Ermengard Of Narbonne And The World Of The Troubadours:

Ermengard of Narbonne and the World of the Troubadours Fredric L. Cheyette, 2001 Fredric L Cheyette s illustrated book is a biography of an extraordinary warrior woman and of a unique vulnerable doomed society Throughout her long reign viscountess Ermengard roamed Occitania receiving oaths of fidelity negotiating treaties settling disputes among the lords of her lands and camping with her armies before the walls of besieged cities She was born into a world of politics and warfare but from the Mediterranean to the North Sea her name echoed in songs that treated the arts of love Ermengard of Narbonne and the World of the Troubadours Fredric L. Cheyette, 2001 Mediterranean History Peregrine Horden, Sharon Kinoshita, 2014-01-21 A Companion to Mediterranean History presents a wide ranging overview of this vibrant field of historical research drawing together scholars from a range of disciplines to discuss the development of the region from Neolithic times to the present Provides a valuable introduction to current debates on Mediterranean history and helps define the field for a new generation Covers developments in the Mediterranean world from Neolithic times to the modern era Enables fruitful dialogue among a wide range of disciplines including history archaeology art literature and anthropology Papal Overlordship and European Princes, 1000-1270 Benedict Wiedemann, 2022 Papal Overlordship and European Princes 1000 1270 offers a new perspective on the political history of the central Middle Ages by focusing on the alliances between popes and rulers who claimed a special relationship with the successor of St Peter Rather than seeing these relationships as attempts by the popes to assert their lordship and monarchy over the entire world as many past narratives have this study asks what rulers got out of these relationships what they meant and how they were constructed Papal government in fact much pre modern government in general was based around replying to petitions Thus rulers and subjects by entering into a relationship with the pope were able to petition Rome and have their requests approved and given the sanction of papal authority Papal power was enlisted in the causes of petitioners All of these relationships between the popes and the kings of England Aragon Sicily Hungary Portugal and a myriad of further polities have at one time or another been called feudal a word that explains little or nothing about the nature and expectations of the alliance The second strand of this study examines how these relationships were constructed and how words and concepts circulated Eventually terms like fief and vassal and ideas about deposition of vassal kings were introduced into the political discourse around papal authority over their kings It always remained the case however that rulers sought out papal overlordship because of the opportunity it gave them to adopt and adapt papal power for their own The Queen's Hand Janna Bianchini, 2012-08-16 Her name is undoubtedly less familiar than that of her purposes grandmother Eleanor of Aquitaine or that of her famous conqueror son Fernando III yet during her lifetime Berenguela of Castile 1180 1246 was one of the most powerful women in Europe As gueen consort of Alfonso IX of Le n she acquired the troubled boundary lands between the kingdoms of Castile and Le n and forged alliances with powerful nobles on both sides

Even after her marriage was dissolved she continued to strengthen these connections as a member of her father s court On her brother's death she inherited the Castilian throne outright and then remarkably elevated her son to kingship at the same time Using her assiduously cultivated alliances Berenquela ruled alongside Fernando and set into motion the strategy that in 1230 would result in his acquisition of the crown of Le n and the permanent union of Castile and Le n In The Queen's Hand Janna Bianchini explores Berenquela s extraordinary lifelong partnership with her son and examines the means through which she was able to build and exercise power Bianchini contends that recognition of Berenguela as a powerful reigning queen by nobles bishops ambassadors and popes shows the key participation of royal women in the western Iberian monarchy Demonstrating how royal women could wield enormous authority both within and outside their kingdoms Bianchini reclaims Berenquela's place as one of the most important figures of the Iberian Middle Ages Medieval Urban Planning Mickey Abel, 2017-03-07 Broadly defined urban planning today is a process one might describe as half design and half social engineering It considers not only the aesthetic and visual product but also the economic political and social implications as well as the environmental impact This collection of essays explores the question of whether this sort of multifaceted planning took place in the Middle Ages and how it manifested itself outside of the monastic realm Bringing together the monastic historian and archaeologist with scholars of art and architecture this volume expands our comprehension of how those in roles of authority saw the planning process and implemented their plans to structure a particular outcome The examination of architectural complexes literary sources commercial legers and political records highlights the multiple avenues for viewing the growing awareness of the social potential of an urban environment **Cathars in Ouestion** Antonio C. Sennis, 2016 The question of the reality of Cathars and other heresies is debated in this provocative collection Chivalric Turn David Crouch, 2019-06-06 The Chivalric Turn examines the medieval obsession with defining and practising superior conduct and the social consequences that followed from it Historians since the seventeenth century have tended to understand medieval conduct through the eyes of the writers of the Enlightenment viewing superior conduct as knightly behaviour and categorising it as chivalry Using for the first time the full range of the considerable twelfth and thirteenth century literature on conduct in the European vernaculars and in Latin The Chivalric Turn describes and defines what superior lay conduct was in European society before chivalry and maps how and why chivalry emerged and redefined superior conduct in the last generation of the twelfth century The emergence of chivalry was only one part of a major social change because it changed how people understood the concept of nobility which had consequences for the medieval understanding of gender social class violence and the limits of law Gender and Voice in Medieval French Literature and Song Rachel May Golden, Katherine Kong, 2021-10-12 This volume brings together literary and musical compositions of medieval France identifying the use of voice in these works as a way of articulating gendered identities Almodis Tracev Warr, 2023-07-10 Repudiated kidnapped excommunicated desired At a time when a noblewoman s purpose is to produce

