Era Of Reform 1830-1860:

The Era of Reform, 1830-1860 Henry Steele Commager, 1960 **The Ferment of Reform 1830 - 1860 C. S. Griffin, 1967-01-15** EXCERPT So great was the ferment of reform in the pre Civil War United States that to understand it to grasp the motives of the reformers the nature of their work their successes and failures is to understand much about the American nation as a whole To be sure there was more to antebellum history than reform At the same time that the reformers were trying to change men s ideas and actions other Americans were holding fast to traditional concepts and ways of doing things Even as the reformers were battering the walls of unrighteousness both they and other men were taming wild nature for human use expanding the nation s boundaries and settled areas at the expense of Indians and Mexicans adapting its political institutions and political parties to the needs of a restless and growing people wrestling with the thousand and one problems inherent in the pursuit of happiness Yet historians have believed that the myriad of reforms and reformers offer a meaning for much of the whirl of confusion and change that was America in the antebellum years They offer as well some historians have claimed valuable insights into the difficulties the Americans encountered when they tried to give concrete meaning to their cherished ideals so often voiced so little understood of democracy and freedom The Ferment of Reform, 1830-1860 Clifford Stephen Griffin, 1967 *Seduction, Prostitution, and Moral Reform in New York, 1830-1860* Larry Whiteaker, 2021-12-12 First published in 1998 In June 1831 the New York Magdalen Society published its first annual report The Society charged that widespread sexual deviation primarily in the form of prostitution existed in New York City The Magdalen Report claimed that approximately ten thousand women earned their livings as public prostitutes and another ten thousand were private or part time prostitutes The Magdalen Society s establishment and the subsequent publication of the Magdalen Report marked the beginning of a crusade in New York City to curtail sexual deviation and this study looks at the changes and reforms that took place *Reform in America* Robert H. Walker, 2021-10-21 In discussing slavery and woman s rights social security and the graduated income tax writes Robert Walker the reformers have defined and redefined America Recognizing in the history of reform a prime source for the discovery of cultural priorities Walker seeks in *Reform in America* to organize the reform experience in a new way so that its collective patterns can be seen *Reform in America* identifies three principal streams of reform advocacy in American history Politico economic issues the mainstream of reform are exemplified by a detailed study of the politics of money from 1832 to 1913 Reform on behalf of special groups the second major category is illuminated by the examples of movements on behalf of blacks and women and by an examination of the civil liberties and civil rights movements which again have been principally concerned with the extension of rights and liberties to particular groups A third category is established by connecting communitarianism utopianism and visionary planning to form a tradition through which ideal alternatives are offered to the existing social order Walker s interpretation minimizes the stark contrasts in social activity and underlines those continuous forces that have moved American society steadily in the direction of

broadened political participation increased concern for special groups and a dynamic sequence of cultural goals He thus draws our attention to what may be America's most lasting frontier the management of social change toward certain general objectives The appreciation of reform in the end requires an adjusted perception of the national character one that sees competitive individualism as at least balanced and perhaps outweighed by a demonstrated preoccupation with the common weal Social Administration in Lancashire, 1830-1860 Eric C. Midwinter, 1969 *Moonshiners and Prohibitionists* Bruce E. Stewart, 2011-03-15 Homemade liquor has played a prominent role in the Appalachian economy for nearly two centuries The region endured profound transformations during the extreme prohibition movements of the nineteenth century when the manufacturing and sale of alcohol an integral part of daily life for many Appalachians was banned In *Moonshiners and Prohibitionists* The Battle over Alcohol in Southern Appalachia Bruce E Stewart chronicles the social tensions that accompanied the region's early transition from a rural to an urban industrial economy Stewart analyzes the dynamic relationship of the bootleggers and opponents of liquor sales in western North Carolina as well as conflict driven by social and economic development that manifested in political discord Stewart also explores the life of the moonshiner and the many myths that developed around hillbilly stereotypes A welcome addition to the New Directions in Southern History series *Moonshiners and Prohibitionists* addresses major economic social and cultural questions that are essential to the understanding of Appalachian history Society and Culture in America, 1830-1860 Russel Blaine Nye, 1974 Devoted to features that typified the formative years in America the current book examines the ways these features became transformed

