Restructuring Schools Hedley Beare,William Lowe Boyd,1993 Education reform has become part of a political imperative in a number of developed countries including the USA Japan and the UK This book questions why this reconstruction occurred at the same time in different places and asks what common themes are emerging in the restructuring movement

Education Policy and Power-Sharing in Post-Conflict Societies Giuditta Fontana,2016-08-24 This book explores the nexus between education and politics in Lebanon Northern Ireland and Macedonia drawing from an extensive body of original evidence and literature on power sharing and post conflict education in these post conflict societies as well as the repercussions that emerged from the end of civil war This book demonstrates that education policy affects the resilience of political settlements by helping reproduce and reinforce the mutually exclusive religious ethnic and national communities that participated in conflict and now share political power Using curricula for subjects such as history citizenship education and languages and structures like the existence of state funded separate or common schools Fontana shows that power sharing constrains the scope for specific education reforms and offers some suggestions for effective ones to aid political stability and reconciliation after civil wars

The Power and Influence of Women in Society Pasquale De Marco,2025-07-10 In a world often dominated by narratives of male power and influence this book shines a spotlight on the transformative power of women s agency It delves into the diverse and multifaceted ways in which women have wielded power and influence throughout history and across various spheres of life challenging prevailing

notions and inspiring a more inclusive and equitable society Through a comprehensive and intersectional lens this book examines the power dynamics that shape women s lives exploring both the challenges they have faced and the strategies they have employed to effect change It sheds light on the impact of gender norms stereotypes and systemic biases on women s opportunities and experiences while also celebrating the achievements of women who have defied these constraints and made significant contributions to society From the boardroom to the battlefield from the laboratory to the lecture hall from the home to the highest echelons of leadership this book delves into the myriad ways in which women have asserted their agency and made their voices heard It highlights the leadership qualities resilience and determination that have enabled women to break barriers challenge norms and create lasting change The book also explores the ways in which women have used their power and influence to advocate for social justice promote gender equality and create a more inclusive and sustainable world It examines the role of women in peacebuilding environmental conservation and other global challenges showcasing their contributions to a better future for all By shedding light on the power and influence of women this book seeks to inspire and empower readers from all walks of life It aims to challenge prevailing narratives dismantle gender stereotypes and promote a world where women s voices are valued their leadership is recognized and their rights are upheld It is a call to action for a more just and equitable society where the full potential of women can be realized If you like this book write a review

Inequality, Power and School Success Gilberto Conchas, Michael Gottfried, 2015-04-10 This volume highlights issues of power inequality and resistance for Asian African American and Latino students in distinct U S and international contexts Through a collection of case studies it links universal issues relating to inequality in education such as Asian Latino and African American males in the inner city neighborhoods Latina teachers and single mothers in California undocumented youth from Mexico and El Salvador immigrant Moroccan youth in Spain and immigrant Afro Caribbean and Indian teenagers in New York and in London The volume explores the processes that keep students thriving academically and socially and outlines the patterns that exist among individuals students teachers parents to resist the hegemony of the dominant class and school failure With emphasis on racial formation theory this volume fundamentally argues that education despite inequality remains the best hope of achieving the American dream

Language and Cultural Diversity in U.S. Schools Terry A. Osborn, 2005-08-30 Diversity is at the heart of today s education debates Often school policies and programs designed to encourage and embrace diversity are met with public ire and a deep misunderstanding of how diversity serves learning This work explains how diversity is an essential element in classroom settings As children from around the world continue to pour into U S classrooms an understanding of cultural and linguistic diversity in its broadest sense moves to the foreground In a post 9 11 world the benefits of understanding diversity take on urgent meaning The introductory chapter Participating in Democracy Means Participating in Schools sets the tone for the discussion to follow As the geographic backgrounds of immigrants becomes increasingly diverse religion must be added to previous discussions of race

