Peter Price, 2014-09-01 The processes of globalisation are reshaping our world dramatically and rapidly The great issues of our day emphasise that we are all in this together startling inequalities pressures on the environment continuing hunger and poverty climate change economic integration mass migrations instant communications and recurring armed conflicts *Das Patristische Prinzip* Andreas Merkt, 2015-12-22 The patristic principle demands that theological quarrels be settled by

resorting to the church fathers This volume presents the first comprehensive reflexion on the historical evolution of the present crisis of this ancient theological principle Focusing on the theory of the consensus quinquesaecularis the author surveys the development of patristic authority from the 16th to the 20th centuries and relates it to other problems of the Church in modern times such as the crisis of tradition the conflict between ecclesiastical authority and academic theology and ecumenism The concluding chapter tackles the question whether a renewal of the patristic principle is possible and feasible today *Journal of Ecumenical Studies* ,1991 **Divergent Traditions, Converging Faiths** Joseph Molleur,2000 Divergent Traditions Converging Faiths explores the relevance and usefulness of a comparative inter religious method for contemporary Christian theology using the work of Ernst Troeltsch as a springboard It also examines pertinent aspects of the work of Schleiermacher Tillich Raimon Panikkar and Francis X Clooney and develops a test case involving a comparison of Hindu and Christian concepts of grace The guiding question is should contemporary Christian theologians take the doctrines of non Christians into account in their constructive doctrinal work and if so how **Hermann Schell und der fortschrittliche Katholizismus** Ernst Commer,1907 **Absolute in History, The** Kasper, Walter,2018 Walter Kasper explains that the interest of theology has been broken off by idealistic thinking and advocates a new discussion between theology and idealism of the fundamental importance of the theology of the twentieth century *Elenchus of Biblica* ,1993 *Biblical Studies and the Shifting of Paradigms, 1850-1914* Henning Graf Reventlow,William R. Farmer,1995-05-01 The volume contains the contributions to a symposium in which specialists in different fields worked together in the attempt to throw by their cooperation more light on the conditions theological convictions and worldview political climate influence of state officials educational institutions and churches which were influential in the development of biblical studies in the second half of the 19th century The discussion originated with a special problem the thesis of William Farmer one of the co editors of the volume that the appointment of Heinrich Julius Holtzmann who defended the priority of the gospel of Mark as the oldest synoptic gospel to the New Testament professorship in Strasbourg in 1872 was the result of a direct intervention of the emperial chancellor Bismarck in the context of the kulturkampf who wished thereby to weaken the Roman Catholic position defending the supremacy of the chair of St Peter by the authority of the gospel of St Matthew Mt 16 18 The question belongs in the broader context of the presuppositions of Bible exegesis in the second half of the 19th century As both editors agreed that the matter is not yet finally settled it seemed to be essential for coming to deeper insights into the conditions under which biblical exegesis was enacted in the 19th century to broaden the scenery and to include other aspects that might throw more light on a period widely unknown to many scholars belonging to the present generation Therefore specialists of different fields joined a symposium in order to elucidate from their respective viewpoints and interests basic themes and methods of biblical exegesis scientific theology and the relations between state and university in the 19th centruy especially during the period of the second Reich But the themes were not restricted to this special area They included also a wider

outlook into the first half of the century and across the borders of Germany into other European countries So the volume contains a collection of essays which have in common that all of them contribute to a better knowledge of the inner and outer conditions which formed climate and results of Biblical interpretation in the period      **Missiology** ,1991 An international review      **International Mission Bibliography** Norman E.
