The Electronic Call Auction: Market Mechanism and Trading Robert A. Schwartz, 2012-12-06 ROBERT A SCHWARTZ The primary objective of this book is to consider how the inclusion of electronic call auction trading would affect the performance of our U S equity markets The papers it contains focus on the call auction and its role in a hybrid market structure The purpose is to increase understanding of this trading environment and to consider the design of a more efficient stock market This book had its origin in a symposium Electronic Call Market Trading that was held at New York University's Salomon Center on April 20 1995 Nearly 150 people from 16 different countries attended At the time three proprietary trading systems based on call auction principles The Arizona Stock Exchange Posit and Instinet's Crossing Network had been operating for several years and interest already existed in the procedure Since the symposium increasing use has been made of call auctions primarily by the ParisBourse in its Nouveau Marché and CAC markets by Deutsche Borse in its Xetra market and in the U S by OptiMark Rather than being used as stand alone systems however call auctions are now being interfaced with continuous markets so as to produce hybrid market structures a development that is given considerable attention to in a number of the chapters in this book

SEC Docket United States. Securities and Exchange Commission, 2010 *Securities Trading--SEC Action Needed to Address National Market System Issues* United States. General Accounting Office, 1990 The October 1987 stock market crash raised critical questions concerning the efficiency competitiveness and fairness of U S securities markets Many experts questioned the structure of the marketplace and its ability to both withstand periods of high stress and operate efficiently in ordinary times Market experts and analysts have debated these questions since the crash Renewed volatility in the markets as indicated by the 190 point drop on October 13 1989 and the subsequent record gained the following week has

again created doubt about whether the financial markets are properly designed to meet the demands placed upon them To identify market structure issues GAO met with federal regulators exchange and over the counter market officials market professionals institutional investors and academics GAO evaluated what should be done to address the most important issues identified through these discussions trading restrictions market links and options trading *Computerized Trading Venues* United States.