ethnicity and language Thus the need for the public to understand how shifts in population affect schools makes this work a vital resource for anyone concerned with education today **Women, Power and Politics in 21st Century Iran** Dr Elaheh Rostami-Povey, Ms Tara Povey, 2013-04-28 This book examines the women's movement in Iran and its role in contesting gender relations since the 1979 revolution Looking at examples from politics law employment environment media and religion and the struggle for democracy this book demonstrates how material conditions have important social and political consequences for the lives of women in Iran and exposes the need to challenge the dominant theoretical perspectives on gender and Islam A truly fascinating insider's look at the experiences of Iranian women as academics political and civil society activists this book counters the often inaccurate and misleading stereotyping of Iranian women to present a vibrant and diverse picture of these women's lives A welcome and unique addition to the vibrant and growing literature on women Islam development democracy and feminisms **The Power of Human Rights/The Human Rights of Power** Louiza

Odysseos, Anna Selmeczi, 2018-10-11 The contributions to this volume eschew the long held approach of either dismissing human rights as politically compromised or glorifying them as a priori progressive in enabling resistance Drawing on plural social theoretic and philosophical literatures and a multiplicity of empirical domains they illuminate the multi layered and intricate relationship of human rights and power They highlight human rights incitement of new subjects and modes of political action marked by an often unnoticed duality and indeterminacy Epistemologically distancing themselves from purely deductive theory driven approaches the contributors explore these linkages through historically specific rights struggles This in turn substantiates the commitment to avoid reifying the Third World as merely the terrain of fieldwork proposing it instead as a legitimate and necessary site of theorising This book was originally published as a special issue of Third World Quarterly

Language, Power, and the Economics of Education in Morocco Mohammed Errihani, 2024-01-11 This volume provides a comprehensive understanding and assessment of language policy in education in Morocco All aspects related to language policy and the effect on the education sector for more than half a century in Morocco are included in the book The book traces the role that the linguistic medium has played in the educational system in Morocco since its independence from the French in 1956 It examines the role that various language policies have played in the educational sector and provides an in depth analysis of the most recent language policy recognizing Berber making it an official language and a mandatory subject in all schools As such this book is on the cutting edge of language policy as it also examines a policy that is still being rolled out It also addresses the role of political pressure and social and political conflict on language policy in Morocco and how the linguistic medium has failed to guarantee the basic goals of equity equality and social justice that assure a decent future for every citizen An Abridgment of the Debates of Congress (from the Congressional Record) Henry Jones, 1875 *Reaching*

for the Sky: Empowering Girls Through Education Urvashi Sahni, 2017-09-12 Transforming the Lives of Impoverished Girls in Patriarchal Societies Since 2003 a privately funded high school in India has provided desperately needed education for girls

from impoverished families in Lucknow the capital and largest city in Uttar Pradesh Urvashi Sahni the founder of Prerna Girls School has written a compelling narrative of how this modest school in northeast India has changed the lives of more than 5 000 girls and their families Most important it is through the perspectives of the girls themselves rather than through a remote academic viewpoint that Prerna s success unfolds The book focuses on the importance of education in bringing about gender equality in a patriarchal society It shows how girls learn to be equal and autonomous persons in school as part of their official curriculum and how they use this learning to transform their lives and those of their families The book s central argument is that education can be truly transformative if it addresses the everyday reality of girls lives and responds to their special needs and challenges with respect and care The example of just one relatively small school in one corner of India the message and the stories it tells will inspire anyone concerned about the necessity of girls education especially in developing countries The lives of the girls at Prerna Girls School are largely representative of those of millions living in poor regions in countries where patriarchal structures and norms prevail Limitations of the Taxing Power James McIlvaine Gray,1906

Liberty, Equality, Power John M. Murrin,2006 Emphasizing the role of power in American history this textbook recounts the country s transformation from a collection of indigenous hunter gatherer societies into a global hegemon Chapters progress chrono thematically focusing on trends like settlement and colonization revolution and republicanism the emergence of the market Jacksonian democracy Manifest Destiny slavery and the Civil War reconstruction industrialization the Progressive movement the world wars the Great Depression containment and Vietnam A companion CD ROM contains chapter summaries commentary and review exercises Annotation 2004 Book News Inc Portland OR booknews com
