Sommers**

Erotic Perception Philosophical Portraits:

Erotic Perception James Waddell,1997 Drawing on over 20 years of teaching a philosophy course on love sex and freedom Waddell walks a single erotic experience through the perspectives of four French philosophers and adds his own His goal is to situate the ideas of Sartre Merleau Ponty Levinas and Irigaray in the realm of physical emotional and psychic detail in order to make sense of erotic perception Annotation copyrighted by Book News Inc Portland OR **Resisting Nudities**

Florence Dee Boodakian,2008 This provocative book re conceives the erotic and its imaginative manifestations as an aesthetic ultimately driven by the disruption of desire Critical philosophical and erotic texts construct a framework for understanding the aesthetics of eroticism including a resisting nude grounded in a theory of absence and the psychosocial dynamic of physical and mental surveillance Resisting Nudities offers a necessary link between the poetry of jouissance and the revolt of body and mind intrinsic to the erotic at a key moment in our contemporary cultural landscape Written through a poetic lens it is a creative new analysis of what George Bataille called the most intense of human moments **Sexual**

Ideology in the Works of Alan Moore Todd A. Comer,Joseph Michael Sommers,2012-02-28 Alan Moore the idiosyncratic controversial and often shocking writer of such works as Watchmen The League of Extraordinary Gentlemen and V for Vendetta remains a benchmark for readers of comics and graphic novels This collection investigates the political social cultural and sexual ideologies that emerge from his seminal work Lost Girls and demonstrates how these ideologies relate to his larger body of work Framed by Moore s insistence upon deconstructing the myth of the superhero each essay attends to the form and content of Moore s comics under the rubric of his pervasive metaphor of the politics of sexuality the sexing of politics **The Philosophy of Viagra** ,2011-01-01 The impotency remedy Viagra is the fastest selling drug in history It has

grown beyond being simply a medical phenomenon but has achieved the status of cultural icon appearing on television as a pretext for jokes or even as a murder weapon Viagra has socio cultural implications that are not limited to sexuality The Philosophy of Viagra offers a unique perspective as it examines the phenomenon of Viagra through ideas derived from more than two thousand years of philosophical reasoning In philosophy Eros has always had a central position Since Plato philosophy has held that desire is not only a medical but also a spiritual phenomenon and that scientific explanations claiming to give an exhaustive account of erotic perception are misleading Philosophical ideas are able to debunk various scientific rationalizations of sexuality one of which is the clinical sexological discourse on Viagra In this volume several authors interpret Viagra through the lens of classical philosophy explicating the themes of immortality and hedonism Others offer psychoanalytical considerations by confronting clinical sexology with psychological realities Still others evoke intercultural aspects revealing the relative character of potency that the phenomenon of Viagra attempts to gloss over

New Literature on Women ,1997 [The Cumulative Book Index](#) ,1998 A world list of books in the English language

The Erotic Motive in Literature Albert Mordell,1919 **The Sensual Philosophy** Colleen Jaurretche,1997 The

Sensual Philosophy offers a richly illuminating reading of James Joyce's canon placing his texts in the context of the medieval mystical tradition that had influenced and interested Joyce since his school days. In exploring Joyce's indebtedness to the artistic and theological culture of the Middle Ages, Colleen Jaurretche also identifies the origins of modernist aesthetics in medieval forms of representation. Jaurretche follows the imprint of the negative mystical tradition which seeks to surmount all human categories and sensations so as to encounter the divine from its beginnings in the writings of Dionysius the Areopagite through its culmination in the sixteenth century writings of St John of the Cross. Joyce sees these ideas, she notes in the intellectual tradition of late Victorian and early Modern writers such as William Blake, Walter Pater, Francis Thompson, Gerard Manley Hopkins, Oscar Wilde, and W. B. Yeats. She traces the development of Joyce's mystical aesthetic through a critical examination of his novels culminating in the supreme negative mystical aestheticism of *Finnegans Wake*. **Choice**, 1999

Writing, Authorship and Photography in British Literary Culture, 1880 - 1920 Emily Ennis, 2022-03-24 At the turn of the 20th century, printing and photographic technologies evolved rapidly, leading to the birth of mass media and the rise of the amateur photographer. Demonstrating how this development happened symbiotically with great changes in the shape of British literature, *Writing, Authorship and Photography in British Literary Culture, 1880-1920* explores this co-evolution, showing that as both writing and photography became tools of mass dissemination, literary writers were forced to re-evaluate their professional and personal identities. Focusing on four key authors—Thomas Hardy, Bram Stoker, Joseph Conrad, and Virginia Woolf—each of which had their own private and professional connections to photography, this book offers valuable historical contexts for contemporary cultural developments and anxieties. At first establishing the authors' response to developing technologies through their non-fiction, personal correspondences, and working drafts, Ennis moves on to examine how their perceptions of photography extend into their major works of fiction: *A Laodicean*, *Dracula*, *The Secret Agent*, *The Inheritors*, and *The Voyage Out*. Reflecting on the first graphic revolution in a world where text and image are now reproduced digitally and circulated en masse and online, Ennis redirects our attention to when image and text appeared alongside each other for the first time and the crises this sparked for authors: how they would respond to increasingly photographic depictions of everyday life and, in turn, how their writing adapted to a distinctly visual mass media.