heirs Almodis resolves to create her own dynasty Almodis path to power and happiness is fraught with drama Forbidden love and murder underpin this extraordinary story based on the life of a scandalous female lord whose descendants went on to rule in France Spain and England Almodis de la Marche was afflicted with a Godless female itch according to the monk chronicler William of Malmesbury but she was radiant upon Earth according to her third husband Ramon Berenger count of Barcelona What were the motivations triumphs and griefs behind her scandal A novel based on the life of the real eleventh century Almodis de la Marche countess of Toulouse and Barcelona Almodis is feisty She takes any situation by the scruff of the neck and shakes the best out of it that she can Warr brings her off the page I read the book over a couple of days when I really should have been doing something else The Book Bag **Popular Opinion in the Middle Ages** Charles W. Connell, 2016-10-24 This book provides a needed overview of the scholarship on medieval public culture and popular movements such as the Peace of God heresy and the crusades and illustrates how a changing sense of the populus the importance of publics and public opinion and public spheres was influential in the evolution of medieval cultures Public opinion did play an important role even in the Middle Ages it did not wait until the era of modern history to do so Using modern research on such aspects of culture as textual communities large and small publics cults crowds rumor malediction gossip dispute resolution and the European popular revolution the author focuses on the Peace of God movement the era of Church reform in the tenth and eleventh centuries the rise and combat of heresy the crusades and the works of fourteenth century political thinkers such as Marsiglio of Padua regarding the role of the populus as the basis for the analysis The pattern of changes reflected in this study argues that just as in the modern world the simplistic idea of the public was a phantom Instead there were publics large and small that were influential in shaping the cultures of the era under review

The Passion of Dolssa Julie Berry,2017-04-04 A Printz Honor Book Gorgeous and evocative magnificent The New York Times Medieval France Dolssa is an upper crust city girl with a secret lover and an uncanny gift Branded a heretic she s on the run from the friar who condemned her mother to death by fire and wants Dolssa executed too Botille is a matchmaker and a tavern keeper struggling to keep herself and her sisters on the right side of the law in their seaside town of Bajas Their lives collide when Botille rescues a dying Dolssa and agrees to conceal her in the tavern Aided by her sisters and Symo her surly but loyal neighbor Botille nurses Dolssa back to health and hides her from her pursuers But all of Botille's tricks tales and cleverness can't protect them forever and when the full wrath of the Church bears down upon Bajas Dolssa's passion and Botille's good intentions could destroy the entire village Introduction to Medieval Europe 300-1500 Wim Blockmans, Peter Hoppenbrouwers, 2017-11-03 Introduction to Medieval Europe 300 1500 provides a comprehensive survey of this complex and varied formative period of European history covering themes as diverse as barbarian migrations the impact of Christianisation the formation of nations and states the emergence of an expansionist commercial economy the growth of cities the Crusades the effects of plaque and the intellectual and cultural life of the Middle Ages The book explores

