Robb,1997-08-31 An incisive exploration of economic discrimination against women and the policy and ethical reforms that could create a more just future Chris Glaser,2009-07-01 With the removal of sexual orientation as a bar to ordination in the Presbyterian Church U S A pending approval of a majority of presbyteries and the Episcopal Church s 2009 General Convention calling for the development of theological and liturgical resources for same sex blessings sexual orientation especially with regard to marriage is a central issue Secularly too the topic is front page news with the recent California same gender marriage ruling and subsequent Proposition 8 vote and the update of the Massachusetts same gender marriage law This book sets forth the case for religious institutions blessing of same gender marriage positing that same gender marriage does not detract from the sacredness of heterosexual marriage but rather enhances and nourishes the institution Chapters include Claiming the Blessing Deeper Than Scripture Traditional Family Values The Sacred Source of Marriage Sex and the Body of Christ Marriage As a Spiritual Discipline **Between Women and Generations** Drucilla Cornell,2016-04-30 This book defies easy categorization but will be one of the most original thoughtful and genuinely interesting books published next year Before the author s mother died she asked her daughter Drucilla to write a book that would bear witness to the dignity of her death and one that her bridge class would be able to understand As if that wasn t difficult enough Drucilla s mother who had a degenerative disease decided to end her life by ingesting a lethal cocktail of drugs Drucilla was in the unenviable position of bearing witness to her mother s act Unsentimental yet poignant candid and courageous this is the book that Drucilla promised her mother she d write Unlike her earlier academically oriented books *Between Women and Generations* is an intensely personal narrative which interweaves the personal and political decisions Drucilla s made throughout her life She uses the personal as a springboard to talk about larger philosophical issues such as how one achieves dignity in life and in death and the nature of intergenerational relationships between women Drucilla speaks candidly of her relationship with her mother about her decision to adopt a non Western child and about her commitment to UNITY a cooperative of house cleaners in Long Island New York This book will resonate strongly with Western women **Ethics** Miguel A. De La Torre,2013-01-01 This survey text for religious ethics and theological ethics courses explores how ethical concepts defined as liberationist which initially was a Latin American Catholic phenomenon is presently manifest around the globe and within the United States across different racial ethnic and gender groups Authored by several contributors this book elucidates how the powerless and disenfranchised within marginalized communities employ their religious beliefs to articulate a liberationist liberative religious ethical perspective Students will thus comprehend the diversity existing within the liberative ethical discourse and know which scholars and texts to read and will encounter practical ways to further social justice *Christian Economic Ethics* Daniel K. Finn,2013-08-01 What does the history of

Christian views of economic life mean for economic life in the twenty first century Here Daniel Finn reviews the insights provided by a large number of texts from the Bible and the early church to the Middle Ages and the Protestant Reformation to treatments of the subject in the last century Relying on both social science and theology Finn then turns to the implications of this history for economic life today Throughout the book invites the reader to engage the sources and to develop an answer to the volume s basic question

Applied Christian Ethics Matthew Lon Weaver,2014-09-09 Applied Christian Ethics addresses selected themes in Christian social ethics The book is divided in three parts In the first section Foundation several

contributors reveal their Christian realist roots and discuss the prophetic origins and multifarious agenda of social ethics. Thus the names of Reinhold Niebuhr and Paul Tillich come up frequently. In the second section Economics and Justice the focus turns to the different levels at which economics has significance for social justice. These chapters discuss fair housing at the local level, the dialogue between Christians and Native Americans over property rights at the regional and national levels, and trade and international organization. In the third and final section Politics War and Peacemaking the content ranges from the existential experience of a soldier to that of a veteran of civil rights activism from theorizing about peacemaking to commenting on the use of drones.

Pursuing Justice Ralph A. Weisheit, Frank Morn, 2025-09-15 Pursuing Justice Fourth Edition examines the issue of justice by considering the origins of the idea, formal systems of justice, current global issues of justice, and ways in which justice might be achieved by individuals, organizations, and the global community. Part I demonstrates how the idea of justice has emerged over time, starting with religion and philosophy and then to the concept of social justice. Part II outlines the very different mechanisms used by various nations for achieving state justice, including systems based on common law, civil law, and Islamic law, with a separate discussion of the U.S. justice system. Part III focuses on six contemporary issues of justice: war, immigration, domestic terrorism, genocide, slavery, and the environment. Finally, Part IV shows how individuals and organizations can go about pursuing justice and describes the rise of global justice. This updated book uses current events and debates to help students understand the complexities and nuances of a society's pursuit of justice. It provides students with the foundations of global justice systems, integrating Greek philosophies and major religious perspectives into a justice perspective and contributes to undergraduate understanding of international justice bodies, NGOs, and institutions.

