The Desegregation of Public Libraries in the Jim Crow South Shirley A. Wiegand, Wayne A. Wiegand, 2018-04-14 In *The Desegregation of Public Libraries in the Jim Crow South* Wayne A and Shirley A Wiegand tell the comprehensive story of the integration of southern public libraries As in other efforts to integrate civic institutions in the 1950s and 1960s the determination of local activists won the battle against segregation in libraries In particular the willingness of young black community members to take part in organized protests and direct actions ensured that local libraries would become genuinely free to all citizens The Wiegands trace the struggle for equal access to the years before the Supreme Court's *Brown v Board of Education* decision when black activists in the South focused their efforts on equalizing accommodations rather than on the more daunting and dangerous task of undoing segregation After the ruling momentum for vigorously pursuing equality grew and black organizations shifted to more direct challenges to the system including public library sit ins and lawsuits against library systems Although local groups often took direction from larger civil rights organizations the energy courage and determination of younger black community members ensured the eventual desegregation of Jim Crow public libraries The Wiegands examine the library desegregation movement in several southern cities and states revealing the ways that individual communities negotiated mostly peacefully sometimes violently the integration of local public libraries This study adds a new chapter to the history of civil rights activism in the mid twentieth century and celebrates the resolve of community activists as it weaves the account of racial discrimination in public libraries through the national narrative of the civil rights movement

Responsibility in American Librarianship, 1967-1974 Toni Samek, 2017-07-06 Between 1967 and 1974 a number of librarians came together to push for change in the American Library Association They soon prompted a majority of the profession to examine their role in the dissemination and preservation of culture and to ask basic questions about the terrain that the profession defends A particular concern was the limitations to intellectual freedom if any that might arise in the pursuit of other perhaps equally worthy goals The questions raised by this advocacy group were based on a relatively new concept of librarianship social responsibility that was partly an outgrowth of the civil rights and antiwar agitation of the period and partly a continuation of the proud traditions of the alternative press movement in the United States The resulting dissension and turmoil exposed an inherent discrepancy not only between the rhetoric of ideals within the profession and the reality of practice but between librarians as agents of change librarians having a social agenda and professional neutrality or the provision of information for all sides without taking sides These conflicts have never been resolved The reader will find in this book a fully researched presentation of the years of ferment and political infighting that brought the issues into such sharp focus The History of Public Library Access for African Americans in the South David M. J. Josey** Renate L. Chancellor, 2020-02-07 This work provides a comprehensive examination of the life and professional career of E J Josey within the broader historical and political landscape of the civil rights movement In the era of Jim Crow Josey rose to prominence in the library profession by challenging the American Library Association ALA to live up to its creed of equality for all This was not easy during the 1950s and 1960s during segregation Using interviews with Josey and his contemporaries as well as several archival sources library educator Renate Chancellor analyzes Josey s leadership particularly within modern day racial currents During his professional career spanning over fifty years 1952 2002 Josey worked as a librarian 1953 1966 an administrator of library services 1966 1986 and as a professor of library science 1986 1995 He also served as President of the American Library Association and perhaps his most notable achievement he successfully drafted a resolution that prevented state library associations from discriminating against African American librarians This essentially ended segregation in the ALA Josey s transformative leadership provides a model to tackle today s civil rights challenges both in and outside the library profession This authoritative work copublished by the Association for Library and Information Science Education ALISE documents for the historical record a significant period of history that is underexplored in the scholarly literature The target audience for this book are researchers historians LIS educators and students interested in understanding the complex struggle for civil and human rights in professional organizations *How I Became A Jarl* S. Meakins,2010 Just after World War I Bert Brown served his engineering apprenticeship at the Eastleigh Railway Works Afterwards he and three friends joined Saunders refurbishing bombers For The RAF on the Isle of Wight Later Bert moved to Supermarine to work with R Mitchell to build the S6 S6A and S6B Schneider Trophy winning floatplanes Then he went to Short Brothers at Rochester as Chief Inspector of Flying Boats until the war started In 1940 Bert was sent to Cambridge as Chief Inspector to run a repair organisation called Sebro that was responsible for repairing and rebuilding the Stirling four engine bombers They ended up making airworthy over one thousand military aircraft for both the RAF and USAAF Sebro was to prove how badly the RAF command had planned for war and aircraft repair In some ways this is still one of the RAF s failures Bert developed close relationships with the RAF pilots and his engineers that remained For The rest of their lives His success was so great that the Germans tried to kill him and

destroy Sebro on a number of occasions Luckily they failed This book is a tribute to Bert Meakins and all aeronautical engineers who have made and still make flying safer for all of us
