayed the humanists as proto Enlightenment rationalists and nascent liberals Remer however offers the surprising conclusion that humanist thinking on toleration was actually founded on the classical tradition of rhetoric It was the rhetorician s commitment to decorum the ability to argue both sides of an issue and

the search for an acceptable epistemological standard in probability and consensus that grounded humanist arguments for toleration Remer also finds that the primary humanist model for a full fledged theory of toleration was the Ciceronian rhetorical category of sermo conversation The historical scope of this book is wide ranging Remer begins by focusing on the works of four humanists Desiderius Erasmus Jacobus Acontius William Chillingworth and Jean Bodin Then he considers the challenge posed to the humanist defense of toleration by Thomas Hobbes and Pierre Bayle Finally he shows how humanist ideas have continued to influence arguments for toleration even after the passing of humanism from John Locke to contemporary American discussions of freedom of speech

Humanism and the Reform of Sacred Music in Early Modern England Hyun-Ah Kim, 2016-05-13 John Merbecke c 1505 c 1585 is most famous as the composer of the first musical setting of the English liturgy The Booke of Common Praier Noted BCPN published in 1550 Not only was Merbecke a pioneer in setting English prose to music but also the compiler of the first Concordance of the whole English Bible 1550 and of the first English encyclopaedia of biblical and theological studies A Booke of Notes and Common Places 1581 By situating Merbecke and his work within a broader intellectual and religio cultural context of Tudor England this book challenges the existing studies of Merbecke based on the narrow theological approach to the Reformation Furthermore it suggests a re thinking of the prevailing interpretative framework of Reformation musical history On the basis of the new contextual study of Merbecke this book seeks to re interpret his work particularly BCPN in the light of humanist rhetoric It sees Merbecke as embodying the ideal of the Christian musical orator demonstrating that BCPN is an Anglican epitome of the Erasmian synthesis of eloquence theology and music The book thus depicts Merbecke as a humanist reformer through re evaluation of his contributions to the developments of vernacular music and literature in early modern England As such it will be of interest not only to church musicians but also to historians of the Reformation and students of wider Tudor culture
