## Ernst Und Heiter:

, Der Mensch und Sein Werk Franz Rosenzweig, 2013-11-11      **POLIS** ,1906      *Schumann's Eichendorff Liederkreis and the Genre of the Romantic Cycle* David Ferris, 2000 This new study draws on analysis literary criticism and source studies to propose a new conception of the nineteenth century romantic cycle Rather than a unified whole the cycle is seen as a fragmentary and open ended form which enables Schumann to express the romantic themes of transcendence and ineffability in musical terms      The Collected Writings of Franz Liszt Janita R. Hall-Swadley, 2012-04-20 During his early years Franz Liszt worked as a traveling piano virtuoso his adventures highlighted by his entrance into the literary world as a correspondent for the most popular French journals of his time In this second volume of Janita Hall Swadley's *The Collected Writings of Franz Liszt* Liszt's work as a music essayist and journalist is on full display In his essays readers will see the influence of the revolutionary theories of Hugues Felicit Robert de Lamennais Victor Hugo and Francois Ren de Chateaubriand as Liszt boldly calls for social reforms on behalf of musicians and musical institutions from demands for a repertoire of church music of divine praise to the timely publication of inexpensive music editions In addition to Liszt's scandalous review of Sigismond Thalberg and the fiery exchange that ensued the essays include his testimonies to living composers Giacomo Meyerbeer and Robert Schumann and the recently deceased Niccol Paganini Alongside the essay this new translation of Liszt's letters opens a window onto the composer's immersion in the Italian countryside where he paints a portrait of a rich musical landscape Liszt regales his correspondents with amusing anecdotes at Sand's Italian country estate in Nohant describes the beautiful landscape and artistic treasures of Italy from his residence on Lake Como defends himself from Heinrich Heine's accusations of his ill seated character discusses the religious aesthetic of Raphael's painting and offers his thoughts on the interconnectedness of all the arts Including two complete facsimile reproductions of the existing manuscripts for *De la situation des artistes* and *Sur Paganini propos de sa mort* Essays and Letters of a Traveling Bachelor of Music is a must read for student and scholars of 19th century classical music      **Monatsschrift Für Das Deutsche Geistesleben** ,1903      **Quarterly Bulletin** Brooklyn Public Library, 1908      **Library Leaflet** Public Library of Cincinnati and Hamilton County, 1910      **Library Leaflet** ,1909      Living In Between Maria Reinecke, 2013-08-01 The value of actions doesn't lie in their outcomes but rather in what happens between them This quote from Maria Reinecke is well suited to her novel *Living In Between* which is now available in a new revised edition in German and American English The focus of this literary work is less on the culmination of its plot as much as what takes place within the story's spacetime interstices The finest perceptions and feelings of the two protagonists Marie and Anne are one of them only a reflection of the other form condensed interludes within and alongside the dramatic sequence of events Memories reflections dreams and traumas provide gentle accompaniment to the plot and give readers direct insight into the characters' tumultuous inner lives      **Germanistic Society quarterly** ,1914      **Bulletin** Detroit Public Library, 1915      *Gottfried Keller's Estimate of*

*Literary Men and Movements* Charles Albert Krummel, 1922      Five Great German Short Stories Stanley Appelbaum, 2012-07-12 Five outstanding selections from noble tradition Heinrich von Kleist s The Earthquake in Chile E T A Hoffmann s The Sandman Arthur Schnitzler s Lieutenant Gustl Thomas Mann s Tristan and Franz Kafka s The Judgment

*The Romantic Tradition in Germany* Ronald Taylor, 2020-01-30 Originally published in 1970 this book surveys the central philosophical and aesthetic doctrines which characterize German Romanticism A selection of literary philosophical and political essays by some of the most important German Romantic thinkers illustrates the principal themes these range from philosophical idealism and aesthetic subjectivism to folklore and emergent German nationalism from exotica and medievalism to irrationality and the metaphysics of music Introductory essays explain the significance of the particular aspects of the Romantic tradition which are revealed in each passage and commentaries not only elucidate allusions and references which are not immediately identifiable but draw attention to wider issues either in the work of that author or in the context of 19th Century German culture as a whole      *Bulletin ...* Grand Rapids Public Library (Grand Rapids, Mich.), 1913      **Annual Bulletin ...** , 1913      *Joseph Berglinger in Perspective* John Ellis, 1985 A rounded study of the *Herzensergiessungen* which follows a close reading approach The work is viewed in its position at the head of the early Romantic movement in Germany in terms of its artistic philosophical and structural content By focusing on the actual substance of the work the author preserves its integrity and allows the central figure of the problematic modern artist Berglinger to be seen in a true perspective      **Psychological Research** , 1924      Psychological Papers , 1893
