Monson,2015-03-25 A classic theology and a contemporary school of preaching come together in this new work Glenn Monson an active Lutheran preacher has taken the substantial concerns of Law and Gospel theologians and combined them with the insights of the New Homiletic School to come up with a guide to sermon development that helps any preacher deliver Law and Gospel sermons in a contemporary way The author leads the reader through a step by step process in thinking about Law and Gospel preaching from exegesis through sermon design to manuscript writing Multiple examples from assigned lectionary texts are included and several sermons are analyzed in detail This book will be an invaluable friend of any lectionary preacher for whom Sunday is always coming and who longs to preach classic Law and Gospel sermons in a new and fresh way **The Grendel Project** Brent Kitching,2009-03 Most people live with the assumption that man is the high point of life on Earth Our technologies and ingenious inventions give further credibility to what seems so self evident Yet there is a dark side to our progress We are exploiting the planet and it is inevitable that many resources will run out Could man evolve differently Is there a higher being in each of us that needs to be honored Can we only do this by cultivating a different part of our mind Journey along with Professor Eric Parker as he encounters a revolutionary discovery the missing link and weaves a new meaning to the age old question of what it means to be fully human Will Parker be able to escape the death threats of fundamentalist zealots Will he be able to save this recently discovered species from extinction fabricated by those who reject the idea of evolution in favor of special creation Will Parker find a way to make his life a more sacred experience See how one person s search for meaning can survive in a world of conventional answers *New York Magazine* ,1995-10-09 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New
