Erin and Britannia Michael Landon,1981 *Who Do We Think We Are?* Philip Yale Nicholson,2016-12-05 This text offers a provocative explanation of the force and place of race in modern history showing that race and nation have a linked history The author seeks to show the close historical connection of race and nation as each interrelates with the other in shaping and carrying social and institutional practices over many centuries **Erin and Britannia** Michael Landon,1981

Scandal Nation Kathryn Temple,2018-05-31 Kathryn Temple argues that eighteenth century Grub Street scandals involving print piracy forgery and copyright violation played a crucial role in the formation of British identity Britain s expanding print culture demanded new ways of thinking about business and art In this environment print scandals functioned as sites where national identity could be contested even as it was being formed Temple draws upon cases involving Samuel Richardson Samuel Johnson Catharine Macaulay and Mary Prince The public uproar around these controversies crossed class gender and regional boundaries reaching the Celtic periphery and the colonies Both print and spectacle both high and low these scandals raised important points of law but also drew on images of criminality and sexuality made familiar in the theater satirical prints broadsides even in wax museums Like print culture itself the scandal of print disputes constituted the nation and resistance to its formation Print transgression destabilized both the print industry and efforts to form national identity Temple concludes that these scandals represent print s escape from Britain s strenuous efforts to enlist it in the service of nation **The Journal of Historical Studies** ,1982 Jones Beach John

Hanc,2010-03-02 Jones Beach looms large in the hearts and lives of millions of New Yorkers From its windswept beginnings on the far edge of an empire to its twentieth century status as America s greatest public beachfront resort it has been home to countless memories In this evocative book John Hanc explores the traditions institutions controversies and characters of this beloved seaside resort now a state historic landmark He tells the stories of those who have shaped Jones Beach into a cultural icon including public planning giant Robert Moses and beloved entertainer Guy Lombardo The foreword is by Mr Long Island former Newsday columnist Ed Lowe Race, Nation, and Capital in the Modern World Philip Y.

Nicholson,2023-03-17 *Race Nation and Capital in the Modern World* is a comprehensive yet concise book that traces the history of racism nationalism and capitalism from their combined origins at the end of the fifteenth century to the present This book describes the development of legal codes and institutional practices that brought vast wealth and power to their chief beneficiaries along with great suffering exploitation and destruction to its victims Instead of understanding racism as an aberration or dark flaw in the troubled past of a world power like the United States this synthesis places race and racism in the forefront of the unfolding history of nationalism and capitalism The work de emphasizes the uniqueness of each nation s particular experience by showing the interdependence of capitalist and racist practices The narrative follows the leading hegemonic national powers as they expanded from mercantile conquests through plantation enslavement massive

displacement of populations colonialism global warfare and finally the tenacious contemporary aftermath There are no comparable surveys for undergraduates or general readers seeking a unified historical understanding of these primary drivers of modernity It is a provocative introductory guide and not a work of political theory This volume will appeal to students scholars and those interested in studies on racism race capital the history of inequality and human and civil rights