New Feminist Christianity Mary E. Hunt, Diann L. Neu, 2012-01-01 Powerful insights from ministers, theologians, activists, leaders, artists, and liturgists who are shaping the future. Christianity has been a source of the oppression of women as well as a resource for unleashing women's full humanity. Feminist analysis and practice have recognized this. Feminist Christianity is reshaping religious institutions and religious life in more holistic, inclusive, and justice-focused ways. From the Introduction: Feminism has brought many changes to Christian religious practice. From inclusive language and imagery about the Divine to an increase in the number of women ministers, Christian worship will never be the same. Yet even now there is a lack of substantive structural change in many churches and complacency within denominations. The contributors to this book are the thought leaders who are shaping and being shaped by the emerging directions of feminist Christianity. They speak from across the denominational spectrum and from the many diverse groups that make up the Christian community as it finds its place in a religiously pluralistic world. Taken together, their voices offer a starting point for building new models of religious life and worship. Topics covered include: feminist Theological Visions, Scriptural Insights, Ethical Agendas, Liturgical and Artistic Frontiers, Ministerial Challenges.

Welfare Policy Elizabeth M. Bounds, Pamela Brubaker, Mary E. Hobgood, 2010-02-01 Welfare Policy is for me an occasion for rejoicing Grounded in the present public controversy over so called welfare reform these chapters model a genre of feminist ethics informed normatively by radical readings of Christian or related religious traditions This book is distinctive however because its theological perspective is profoundly and unapologetically political rooted in an advocacy stance for a policy that aims at women s well being Beverly W Harrison from the Foreword Welfare Policy Feminist Critiques looks behind the political moral mask to explore the issues at stake for women and children in the welfare debate

world of markets Connected Lives Ruth E. Groenhout, 2004-03-27 *Connected Lives* examines the account of human nature that is implicit in an ethics of care a picture of human lives that emphasizes interdependency embodiment and social connectedness The book makes important connections to the picture of human life found in theorists of love such as St Augustine and Emmanuel Levinas and shows that when care theory is articulated clearly it provides resources for thinking through some of the difficult moral issues we face in the contemporary world issues such as assisted reproduction and the new genetic technologies *Expanding Horizons in Bioethics* A.W. Galston, Christiana Z. Peppard, 2005-02-10 Like its predecessor *New Dimensions in Bioethics* this volume developed out of a series of lectures at Yale University's Institution for Social and Policy Studies Each speaker in the Bioethics Public Policy Seminar Series was invited because of her or his expertise in a given area of bioethics Each of the more successful participants was invited to contribute a manuscript for publication The essays are bound together by the application of an ethical analysis to scientific questions and by consideration of policy implications At its inception bioethics was virtually synonymous with medical ethics As the field grew and attracted new practitioners it became clear that other applications of this new subject required extension of its scope For example environmental ethics propelled by such authors as Aldo Leopold and Rachel Carson quickly developed a vigorous literature of its own More recently developments in the analysis of the human genome the enticing medical possibilities offered by the therapeutic use of stem cells the complexities surrounding the cloning of animals and possibly humans and the development of transgenic agricultural crops have given new impetus to the expansion of traditional bioethical horizons Bioethics must now adjust to these new realities for it is clear that public interest in the field is growing as these new challenges appear *The Great Commandment* Eleanor Humes Haney, 1998 *The Great Commandment* provides a practical theology to address the oppression and injustices in our lives and our institutions Eleanor Haney writes with the conviction of one who has spent her life working within communities to formulate a core community ethic to love God with all your heart and to love your neighbor as yourself **Mark, Mutuality, and Mental Health** Simon Mainwaring, 2014-08-11 An incitement to re assess how society relates to persons with poor mental health Mainwaring explores the societal contexts of those who suffer poor mental health and in particular the relational dynamics of how identity agency and dialogue are negotiated in personal encounters This work seeks to serve as an experiment such that interested readers might better understand the dynamics of relational power that pervade encounters with persons with poor mental health Features Foucauldian analysis of the relational dynamics of poor mental health used to re imagine hegemonic relational dynamics Close readings of encounters between individual characters to evaluate how mutuality operates in those encounters Study of mutuality as it has emerged in mental health literature feminist theologies and theologies of disability