3D and Animated Lenticular Photography Kim Timby, 2015-07-31 Scholars are increasingly investigating photography's broad cultural role, expanding our understanding of the diversity of photographic practices. Kim Timby contributes to this new history of photography by examining the multifaceted story of images that animate with a flick of the wrist or appear vividly three-dimensional without the use of special devices, both made possible by the lenticular process. Using French case studies, this volume broadly weaves 3D and animated lenticular imagery into scientific and popular culture, from early cinema and color reproduction to the birth of modern advertising and the market for studio portraits, postcards, and religious imagery. The motivations behind the invention and reinvention of this pervasive form of imagery from the turn of the twentieth century

through the end of the pre digital era shed new light on our relationship to photographic realism and on the forceful interplay in photography between technological innovation and the desire to be entertained 3D and Animated Lenticular Photography Between Utopia and Entertainment is a profusely illustrated and engaging interdisciplinary study of a wide ranging body of images that have fascinated viewers for generations **American Book Publishing Record** ,2003 **Aesthetics and the Philosophy of Art** Prabha Shankar Dwivedi,2021-07-22 This volume brings together the finest research on aesthetics and the philosophy of art by stalwart critics and leading scholars in the field It discusses various themes such as the idea of aesthetic perception the nature of aesthetic experience attitude theory the relation of art to morality representation in art and the association of aesthetics with language studies in the Indian tradition It deliberates over the theories and views of Aristotle Freud Plato Immanuel Kant T S Eliot George Dickie Leo Tolstoy R G Collingwood Michael H Mitias Monroe C Beardsley and Abhinavagupta among others The book offers a comparative perspective on Indian and Western approaches to the study of art and aesthetics and enables readers to appreciate the similarities and differences between the conceptions of aesthetics and philosophy of art on a comparative scale detailing various aspects of both The first of its kind this key text will be useful for scholars and researchers of arts and aesthetics philosophy of art cultural studies comparative literature and philosophy in general It will also appeal to general readers interested in the philosophy of art **Sight and the Ancient Senses** Michael Squire,2015-12-22 It is to Greek critical thinking about seeing that we owe our conceptual framework for theorizing the senses and it is also to such thinking that we owe the lasting legacy of Greco Roman imagery Sight and the Ancient Senses is the first thorough introduction to the conceptualization of sight in the history visual culture literature and philosophy of classical antiquity Examining how the Greeks and Romans interpreted what they saw the collection also considers sight in relation to the other senses This volume brings together a number of interdisciplinary perspectives to deliver a broad and balanced coverage of this subject Contributors explore the cultural social and intellectual backdrops that gave rise to ancient theories of seeing from Archaic Greece through to the advent of Christianity in late antiquity This series of specially commissioned thematic chapters demonstrate how theories about sight informed Graeco Roman philosophy science poetry rhetoric and art The collection also reaches beyond its Graeco Roman visual framework showcasing how ancient ideas have influenced the longue dur e of western sensory thinking Richly illustrated throughout including a section of color plates Sight and the Ancient Senses is a wide ranging introduction to ancient theories of seeing which will be an invaluable resource for students and scholars of classical antiquity **Wisdom, Love, and Friendship in Ancient Greek Philosophy** Georgia Sermamoglou-Soulmaidi,Evan Robert Keeling,2020-11-23 This volume consists of fourteen essays in honor of Daniel Devereux on the themes of love friendship and wisdom in Plato Aristotle and the Epicureans Philia friendship and eros love are topics of major philosophical interest in ancient Greek philosophy They are also topics of growing interest and importance in contemporary philosophy much of which is inspired by ancient discussions Philosophy is itself of course a

