Ernie Hemingways Sister Sunny Remembers Ernest Hemingways Great Lakes Connection:

Ernie Madelaine Hemingway Miller, 1975 Madelaine Sunny Hemingway was Ernie's beloved younger sister. Her memoir is warm, perceptive, and full of intimate details about her famous brother. Hundreds of anecdotes and over 140 family photographs, many not available elsewhere, give clues to the origins of the Nick Adams stories and other facets of Ernest Hemingway's life and writing. Our War Paint Is Writers' Ink Adam Spry, 2018-02-20 Explores a little-known history of exchange between Anishinaabe and American writers showing how literature has long been an important venue for debates over settler colonial policy and indigenous rights. For the Anishinaabeg, the indigenous peoples of the Great Lakes, literary writing has long been an important means of asserting their continued existence as a nation with its own culture, history, and sovereignty. At the same time, literature has also offered American writers a way to make the Anishinaabe Nation disappear, often by relegating it to a distant past. In this book, Adam Spry puts these two traditions in conversation with one another, showing how novels, poetry, and drama have been the ground upon which Anishinaabeg and Americans have clashed as representatives of two nations contentiously occupying the same land. Focusing on moments of contact, appropriation, and exchange, Spry examines a diverse range of texts in order to reveal a complex historical network of Native and non-Native writers who read and adapted each other's work across the boundaries of nation, culture, and time. By reconceiving the relationship between the United States and the Anishinaabeg as one of transnational exchange, *Our War Paint Is Writers' Ink* offers a new methodology for the study of Native American literatures capable of addressing a long history of mutual cultural influence while simultaneously arguing for the legitimacy and continued necessity of indigenous nationhood. In addition, the author reexamines several critical assumptions about authenticity, identity, and nationhood itself that have become common wisdom in both Native American and US literary studies. **Best Sellers**, 1975
