Epochen der Dogmengeschichte Bernhard Lohse, 2011 *Christliche Dogmengeschichte* August Neander, 1857

Historical Theology Jaroslav Pelikan, 2014-02-01 Change is a universal phenomenon that commands the attention of the historian For Christian theology change raises special difficulties How are we to reconcile the notion of the revelation of an unchanging God who is abiding truth with the notion of the pervading mutability of all human affairs This problem which is as old as religion is intensified by the Christian belief in the fullness and finality of the revelation made through Jesus Christ Professor Pelikan begins his study of historical theology with this basic problem and traces the origins of the difficulties that inevitably follow upon the admission of the possibility of change His investigations lead him to critically examine the dogmatic solution of Vincent of Lerins the later dialectical interpretation of Abelard the approach of Thomas Aquinas and finally the nineteenth century s Adolf von Harnack to propose a working definition of Christian doctrine and of the task of the historical theologian Pelikan s work is a perceptive and penetrating study of the interaction of history and theology Theology must be historical because man is historical To neglect history or worse still to renounce it is to deny man and theology their common future Historical Theology is a worthy introduction to a task that must continually seek to weld past present and future into a living whole **Dr. A. Meander's christliche Dogmengeschichte** August Neander, 1857 **The Christian Tradition** Jaroslav Pelikan, 2018-03-26 In this five volume opus now available in its entirety in paperback Pelikan traces the development of Christian doctrine from the first century to the twentieth Pelikan s The Christian Tradition is a series for which they must have coined words like magisterial Martin Marty Commonweal **Dr. A. books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Geschichte der Wissenschaften in Deutschland**, 1866 *Correctly Handling the Word of Truth* Mees te Velde, Gerhard H. Visscher, 2014-10-24 How should the Word of God be interpreted and applied today Does our modern culture affect how we read the Bible Can certain passages be interpreted in different contexts and in different ways all the while acknowledging that God speaks with a clear and consistent voice These are the enduring challenges of hermeneutics In this volume no less than sixteen Reformed scholars from four different countries join together to tackle the hard questions that often arise when we busy ourselves with the weighty responsibility of interpreting Holy Scripture As iron sharpens iron so also these Reformed scholars challenge each other and their readers to ask not only how hermeneutics can be done but ultimately how it should be done so that God's Word of Truth may be handled correctly 2 Tim 2 15 **The God of Jesus Christ** Walter Kasper, 2012-03-01 Kasper is a master synthesiser and his display of erudition alone makes this book a worthy read and an invaluable resource for questions of God and Trinity Using admittedly polemical language he calls for a theological theology which makes the explanation of the confession of the triune God its first priority not only for speculative but also for pastoral reasons This is the reissue of a theological work of considerable importance for which Cardinal Kasper has written an entirely new introduction taking modern developments in theology fully into account

werden aber kaum mehr miteinander vermittelbar erscheinen und die im besten Fall bloß Missverständnisse erzeugen im schlimmsten Fall aber sprachlos nebeneinander herlaufen. Gegen diese diskursive Fliehkraft bringen die Autorinnen und Autoren die unterschiedlichen Paradigmen miteinander ins Gespräch.
