Dürrenmatt, 1959 **Episode on an Autumn Evening**, 1959
Friedrich Dürrenmatt, 1959 *The Saturday Evening Post*, 1928
Bradley, 2014-03-18 First Published in 2003 Routledge is an imprint of Taylor Francis an informa company **Descriptive Translation Studies and Beyond** Gideon Toury, 1995 A replacement of the author's well known book on Translation Theory In Search of a Theory of Translation 1980 this book makes a case for Descriptive Translation Studies as a scholarly activity as well as a branch of the discipline having immediate consequences for issues of both a theoretical and applied nature Methodological discussions are complemented by an assortment of case studies of various scopes and levels with emphasis on the need to contextualize whatever one sets out to focus on Part One deals with the position of descriptive studies within TS and justifies the author's choice to devote a whole book to the subject Part Two gives a detailed rationale for descriptive studies in translation and serves as a framework for the case studies comprising Part Three Concrete descriptive issues are here tackled within ever growing contexts of a higher level texts and modes of translational behaviour in the appropriate cultural setup textual components in texts and through these texts in cultural constellations Part Four asks the question What is knowledge accumulated through descriptive studies performed within one and the same framework likely to yield in terms of theory and practice This is an excellent book for higher level translation courses **Descriptive Translation Studies - and beyond** Gideon Toury, 2012-11-21 This is an expanded and slightly revised version of the book of the same title which caused quite a stir when it was first published 1995 It thus reflects an additional step in an ongoing research project which was launched in the 1970s The main objective is to transcend the limitations of using descriptive methods as a mere ancillary tool and place a proper branch of DTS at the very heart of the discipline between the theoretical and the applied branches Throughout the book theoretical and methodological discussions are illustrated by an assortment of case studies the emphasis being on the need to take whatever one wishes to focus on within the contexts which are relevant to it Part One discusses the pivotal position of the descriptive branch within Translation Studies and Part Two then outlines a detailed rationale for that positioning This in turn supplies a framework for the case studies comprising Part Three where a number of exemplary issues are analysed and contextualized texts and modes of translational behaviour are situated in their cultural setting and textual components are related to their texts and then also to the cultural constellations in which they are embedded All this leads to Part Four which asks what the knowledge accumulated through descriptive studies of the kind advocated in the book is likely to yield in terms of both the theoretical and the applied branches of the field All in all an innovative thought provoking book which no one with a keen interest in translation can afford to ignore The Poetry Contest in Six Hundred Rounds (2 vols) Thomas E. McAuley, 2019-12-02 For the monumental Poetry Competition in Six

Hundred Rounds Roppyakuban uta awase twelve poets each provided one hundred waka poems fifty on seasonal topics and fifty on love which were matched critiqued by the participants and judged by Fujiwara no Shunzei the premiere poet of his age Its critical importance is heightened by the addition of a lengthy Appeal chinj against Shunzei s judgements by the conservative poet and monk Kensh It is one of the key texts for understanding poetic and critical practice in late twelfth century Japan and of the conflict between conservative and innovative poets The Competition and Appeal are presented here for the first time in complete English translation with accompanying commentary and explanatory notes by Thomas McAuley

A Zen Wave (Large Print 16pt) Robert Aitken,2010-05 Zen Buddhism distinguishes itself by brilliant flashes of insight and its terseness of expression The haiku verse form is a superb means of studying Zen modes of thought and expression for its seventeen syllables impose a rigorous limitation that confines the poet to vital experience Here haiku by Matsuo Basho 1644 94 the greatest Japanese haiku poet are translated by Robert Aitken with commentary that provides a

new and deeper understanding of Basho's work than ever before. In presenting themes from the haiku and from Zen literature that open the doors both to the poems and to Zen itself, Aitken has produced the first book about the relationship between Zen and haiku. His readers are certain to find it invaluable for the remarkable revelations it offers. *The Road to Komatsubara* Steven D. Carter, 2020-05-11 Carter attempts to reconstruct the classical reading of renga linked verse using extant rulebooks from the time approximating in every way possible the manner in which it was read in its own time and place. The result is a rare glimpse into the literary consciousness of the medieval Japanese that seems paradoxically modern in its insistence on the final indeterminacy of poetic meaning. Includes a full translation of the 1501 rulebook along with an annotated translation of a solo renga sequence composed in 1492 by Shōhaku's teacher and mentor Sōgi. **String of Beads** Princess Shikishi (daughter of Goshirakawa, Emperor of Japan), 1993-01-01 Princess Shikishi, Emperor Goshirakawa's third daughter who served as a shrine vestal in her teens, left a body of poems luminous with tranquil beauty and sadness. In her own lifetime she was counted among the outstanding poets of the age. In this volume, noted translator Hiroaki Sato makes available in one-line form all of the tanka 400 poems attributed to Princess Shikishi. Following an introduction that details Shikishi's era and the prosodic techniques of her time, Sato presents a group of poems gleaned from anthologies among them a sequence of eleven which Shikishi wrote in condolence for the death of the wife of Fujiwara no Shunzei, her mentor, and three important 100-poem sequences. To provide allusive contexts, many of the poems are accompanied by extensive footnotes and endnotes, often with complete episodes from Tale of Ise and other classical texts. **The Beauties of Modern British Poetry** David Grant, 1848 Clara's Poems Clara, 1861
