Epistemology Of Religious Experience

Amber L. Griffioen

Epistemology Of Religious Experience:

Perceiving God William P. Alston, 2014-01-24 In this clear and provocative account of the epistemology of religious experience William P Alston argues that the perception of God his term for direct experiential awareness of God makes a major contribution to the grounds of religious belief Surveying the variety of reported direct experiences of God Alston demonstrates that a person can be justified in holding certain beliefs about God on the basis of mystical experience **The Epistemology of Religious Experience** Keith E. Yandell, 1994-11-25 Arguing against the notion that religious experience is ineffable while advocating the view that it can provide evidence of God s existence this text contends that social science and nonreligious explanations of religious belief and experience do not cancel out the force of the experience **Religious Experience and Religious Belief** Joseph Runzo, Craig K. Ihara, 1986-04-25 To find more information on Rowman Littlefield titles please visit us at www.rowmanlittlefield.com [Perceiving God](#) William P. Alston, 1993 **Religious Experience** Amber L. Griffioen, 2021-12-23 This Element looks critically at the history and epistemology of religious experience and how the concept can be fruitfully expanded **Religious Experience and Religious Lives** Walter Scott Stepanenko, 2023-08-01 Religious Experience and Religious Lives An Epistemology defends a moderate approach to religious experiences in which they can contribute to the justification of central religious beliefs most importantly belief in God Epistemologists of religion disagree about what evidential value religious experiences have Some argue that religious experiences have no evidential value while others argue that religious experiences constitute proof of God s existence However Walter Scott Stepanenko argues that religious experiences can contribute to these justificatory cases in several distinct ways and that several justificatory cases are philosophically viable This book contends that this joint justificatory viability is best explained by the diversity and development of religious lives as religious believers grow in a faith tradition their access to an evidential base can develop and the contributory work religious experiences provide in defense of religious belief can change This suggests that various epistemologies of religious experience implicitly emphasize different life stages or different prototypical religious believers and that a fully adequate epistemology of religious experience will be expansive pluralistic and responsive to the diversity of religious believers and their development in a religious tradition [A Comparative Doxastic-Practice Epistemology of Religious Experience](#) Mark Owen Webb, 2014-08-18 This book takes a theoretical enterprise in Christian philosophy of religion and applies it to Buddhism thus defending Buddhism and presenting it favorably in comparison Chapters explore how the claims of both Christianity and Theravada Buddhism rest on people s experiences so the question as to which claimants to religious knowledge are right rests on the evidential value of those experiences The book examines mysticism and ways to understand what goes on in religious experiences helping us to understand whether it is good grounds for religious belief The author argues that religious language in both Christian and Buddhist traditions is intelligible as factual discourse and so reports of mystical experience are true or false The book contends that those experiences can be

fruitfully thought of as perceptual in kind and that they are therefore good prima facie grounds for religious belief in the absence of defeating conditions The work goes on to explore Christian and Buddhist testimony and how the likelihood of self deception self delusion imaginative elaboration and the like constitutes a defeating condition It is shown that this defeater has less scope for operation in the Buddhist case than in the Christian case and therefore Theravada Buddhism is better grounded This work will appeal to students and scholars of philosophy and philosophy of religion and those interested in the study of religious experience

The Epistemology of Religious Experience Mark Webb, 2023 This Special Issue of Religions focuses on the epistemology of religious experience The overall driving question is the question as to what evidential force religious experiences have This discussion involves several subtopics including the following 1 In what ways is religious experience like other kinds of experience 2 To what extent does religious experience influence religious doctrine and to what extent is it influenced by it 3 What are the implications of religious diversity disagreement for claims of religious experience 4 How if in any way has the cognitive science of religion shed light on these issues This issue approaches these questions from a variety of religious traditions with input from a variety of academic disciplines The result is a collection of high quality papers that can inform further research in a variety of academic fields

Religious Experience and the Knowledge of God Harold A. Netland, 2022-02-08 For many Christians personal experiences of God provide an important ground or justification for accepting the truth of the gospel But we are sometimes mistaken about our experiences and followers of other religions also provide impressive testimonies to support their religious beliefs This book explores from a philosophical and theological perspective the viability of divine encounters as support for belief in God arguing that some religious experiences can be accepted as genuine experiences of God and can provide evidence for Christian beliefs

Knowing Beyond Knowledge Thomas A. Forsthoefel, 2020-09-10 This title was first published in 2002 This book builds on contemporary discussion of mysticism and religious experience by examining the process and content of religious knowing in classical and modern Advaita Drawing from the work of William Alston and Alvin Plantinga Thomas Forsthoefel examines key streams of Advaita with special reference to the conditions contexts and scope of epistemic merit in religious experience Forsthoefel uniquely employs specific analytical categories of contemporary Western epistemologies as heuristics to examine the cognitive dimension of religious experience in Indian Vedanta Showing the developing nuances in the analysis of religious experience in the thought of Shankara and his immediate disciples Suresvara and Padmapada as well as in the teaching of Ramana Maharshi an understudied but important South Indian saint of the 20th century this book offers a substantial contribution to studies of Indian philosophy as well as to contemporary philosophy of religion Using the tools of exegesis and comparative philosophy Forsthoefel argues for a careful justification of claims following religious experience even if such claims involve as they do in the Advaita a paradoxical knowing beyond knowledge