the driving forces behind the formation of medieval society and the directions in which it developed and changed In doing this the authors cover a wide geographic expanse including Western interactions with the Byzantine Empire and the Islamic World This third edition contains a wealth of new features that help to bring this fascinating era to life including In the book A number of new maps and images to further understanding of the period Clear signposting and extended discussions of key topics such as feudalism and gender Expanded geographic coverage into Eastern Europe and the Middle East On the companion website An updated comparative and interactive timeline highlighting surprising synchronicities in medieval history and annotated links to useful websites A list of movies television series and novels related to the Middle Ages accompanied by introductions and commentaries Assignable discussion questions and the maps plates figures and tables from the book available to download and use in the classroom Clear and stimulating the third edition of Introduction to Medieval Europe is the ideal companion to studying Europe in the Middle Ages at undergraduate level Western Civilization, Volume I Michael Burger, 2013-12-16 Michael Burger's goal in this inexpensive overview is to provide a brief historical narrative of Western civilization Not only does its length and price separate this text from the competition but its no frills uncluttered format and well written one authored approach make it a valuable asset for every history student The Shaping of Western Civilization From Antiquity to the Mid Eighteenth Century begins with the ancient Near East and ends with the mid eighteenth century Unlike other textbooks that pile on dates and facts Shaping is a more coherent and interpretive presentation Burger's skills as writer and synthesizer will enable students to obtain the background required to ask meaningful questions of primary sources In addition to suggestions for further reading this overview includes over 40 images and 14 maps The Shaping of Western Civilization Michael Burger, 2024-05-01 In this overview Michael Burger's pedagogical goal is to provide a brief historical narrative of Western civilization to enable students to engage more fully with primary sources The no frills uncluttered format and well written one author approach make this book an affordable yet valuable asset for every history student The third edition features stylistic and substantive revisions throughout Volume One includes additional coverage of the neolithic revolution the evolving self definition of the West race in the Middle Ages the Crusades and the conquest of the Americas as well as new and improved maps The Making of Romantic Love William M. Reddy, 2024-05-31 In the twelfth century the Catholic Church attempted a thoroughgoing reform of marriage and sexual behavior aimed at eradicating sexual desire from Christian lives Seeking a refuge from the very serious condemnations of the Church and relying on a courtly culture that was already preoccupied with honor and secrecy European poets romance writers and lovers devised a vision of love as something quite different from desire Romantic love was thus born as a movement of covert resistance In The Making of Romantic Love Longing and Sexuality in Europe South Asia and Japan William M Reddy illuminates the birth of a cultural movement that managed to regulate selfish desire and render it innocent or innocent enough Reddy strikes out from this historical moment on an

international exploration of love contrasting the medieval development of romantic love in Europe with contemporaneous eastern traditions in Bengal and Orissa and in Heian Japan from 900 1200 CE where one finds no trace of an opposition between love and desire In this comparative framework Reddy tells an appealing tale about the rise and fall of various practices of longing underscoring the uniqueness of the European concept of sexual desire The Learned and Lived Law ,2024-10-21 This wide ranging collection of essays reflects the manifold scholarly interests of legal historian Charles Donahue whose former students engage here with questions related to foundational Roman law concepts the impact of the law on women and families in medieval and early modern Europe the intersection of law and religion and the echoes of legal ideas on later developments in American law and in world literature and philosophy From the monks of Metz to the book sellers of colonial Boston from fourteenth century English charters to the writings of Faust these essays invite you to experience law at once learned and lived Contributors are Charles Bartlett Anton Chaevitch Wim Decock Rowan Dorin Sally E Hadden Elizabeth Haluska Rausch Nikitas E Hatzimihail Samantha Kahn Herrick Daniel Jacobs Elizabeth Papp Kamali Amalia D Kessler Saskia Lettmaier Sara McDougall Stuart M McManus Elizabeth W Mellyn Bharath Palle Ryan Rowberry Carol Symes James R Townshend and John Witte Jr Women and the Crusades Helen J.
