Eppie The Story Of Ann Landers:

Eppie Margo Howard,1982 An account of Ann Landers rise from restless housewife to advice queen written by her daughter Ann Landers in Her Own Words Margo Howard,2009-10-14 My mother wrote this book It took her forty four years Three generations of Americans grew up reading Ann Landers Her advice guided and inspired millions Now by reading the letters she wrote to her daughter everyone who loved her column can get to know the woman behind the famous name Ann Landers was born Eppie Lederer to immigrant parents in Iowa but her extraordinary success would bring her into the world of the rich the famous and the talented She met with popes and presidents and socialized with the best and brightest of her generation And she told her daughter all about it as she opined on world changing events and candidly spoke of her love life after her divorce as well as her innermost feelings about her identical twin Dear Abby and their long standing feud Witty and often hilarious passionate and of course brimming with sound advice Ann Landers in Her Own Words is a portrait of an American original whose profound influence still resonates today This book brings back the voice and spirit of the woman who helped ninety million people greet the day and forever changed us with her immortal words Wake up and smell the coffee *Confidential to America* David Gudelunas,2017-09-08 In modern day America newspaper advice columns have become public forums for the discussion of human sexuality Although questions posed to newspaper advice columnists ranges from matters of etiquette to intimacy as they have for decades increasingly most of the limited space in these newspaper features address issues that fall under a broader heading of sexuality Questions about marital fidelity dating and relationships sexual practices gender roles and sexual taboos have all become hot button topics within the morally conservative mainstream press In Confidential to America David Gudelunas shows how since the 1950s advice columns have been one of the few consistent mainstream and widely available public forums for the discussion of topics severely restricted in other places Newspaper advice columns serve as sites of discussion about sexuality within a larger culture that is severely divided on questions of how when and to what extent one may formally speak about sexuality Even now at the turn of the twenty first century high schools remain hesitant to devote more than a semester or two to formal discussions of sexuality When they do under current governmental policy and pressure these discussions are often restricted to abstinence only programs or what might be described as non discussions of sexuality Community based sexual education programs are similarly restricted in their reach funding and more often than not effectiveness In America in the twenty first century talking about sex in educational contexts is perceived to be almost as risky as having sex Gudelunas demonstrates that while formal discussions of sexuality are strictly regulated and often thwarted the informal curriculum of sexuality particularly in the American mass media has become ever more vocal on the topic of sex From depictions conveyed through fictional and reality based popular culture to discussions taking place in the cafeteria if not the classroom and in Internet chat rooms sexuality dominates our collective conscience **Asking for a Friend** Jessica Weisberg,2018-04-03 A delightful history of Americans

obsession with advice from Poor Richard to Dr Spock to Miss Manners Americans for all our talk of pulling ourselves up by our bootstraps obsessively seek advice on matters large and small Perhaps precisely because we believe in bettering ourselves and our circumstances in life we ask for guidance constantly And this has been true since our nation s earliest days from the colonial era on there have always been people eager to step up and offer advice some of it lousy some of it thoughtful but all of it read and debated by generations of Americans Jessica Weisberg takes readers on a tour of the advice givers who have made their names and sometimes their fortunes by telling Americans what to do You probably don t want to follow all the advice they proffered Eating graham crackers will not make you a better person and wearing blue to work won t guarantee a promotion But for all that has changed in American life it s a comfort to know that our hang ups fears and hopes have not We ve always loved seeking advice so long as it s anonymous and as long as it s clear that we re not asking for ourselves we re just asking for a friend

Our First Family's Home Mary Alice Mairose, 2008 This richly illustrated volume tells the story of the home that has served as Ohio s executive residence since 1957 and of the nine governors and their families who have lived in the house Our First Family s Home offers the first complete history of the residence and garden that represent Ohio to visiting dignitaries and the citizens of the state alike Once in a state of decline the house has been lovingly restored and improved by its residents Development of the Ohio Heritage Garden has increased the educational potential of the house and has sparked an interest in the preservation of native plant species Looking toward the future the Residence is also taking the lead in promoting environmental issues such as solar power and green energy Photographs by award winning environmental photographer Ian Adams and botanical art by Dianne McElwain showcase the beauty of the home s architecture and the myriad of native plants that grace the three acres on which the Residence stands Dianne McElwain is a member of the American Society of Botanical Artists in New York Her botanical paintings have won numerous awards and are found in prestigious collections throughout the United States Essays highlight the Jacobethan Revival architecture and the history of the home The remaining pieces cover the garden and include an intimate tour of the Heritage Garden which was inspired by Ohio s diverse landscape Finally Governor Ted Strickland and First Lady Frances Strickland discuss the increasing focus on green energy at the Governor s Residence and First Lady Emerita Hope Taft explains how native plants can help sustain the environment