special sort of love viz the love of wisdom Loving in the right way is very closely connected to doing philosophy cultivating wisdom and living well The first nine essays run the gamut of Plato's philosophical career They include discussions of the Alcibiades Euthydemus Gorgias Phaedo Phaedrus Symposium Nicomachean Ethics Politics Protrepticus Magna Moralia **The Portrait Bust and French Cultural Politics in the Eighteenth Century** Ronit Milano, 2015-02-24 In The Portrait Bust and French Cultural Politics in the Eighteenth Century Ronit Milano probes the rich and complex aesthetic and intellectual charge of a remarkably concise art form and explores its role as a powerful agent of epistemological change during one of the most seismic moments in French history The pre Revolutionary portrait bust was inextricably tied to the formation of modern selfhood and to the construction of individual identity during the Enlightenment while positioning both sitters and viewers as part of a collective of individuals who together formed French society In analyzing the contribution of the portrait bust to the construction of interiority and the formulation of new gender roles and political ideals this book touches upon a set of concerns that constitute the very core of our modernity **Thinking Through the Body** Richard Shusterman, 2012-09-17 A richly rewarding vision of the burgeoning interdisciplinary field of somaesthetics with fourteen essays by the originator of the field Plato on the Value of Philosophy Tushar Irani, 2017-03-30 Plato was the first philosopher in the western tradition to reflect systematically and often critically on rhetoric In this book Tushar Irani presents a comprehensive and innovative reading of the Gorgias and the Phaedrus the only two Platonic dialogues to focus on what an art of argument should look like treating each of the texts individually yet ultimately demonstrating how each can best be understood in light of the other For Plato the way in which we approach argument typically reveals something about our deeper desires and motivations particularly with respect to other people and so the key to understanding his views on the proper practice of argument lies in his understanding of human psychology According to this reading rhetoric done well is simply the practice of philosophy the pursuit of which has far reaching implications for how we should relate to others and how we ought to live **Joyce: Feminism / Post / Colonialism**, 2021-11-15 James Joyce is located between and constructed within two worlds the national and international the political and cultural systems of colonialism and postcolonialism Joyce's political project is to construct a postcolonial contra modernity to write the incommensurable differences of colonial postcolonial and gendered subjectivities and in doing so to reorient the axis of power and knowledge What Joyce dramatizes in his hybrid writing is the political and cultural remainder of imperial history or patriarchal canons a remainder that resists assimilation into the totalizing narratives of modernity Through this remainder of both politics and the psyche Joyce reveals how a minority culture can construct political and personal agency Joyce Feminism Post Colonialism edited by Ellen Carol Jones bears witness to the construction of that agency tracing the inscription of the racial and sexual other in colonial nationalist and postnational representations deciphering the history of the possible Contributors are Gregory Castle Gerald Doherty Enda Duffy James Fairhall Peter Hitchcock Ellen Carol Jones Ranjana Khanna Patrick McGee Marilyn Reizbaum Susan de Sola Rodstein Carol

Shloss and David Spurr **Technology and the Making of Experimental Film Culture** John Powers, 2023 The Bolex camera 16mm reversal film stocks commercial film laboratories and low budget optical printers were the small gauge media technologies that provided the infrastructure for experimental filmmaking at the height of its cultural impact Technology and the Making of Experimental Film Culture examines how the avant garde embraced these material resources and invested them with meanings and values adjacent to those of semiprofessional film culture By reasserting the physicality of the body in making time lapse and kinesthetic sequences with the Bolex filmmakers conversed with other art forms and integrated broader spheres of humanistic and scientific inquiry into their artistic process Drawing from the photographic qualities of stocks such as Tri X and Kodachrome they discovered pliant metaphors that allowed them to connect their artistic practice to metaphysics spiritualism and Hollywood excess By framing film labs as mystical or adversarial they cultivated an oppositionality that valorized control over the artistic process And by using the optical printer as a tool for excavating latent meaning out of found footage they posited the reworking of images as fundamental to the exploration of personal and cultural identity Providing a wealth of new detail about the making of canonized avant garde classics by such luminaries as Carolee Schneemann Jack Smith and Stan Brakhage as well as rediscovering works from overlooked artists such as Chick Strand Amy Halpern and Gunvor Nelson Technology and the Making of Experimental Film Culture uses technology as a lens for examining the process of making where ideas come from how they are put into practice and how arguments about those ideas foster cultural and artistic commitments and communities

This is likewise one of the factors by obtaining the soft documents of this **Erotic Perception Philosophical Portraits** by online. You might not require more era to spend to go to the books start as competently as search for them. In some cases, you likewise reach not discover the statement Erotic Perception Philosophical Portraits that you are looking for. It will completely squander the time.

However below, next you visit this web page, it will be for that reason utterly simple to acquire as capably as download guide Erotic Perception Philosophical Portraits

It will not undertake many times as we run by before. You can pull off it even though faint something else at home and even in your workplace. suitably easy! So, are you question?
