The Bride of Christ - A Metaphor for the Church Norbert Schnell, 2021-11-30 Lumen gentium the Dogmatic Constitution on the Church of the Second Vatican Council uses various images to speak about the Church This study is about the Church as the Bride of Christ Unlike the great images of the Church as the People of God and the Body of Christ the image of the Church as the Bride of Christ has never been extensively examined since the Second

Plato, and the Other Companions of Sokrates George Grote,1888 **Byung-Chul Han** Steven Knepper,Ethan Stoneman,Robert Wyllie,2024-06-07 Byung Chul Han is one of the most important living philosophers renowned for his critiques of the digital age In response to the idea that new technological devices expand our freedom he argues that they lead to burnout and self absorption and that we must redevelop contemplative practices which slow us down and open us up He has brought to his thought forms of deep cosmopolitanism developed from both Zen Buddhism and a renewed Romanticism This book is the first critical introduction to Han s body of work Knepper Stoneman and Wyllie explore Han s rich oeuvre to date and his incisive contributions to a range of disciplines including critical theory media studies political philosophy and aesthetics They unpack his key terms and illustrate his concepts with a range of examples revealing how the critiques of the achievement society and burnout which have earned Han a global audience build on his earlier accounts of power violence and mood This broader view addresses the most frequent criticisms of Han and makes a compelling case that he is not only an insightful diagnostician of the present moment but one whose interpretation of both Western and Eastern traditions offers wisdom for navigating the now acute problems of modernity This lively book is essential reading for anyone getting to grips with Han s extraordinary work *Lacan in Public* Christian Lundberg,2012-11-26 Lacan in Public argues that Lacan s contributions to the theory of rhetoric are substantial and revolutionary and that rhetoric is in fact the central concern of Lacan s entire body of work Scholars typically cite Jacques Lacan as a thinker primarily concerned with issues of desire affect politics and pleasure And though Lacan explicitly contends with some of the pivotal thinkers in the field of rhetoric rhetoricians have been hesitant to embrace the French thinker both because his writing is difficult and because Lacan s conception of rhetoric runs counter to the American traditions of rhetoric in composition and communication studies Lacan s conception of rhetoric Christian Lundberg argues in *Lacan in Public* upsets and extends the received wisdom of American rhetorical studies that rhetoric is a science rather than an art that rhetoric is predicated not on the reciprocal exchange of meanings but rather on the impossibility of such an exchange and that rhetoric never achieves a correspondence with the real world circumstances it attempts to describe As Lundberg shows Lacan s work speaks directly to conversations at the center of current rhetorical scholarship including debates regarding the nature of the public and public discourses the materiality of rhetoric and agency and the contours of a theory of persuasion Dramatic Works and Poems William Shakespeare,1848 **Agape Road** Bob Mumford,2011-07-28 The road believers travel is broken with twists turns and detours into worldliness and man made religion Thankfully God uses that broken road to draw us back toward the destination our hearts long for intimacy with Him In *Agape Road* author Bob Mumford illustrates how to avoid taking detours by abiding in Jesus Experiencing God s unconditional agape love gives us the security identity and belonging we cannot get any other

Haubold,2010 A collection of essays exploring the relationship between Plato and the poet Hesiod The volume covers a wide variety of thematic angles brings new and sometimes surprising light to a large range of Platonic dialogues and represents a major contribution to the study of the reception of archaic poetry in Athens *Cassell's Popular Science ...* Alexander S. Galt,1904 **A Practical Medical Dictionary ...** Thomas Lathrop Stedman,1926 Uses of Comparative Mythology Kenneth L. Golden,2021-04-14 This collection first published in 1992 offers critical interpretive essays on various aspects of the work of Joseph Campbell 1904 1987 one of a very few international experts on myth Joseph Campbell examines myths and mythologies from a comparative point of view and he stresses those similarities among myths the world over as they suggest an existing transcendent unity of all humankind His interpretations foster an openness even a generous appreciation of all myths and he attempts to generate a broad sympathetic understanding of the role of these stories in human history in our present day lives and in the possibilities of our future **The Complete Works of William Shakespeare: with Dr. Johnson's Preface** William Shakespeare,1840 The Complete Works of William Shakspeare William Shakespeare,William Harness,1851 **Plato and Levinas** Tanja Staehler,2009-09-11 Like Plato Emmanuel Levinas believed that ethics was the most fundamental philosophical discipline Levinas s approach to ethics begins in the encounter with the other as the most basic experience of responsibility He acknowledges the necessity to move beyond this initial dyadic encounter but has problems extending his approach to a larger dimension such as community To shed light on this dilemma Tanja Staehler examines broader dimensions which are linked to the political realm and the problems they pose for ethics Staehler demonstrates that both Plato and Levinas come to identify three realms as ambiguous the erotic the artistic and the political Staehler argues that these ambiguous dimensions can contribute to revealing the Other s vulnerability without diminishing the fundamental role of unambiguous ethical responsibility Defining Love Thomas Jay Oord,2010-06 Engages cutting edge scientific research on love and altruism to offer a definition of love that is scientifically theologically and philosophically adequate **Poetry of Contemplation** Arthur L. Clements,1990-01-01 This is the first systematic and thorough study of mysticism or contemplation in these three seventeenth century poets and in three modern writers It not only clarifies the very confused issue of mysticism in seventeenth century poetry but also connects seventeenth century poets with modern literature and science through the contemplative tradition from the Bible and Plato and Church fathers and important mystics of the Middle Ages through Renaissance and modern contemplatives The transformative and redemptive power of contemplative poetry or holy writing regardless of genre or discipline is prominent throughout the book and the relevance indeed the vital necessity of such poetry and of the living contemplative tradition to our apocalyptic modern world is discussed in the last chapter In this chapter attention is given to modern science especially to the new physics and to philosophical and mystical writings of eminent scientists
