Ernesto Pesce:

The Shock of Recognition Lewis Pyenson, 2020-10-12 In *The Shock of Recognition* Lewis Pyenson uses a method called Historical Complementarity to identify the motif of non figurative abstraction in modern art and science He identifies the motif in Picasso's and Einstein's educational environments He shows how this motif in domestic furnishing and in urban lighting set the stage for Picasso's and Einstein's professional success before 1914 He applies his method to intellectual life in Argentina using it to address that nation's focus on an inventory of the natural world until the 1940s its adoption of non figurative art and nuclear physics in the middle of the twentieth century and attention to landscape painting and the wonder of nature at the end of the century

Che Guevara Jon Lee Anderson, 2010-04-20 Acclaimed around the world and a national best seller this is the definitive work on Che Guevara the dashing rebel whose epic dream was to end poverty and injustice in Latin America and the developing world through armed revolution Jon Lee Anderson's biography traces Che's extraordinary life from his comfortable Argentine upbringing to the battlefields of the Cuban revolution from the halls of power in Castro's government to his failed campaign in the Congo and assassination in the Bolivian jungle Anderson has had unprecedented access to the personal archives maintained by Guevara's widow and carefully guarded Cuban government documents He has conducted extensive interviews with Che's comrades some of whom speak here for the first time and with the CIA men and Bolivian officers who hunted him down Anderson broke the story of where Guevara's body was buried which led to the exhumation and state burial of the bones Many of the details of Che's life have long been cloaked in secrecy and intrigue Meticulously researched and full of exclusive information *Che Guevara* illuminates as never before this mythic figure who embodied the high water mark of revolutionary communism as a force in history

Latin American and Caribbean Artists of the Modern Era Steve Shipp, 2003-01-01 This is a comprehensive reference book to more than 12 700 painters sculptors graphic artists and architects in Latin America Mexico Central America South America and the Caribbean region active during the nineteenth and twentieth centuries Entries include the artists years countries and bibliographies Also included are brief biographical and stylistic notes a record of each artist's exhibitions and a list of collections where the works can be seen There are 89 photographs of selected works supplementing the entries The introduction includes brief informative background essays on the individual countries and their artists

Memories that Lie a Little Emmanuel Nicolás Kahan, 2019-01-28 At first glance this book might appear to be yet another study on anti-Semitism in Argentina supplementing those portraying this Southern Cone country as a Nazi shelter and perpetrator of anti-Jewish acts Accounts of the last military dictatorship 1976-1983 which was responsible for the disappearance of thousands of people of Jewish origin have contributed to this image *Memories that Lie a Little* however challenges this view shedding new light on Jewish experiences during the military dictatorship Based on extensive archival research it maps the positions of a wide range of Jewish organizations toward the military regime opening the way for a better understanding of this complex historical period

If then the dictatorship was not actually anti Semitic in the strictest sense of the term why is it remembered as such Historical research is complemented here by a reconstruction of the ways in which the notion of the regime s anti Semitism was crafted from early on and an examination of its uses as well as the changes that this narrative underwent in the following years

The Story of Che Guevara Lucia Alvarez de Toledo,2013-10-01 Che Guevara is something of a symbol in the West a representative of Sixties counterculture and the face adorning the T shirts of a million student radicals But in the rest of the world he is something else a charismatic revolutionary who redrew the political map of Latin America and gave hope to those resisting colonialism everywhere Lucia Alvarez de Toledo comes from the same social milieu as Che Guevara born and raised in Buenos Aires she was at school while he attended university and then as a journalist she closely followed his meteoric political rise As a result she is able to put him into context like few others among his biographers dispelling numerous popular misconceptions and revealing aspects to his life which have been missed before Based on interviews with Che s family and those who knew him intimately this is an accessible biography that concentrates on the man rather than the icon With the political developments in Latin America in the twenty first century Guevara s influence can be seen to be even greater than it was during his lifetime

Grapheion ,2000

Guevara, Also Known as Che Paco Ignacio Taibo (II),Paco Ignacio Taibo,1999-08-19 Mexican novelist and historian Paco Ignacio Taibo II here captures the life and character of Che Guevara the preeminent Latin American revolutionary of the late twentieth century The symbol of radical egalitarianism and the war against social injustice Guevara was gunned down in the jungles of southeastern Bolivia in 1967 his death surrounded by questions that remain unanswered In the years since he died fascination with Che and his independent and pragmatic brand of Guerilla Marxism have become increasingly focused Taibo whose extensive contacts in Latin American political activism gives him unprecedented access to hitherto untapped sources probes Che s life with a storyteller s pen and an historian s judgment Delving into vast archives to which few researchers have entry Taibo investigates the mystery and myth surrounding Che s life careers and ideals

los 90 Fabián Lebenglik, Gustavo Bruzzone, 2024-09-16 El material aquí reunido fue pensado y escrito durante los años noventa o apenas concluida la década. Y ahora se publica por primera vez cuando el interés por el arte argentino de aquellos años sigue creciendo de manera muy notoria local e internacionalmente. Fabián Lebenglik desde la crítica militante y Gustavo Bruzzone desde el coleccionismo y el registro programático en video de la escena de aquellos años fueron testigos y protagonistas del fenómeno y presentan aquí un volumen exhaustivo y heterogéneo cuya primera parte está dedicada a un conjunto de ensayos especialmente comisionados y escritos apenas clausurado el siglo XX por especialistas que vieron y pensaron muy bien las artes visuales argentinas de aquel período. La segunda parte del volumen se compone de una amplia selección de artículos reseñas y entrevistas de Lebenglik publicados entre 1990 y 1999 en el diario Página 12. La tercera parte reúne decenas de testimonios de los protagonistas de las artes visuales de entonces que hoy se resignifican por su lucidez. Por último al final del recorrido se encuentran completas cronologías de las exposiciones, artistas y lugares de exhibición.

Malvinas. Fantasmas de guerra Marcelo Prudente, 2025-02-03 Malvinas Fantasmas de Guerra es el nombre de un conjunto de producciones artísticas: dibujos, pinturas, escritos que configuran una muestra de arte temática. Dichas obras fueron realizadas entre los años 2008 y 2012 y expuestas en su totalidad en el Hall de las Artes de la Facultad Regional Avellaneda de la Universidad Tecnológica Nacional luego de 30 años del conflicto bélico de 1982. Algunas obras de esta muestra habían sido expuestas con anterioridad en la Megamuestra Bicentenario en el año 2010 en la ciudad de Bariloche y otras con posterioridad en la Bienal de Arte de la Universidad de la Matanza en el año 2013 y otros lugares del interior del país. Este es un libro sobre la guerra de Malvinas, no en favor de esta guerra ni de ninguna otra. Sobre la lucha implacable por los derechos ideales y convicciones de los que creen y apoyan la reivindicación de la soberanía sobre todas nuestras islas del atlántico sur. También intenta resonar con cuestiones que compartimos como argentinos que van más allá del hecho puntual de la guerra y nos afectan como seres humanos habitantes de este país en este mundo y en la época en que nos toca vivir.