A Political Companion to Ralph Waldo Emerson Alan M. Levine, Daniel S. Malachuk, 2011-09-16 From before the Civil War until his death in 1882 Ralph Waldo Emerson was renowned and renounced as one of the United States most prominent abolitionists and as a leading visionary of the nation's liberal democratic future Following his death however both Emerson's political activism and his political thought faded from public memory replaced by the myth of the genteel man of letters and the detached sage of individualism In the 1990s scholars rediscovered Emerson's antislavery writings and began reviving his legacy as a political activist *A Political Companion to Ralph Waldo Emerson* is the first collection to evaluate Emerson's political thought in light of his recently rediscovered political activism What were Emerson's politics *A Political Companion to Ralph Waldo Emerson* authoritatively answers this question with seminal essays by some of the most prominent thinkers ever to write about Emerson Stanley Cavell George Kateb Judith N Shklar and Wilson Carey McWilliams as well as many of today's leading Emerson scholars With an introduction that effectively destroys the pernicious myth about Emerson's apolitical individualism by editors Alan M Levine and Daniel S Malachuk this volume reassesses Emerson's famous theory of self reliance in light of his antislavery politics demonstrates the importance of transcendentalism to his politics and explores the enduring significance of his thought for liberal democracy Including a substantial bibliography of work on Emerson's politics over the last century *A Political Companion to Ralph Waldo Emerson* is an indispensable resource for

students of Emerson American literature and American political thought as well as for those who wrestle with the fundamental challenges of democracy and liberalism *The Factory Question and Industrial England, 1830-1860* Robert Gray,2002-04-04 The Factory Question and Industrial England addresses the continuing controversy over industrialisation It investigates different perceptions of the factory system either as a threat or a promise and the contested meanings of waged work in industry Making use of a great variety of sources such as sermons medical treatises fictional and visual representations Robert Gray places the languages of debate in their cultural contexts paying particular attention to the shifting constructions of class and gender in the rhetoric of reform and the ambiguities and tensions inherent in protective legislation He then relates patterns of conflict over factory legislation to the features of specific industrial towns The combination of regional cultural and textual analysis makes this book a coherent and original contribution to the study of industrial Britain in the nineteenth century **American Nativism, 1830-1860** Ira M. Leonard,Robert D. Parmet,1979

The Presidencies of William Henry Harrison & John Tyler Norma Lois Peterson,1989 On balance Peterson concludes Tyler demonstrated exemplary executive skills and his presidency deserves more credit than it received for what was accomplished and preserved under difficult circumstances *The Invincible Duff Green* W. Stephen Belko,2006 Drawing on previously unexploited primary sources Belko illuminates the wide ranging influence of Duff Green as land speculator entrepreneur lawyer militia officer politician and newspaper editor Disputing common assumption Green is portrayed as a political moderate and independent westerner who played a fundamental role in the shaping of Jacksonian America Provided by publisher **Slavery, Philosophy, and American Literature, 1830-1860** Maurice S. Lee,2005-06-17 Lee demonstrates how Melville Emerson and others tried to find rational solutions to the slavery conflict

Political and Military Affairs, 1830-1860 United States. National Park Service,1960 **Political Nativism in the State of Maryland, 1830-1860** sister Mary St. Patrick McConville,1928 **Select Documents on British Colonial Policy, 1830-1860** Kenneth Norman Bell,William Parker Morrell,1928 *Round About Industrial Britain, 1830-1860* Charles R. Fay,1955-12-15 Here is a description of a lively and unusual tour of industrial Britain in the period which reached its public climax in the Great Exhibition of 1851 Professor Fay sets his tour in the heart of the stream of industrial invention in the fields of metals machinery transportation and industrial arts such as spinning weaving and paper making We travel with him through the industrial sections of Britain observing conditions in the steel industries of Sheffield the mines of Merthyr Tydfil the shipyards of the Clyde and the factories of Bradford We see social economic and financial conditions in these areas presented often through contemporary documents and meet such significant colourful figures as Adam Smith Faraday and Robert Owen Reform Periodicals and Female Reformers, 1830-1860 Bertha Monica Stearns,1932 The Publishers Weekly ,1888
