

EPIC & SEDITION

THE CASE OF FERDOWSI'S SHAHNAMEH

by DICK DAVIS

Epic And Sediton

Kathryn Babayan

Epic And Sedition:

Epic and Sedition Dick Davis, 2006 Iran's national epic the Shahnameh of Ferdowsi has traditionally been regarded by both Persians and Westerners as a poem celebrating the central role of monarchy in Persian history In this groundbreaking book Dick Davis argues that the poem is far more than a patriotic chronicle of kingly deeds Rather it is a subtle and highly ambiguous discussion of authority and far from being a celebration of monarchy its most famous episodes and heroes amount to a radical critique of the institution Davis demonstrates that the public world of kingly authority is shadowed in the poem by a series of tragic father son relationships and that in both the royal and familial spheres authority figures are invariably presented as morally inferior to those whom they govern The Shahnameh's complex aesthetic structure and its tragic resolution of problems of authority and hierarchy make it an artistic artifact able to take its rightful place beside the major masterpieces of world literature

Ethical Sense and Literary Significance Donald R. Wehrs, 2023-07-31 This study blends together ethical philosophy neurocognitive evolutionary studies and literary theory to explore how imaginative discourse addresses a distinctively human deep sociality and by doing so helps shape cultural and literary history Deep sociality arising from an improbable evolutionary history both entwines and leaves non reconciled what is felt to be significant for us and what ethical sense seems to call us to acknowledge as significant independent of ourselves Ethical Sense and Literary Significance connects literary and cultural history without reducing the literary to a mere expression of something else It argues that affective differences between non egocentric and egocentric registers of significance are integral to the bioculturally evolved deep sociality that verbal art addresses often in unsettling and socially critical ways Much imaginative discourse in early societies as well as recent ones brings ethical sense and literary significance together in ways that reveal their intricate but non harmonized internal entwinement Drawing on contemporary scholarship in the humanities and sciences Donald R Wehrs explores the implications of interdisciplinary approaches to topics central to a wide range of fields beyond literary studies including neuroscience anthropology phenomenological philosophy comparative history and social psychology

the Lines Annabel M. Patterson,1993 For those exhausted by the highly charged debates and polarized climate of literary studies today Annabel Patterson s Reading Between the Lines offers a strategic compromise a moderate stance between the radical opponents and the zealous protectors of the traditional Western canon She reconsiders the value of reading the white male canonical writers of antiquity and of early modern England finding in them a set of values different from those supposed by both sides in the Great Books quarrel Rather than being the unthinking or deliberate promoters of political or cultural uniformity these writers subjected such conventional notions to critical scrutiny and even promoted alternatives The key to this revisionary argument is reading between the lines a strategy usually associated with the eccentric conservatism of Leo Strauss but which Patterson shows is not only implicit in all acts of interpretation but played a particularly important role in an age when writing between the lines was often essential for the writer s survival Patterson argues that if we learn how to read those old and seemingly alien texts which themselves responded to rapid and unsettling change in the arenas of religion politics and education they have much that is liberating to tell us about our own expanding culture including the importance of republican constitutionalism freedom of speech and civic and religious toleration This salutary redefinition of humanism arises from Patterson s essays on Plato Spenser Shakespeare Donne and Milton but the book also deals with the gendered topics of rape and divorce and with popular culture in the sixteenth century and today These interests are not on opposite sides of some theoretical boundary but as Patterson demonstrates from contemporary novels by Joseph Heller and Nancy Price interdependent

origins *Brill's Companion to the Reception of Alexander the Great*, 2018-09-11 Brill's Companion to the Reception of Alexander the Great offers a considerable range of topics of interest to students and academics alike in the long tradition of this subject's significant impact across a sometimes surprising and comprehensive variety of areas. Arguably no other historical figure has cast such a long shadow for so long a time. Every civilisation touched by the Macedonian Conqueror along with many more that he never imagined has scrambled to own some part of his legacy. This volume canvasses a comprehensive array of these receptions beginning from Alexander's own era and journeying up to the present in order to come to grips with the impact left by this influential but elusive figure. *Shahnama* Robert Hillenbrand, 2017-07-05 *Shahnama: The Visual Language of the Persian Book of Kings* presents the first comprehensive examination of the interplay between text and image in the celebrated Persian national epic, the *Shahnama*, written by the poet Firdausi of Tus. The *Shahnama* is one of the longest poems ever composed and recounts the history of Iran from the dawn of time to the Muslim Arab conquests of the seventh century AD. There is no Persian text in prose or poetry which has been so frequently and lavishly illustrated. Offering fresh insights through a range of varied art historical approaches to the *Shahnama*, the essays in this volume reveal how the subtle alterations in text and image serve to document changes in taste and style and can be understood as reflections of the changing role of the national epic in the imagination of Iranians and the equally changing messages, often political in nature, which the familiar stories were made to convey over the centuries. *The Alexander Romance in Persia and the East* Richard Stoneman, Kyle Erickson, Ian Richard Netton, 2012 Alexander the Great of Macedon was no stranger to controversy in his own time. Conqueror of the Greek states of Egypt and of the Persian Empire as well as many of the principalities of the Indus Valley, he nevertheless became revered as well as vilified. Was he simply a destroyer of the ancient civilizations and religions of these regions or was he a hero of the Persian dynasties and of Islam? The conflicting views that were taken of him in the Middle East in his own time and the centuries that followed are still reflected in the tensions that exist between east and west today. The story of Alexander became the subject of legend in the medieval west but was perhaps even more pervasive in the east. The *Alexander Romance* was translated into Syriac in the sixth century and may have become current in Persia as early as the third century AD. From these beginnings it reached into the Persian national epic, the *Shahnameh*, into Jewish traditions and into the Quran and subsequent Arab romance. The papers in this volume all have the aim of deepening our understanding of this complex development. If we can understand better why Alexander is such an important figure in both east and west, we shall be a little closer to understanding what unites two often antipathetic worlds. This volume collects the papers delivered at the conference of the same title held at the University of Exeter from July 26-29, 2010. More than half the papers were by invited speakers and were designed to provide a systematic view of the subject; the remainder were selected for their ability to carry research forward in an integrated way.