The Epistemology of Religious Experience, 2005

Religious Experience Amber L. Griffioen, 2021-12-23 This Element looks at religious experience and

the role it has played in philosophy of religion It critically explores the history of the intertwined discourses on mysticism and religious experience before turning to a few specific discussions within contemporary philosophy of religion One debate concerns the question of perennialism vs constructivism and whether there is a common core to all religious or mystical experience independent of interpretation or socio historical background Another central discussion concerns the epistemology of purportedly theophanic experience and whether a perceptual model of religious experience can provide evidence or justification for theistic belief The Element concludes with a discussion of how philosophy of religion can productively widen its treatment of religious experience in the service of creating a more inclusive and welcoming discipline

World Views and Perceiving God Joseph Runzo, 1994-01-12 This collection of essays presents a systematic analysis of some of the foremost issues in the philosophy of religion The focus is on the epistemology of religion the most significant area of recent interest in the field After developing a religious epistemology in the first half of the book that epistemology is both further expanded and explicitly applied to salient issues in the contemporary discussion The central question throughout the essays is how our world views affect our perception especially our perception of God The first essays set out a general epistemology of perception The next two sets of essays build upon this in assessing the cognitive value of religious experience and analyzing the proper epistemic foundations for belief in God Then in view of the role of faith developed in those essays the final essays address the dual challenges to traditional theism of theological non realism and of religious pluralism

Ineffability and Religious Experience Guy Bennett-Hunter, 2015-10-06 Ineffability that which cannot be explained in words lies at the heart of the Christian mystical tradition This is the first book to engage with the concept of ineffability within contemporary philosophy of religion and provides a starting point for further scholarly debate **The**

Cambridge Companion to Religious Experience Paul K. Moser, Chad Meister, 2020-07-16 For centuries theologians and philosophers among others have examined the nature of religious experience Students and scholars unfamiliar with the vast literature face a daunting task in grasping the main issues surrounding the topic of religious experience The Cambridge Companion to Religious Experience offers an original introduction to its topic Going beyond an introduction it is a state of the art overview of the topic with critical analyses of and creative insights into its subject Religious experience is discussed from various interdisciplinary perspectives from religious perspectives inside and outside traditional monotheistic religions and from various topical perspectives Written by leading scholars in clear and accessible prose this book is an ideal resource for undergraduate and graduate students teachers and scholars across many disciplines **William James and The Varieties**

of Religious Experience Jeremy Carrette, 2004-11-05 This new companion to William James The Varieties of Religious Experience offers contemporary responses to James s seminal book from key international experts Religious Experience and Religious Belief George B. Wall, 1995 Wall examines some objections to the thesis that religious experience is a rational ground for religious belief Viewing religious experience along the lines of William James specifically as awareness of or

encounter with the Divine he adopts the approach of Richard Swinburne and William Alston that religious experience is prima facie justification for religious belief The book further examines objections to this approach measuring the objections against specific accounts of religious experience Contents Preliminary Considerations Background Influences The Explanation from Desire Three Special Cases The Explanation from Desire Eastern Forms of Experience The Notion of the Unconscious The Effects of Religious Experience The Religious Override System Two Conflicts in Religious Belief Conclusion

The Routledge Companion to Philosophy of Religion Chad V. Meister, Paul Copan, 2013 The Routledge Companion to Philosophy of Religion Second Edition contains nine new entries and is an indispensable guide and reference source to the major themes movements and topics in philosophy of religion

Belief in God George I. Mavrodes, 1970 This book deals with a limited aspect of religion Any well developed religion is a very complex entity which unites components of very different sorts There is probably no living religion that does not involve a set of characteristic beliefs some prescribed or recommended practices public or private or both some characteristic feelings or emotions and some institutions or social arrangements In addition religions usually involve their adherents in special forms of experience With respect to the complexity that it generates interest in religion is similar to other pervasive human interests and activities such as those that generate scientific enterprises For some purposes however it is useful to separate the aspects of a complex phenomenon and to discuss one or another of these aspects individually so far as is possible This is the procedure that I will adopt here My discussion is aimed primarily at that element of religious interest that centers upon belief with what one might call the noetic aspect of religion Some of the other aspects that I have mentioned most notably religious experience and to a much smaller extent religious institutions are discussed but only to the extent that I take them to be relevant to questions about belief But of course the should not be construed to imply that these other aspects of religion are unimportant

Analytic Philosophy of Religion James Franklin Harris, 2013-03-14 When Gene Long editor of Kluwer's Handbook of Contemporary Philosophy of Religion Series first invited me to write the volume on Analytic Philosophy of Religion I accepted with great enthusiasm My only explanation for that enthusiasm now is that I was younger and more naive at the time Soon after starting work on the volume my enthusiasm was dampened by the daunting magnitude of the task I began as a sprinter and quickly settled into the pace of a long distance runner Although I considered myself well read in the subject I soon discovered that I had a great deal of research to do to be confident that I had considered all of the major contributions to the various discussions issues and of religion As I read more and more problems found within analytic philosophy books and articles I realized that I had rushed into a territory already well trodden by the angels I am greatly impressed by the sophistication and subtlety of philosophical argument that characterize the different debates in contemporary analytic philosophy of religion This volume covers a vast amount of material I have endeavored to provide the fairest possible reading of different authors and in cases where I include my own critical evaluations and develop my own positions I have endeavored to provide the strongest

possible interpretations of the positions I criticize

Epistemology Of Religious Experience Introduction

In today's digital age, the availability of Epistemology Of Religious Experience books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Epistemology Of Religious Experience books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Epistemology Of Religious Experience books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Epistemology Of Religious Experience versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Epistemology Of Religious Experience books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Epistemology Of Religious Experience books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Epistemology Of Religious Experience books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals,

making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Epistemology Of Religious Experience books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Epistemology Of Religious Experience books and manuals for download and embark on your journey of knowledge?