Shahnama Studies I Charles Melville, 2024-02-12 The first volume in the series *Studies in Persian Cultural History* is the

edited volume based on the papers from the Second Shahnama round table held in 2003 in Cambridge and published by Charles Melville in 2006 The Centre of Middle Eastern and Islamic Studies University of Cambridge The Shahnama or Book of Kings by the Persian poet Firdausi completed in 1010 A D is a verse epic that narrates the history of the Iranian people from the earliest times to the collapse of the Persian Empire in the early seventh century Based on orally transmitted legends and written sources now lost Firdausi s lifetime s work retells the myths and legends of ancient Iran interweaving stories of the successive dynasties and Shahs from the first king Kayumars down to the last ill fated Sasanian monarch Yazdagird III murdered by a miller in the Merv oasis with accounts of combats with monstrous beasts hunting exploits and gargantuan feasting The poem recounts the first ordering of society under Jamshid with the domestication of animals and the learning of crafts the glory and hubris of the Shahs tempted by their power to indulge in acts of tyranny and folly the strained relations between the rulers and their champions the introduction of Zoroastrianism the legendary conquests of Alexander the Great and finally the contest between Persia and byzantium for dominion in the Middle East The Shahnama is a defining work of Persian literature providing multi layered paradigms of Iran s experience of monarchical rule of her relations with her neighbours to East and West and of the traditional values of civilised society Although the arbitrary and often cruel workings of Fate frequently determine the course of events Firdausi persistently urges his heroes to take responsibility for their actions guided by the twin virtues of justice and wisdom This volume brings together a collection of papers exploring many different aspects of the Shahnama both as literature and as the object of royal patronage It focuses particularly on the manuscripts in which the poem has been preserved from the thirteenth century onwards and the relationships between Firdausi s text and the rich variety of the miniature paintings created to illustrate it *Утраченное Просвещение:*

Persian Presence in Victorian Poetry Taher-Kermani Reza Taher-Kermani, 2020-03-18 A study of the wealth of meanings that Persia real or imagined held for Victorian poetry Takes a broad interdisciplinary approach to a significant strand in the Oriental texture of Victorian poetry Contributes to a growing body of research on the process of cultural exchange between the West and the Orient Provides the first systematic index of nineteenth century Persianised poems Offers a distinctive mix of history and literature dealing with an array of texts ranging from ancient Greece to nineteenth century British travel writings The Persian Presence in Victorian Poetry surveys the variety of ways in which Persia and the multitude of ideological historical cultural and political notions that it embodied were received circulated and appropriated Providing the first systematic index of nineteenth century poems that were in any way involved with Persia the book explores its presence across a broad range of works incorporating literary historical and cultural material **The Sikh Zafar-namah of Guru Gobind Singh** Louis E. Fenech, 2013-02-07 Louis E Fenech offers a compelling new examination of one of the only Persian compositions attributed to the tenth Sikh Guru Guru Gobind Singh 1666 1708 the Zafar namah or Epistle of Victory Written

as a masnavi a Persian poem this letter was originally sent to the Mughal emperor Aurangzeb d 1707 rebuking his most unbecoming conduct Incredibly Guru Gobind Singh s letter is included today within the Sikh canon one of only a very small handful of Persian language texts granted the status of Sikh scripture As such its contents are sung on special Sikh occasions Perhaps equally surprising is the fact that the letter appears in the tenth Guru s book or the Dasam Granth in the standard Gurmukhi script in which Punjabi is written but retains its original Persian language a vernacular few Sikhs know Drawing out the letter s direct and subtle references to the Iranian national epic the Shah namah and to Shaikh Sa di s thirteenth century Bustan Fenech demonstrates how this letter served as a form of Indo Islamic verbal warfare ensuring the tenth Guru s moral and symbolic victory over the legendary and powerful Mughal empire Through analysis of the Zafar namah Fenech resurrects an essential and intriguing component of the Sikh tradition its Islamicate aspect **The Persians** Gene R. Garthwaite, 2008-04-15 The Persians is a succinct narrative of Iranian history from the time of Cyrus the Great in 560BC to the present day A succinct narrative of Iranian history from the time of Cyrus the Great in 560BC to the present day Traces events from the rise of the Persian empire through competition with Rome and conquest by the Arabs through to the establishment of a Persian state in the sixteenth century and finally the Islamic Revolution on 1979 and the establishment of the current Islamic Republic Uses the most recent scholarship to examine Iran s political social and cultural history Focuses on rulership as a central theme in Iranian identity Also shows how land language and literature relate to Iranian identity
