Ernesto Geisel:

Rethinking Military Politics Alfred C. Stepan, 2020-10-06 The last four years have seen a remarkable resurgence of democracy in the Southern Cone of the Americas Military regimes have been replaced in Argentina 1983 Uruguay 1985 and Brazil 1985 Despite great interest in these new democracies the role of the military in the process of transition has been under theorized and under researched Alfred Stepan one of the best known analysts of the military in politics examines some of the reasons for this neglect and takes a new look at themes raised in his earlier work on the state the breakdown of democracy and the military The reader of this book will gain a fresh understanding of new democracies and democratic movements throughout the world and their attempts to understand and control the military An earlier version of this book has been a controversial best seller in Brazil To examine the Brazilian case the author uses a variety of new archival material and interviews with comparative data from Argentina Uruguay Chile and Spain Brazilian military leaders had consolidated their hold on governmental power by strengthening the military crafted intelligence services but they eventually found these same intelligence systems to be a formidable threat Professor Stepan explains how redemocratization occurred as the military reached into the civil sector for allies in its struggle against the growing influence of the intelligence community He also explores dissension within the military and the continuing conflicts between the military and the civilian government

The Politics of Military Rule in Brazil, 1964-1985 Thomas E. Skidmore, 1990-03-08 The largest and most important country in Latin America Brazil was the first to succumb to the military coups that struck that region in the 1960s and the early 1970s In this authoritative study Thomas E Skidmore one of America s leading experts on Latin America and in particular on Brazil offers the first analysis of more than two decades of military rule from the overthrow of Jo o Goulart in 1964 to the return of democratic civilian government in 1985 with the presidency of Jos Sarney A sequel to Skidmore s highly acclaimed *Politics in Brazil 1930-1964* this volume explores the military rule in depth Why did the military depose Goulart What kind of economic miracle did their technocrats fashion Why did General Costa e Silva s attempts to humanize the Revolution fail only to be followed by the most repressive regime of the period What led Generals Geisel and Golbery to launch the liberalization that led to abertura What role did the Brazilian Catholic Church the most innovative in the Americas play How did the military government respond in the early 1980s to galloping inflation and an unpayable foreign debt Skidmore concludes by examining the early Sarney presidency and the clues it may offer for the future Will democratic governments be able to meet the demands of urban workers and landless peasants while maintaining economic growth and international competitiveness Can Brazil at the same time control inflation and service the largest debt in the developing world Will its political institutions be able to represent effectively an electorate now three times larger than in 1964 What role will the military play in the future In recent years many Third World nations Argentina the Philippines and Uruguay among others have moved from repressive military regimes to democratic civilian governments Skidmore s study provides

insight into the nature of this transition in Brazil and what it may tell about the fate of democracy in the Third World

Passion of the People? Tony Mason, 1995 Brazil's victory in the 1994 World Cup is the latest chapter in an extensive history of the world's most popular game in South America. In this engaging account, Tony Mason reviews the place of football in Argentina, Brazil, and Uruguay. Mason opens with soccer's rise at the turn of the century amidst the exploding urbanization of Buenos Aires, Montevideo, Rio de Janeiro, and São Paulo. He demonstrates that from its beginnings, the game had wide popular appeal and examines the role of British commercial and military interests as well as that of newcomers from Italy, Spain, and Portugal. From the moment when Uruguay won the Olympic football tournament in 1924 to Argentina's bizarre appearance in the World Cup final of 1990, international success on the pitch brought with it prestige and influence abroad. At home, Mason shows how dictators used football to ensure political passivity. He concludes by asking if the attention focused on football in Latin America today is exaggerated or whether the game truly is the passion of the people. **Securing Sex**

Benjamin A. Cowan, 2016-03-02 In this history of right-wing politics in Brazil during the Cold War, Benjamin Cowan puts the spotlight on the Cold Warriors themselves. Drawing on little-tapped archival records, he shows that by midcentury, conservatives, individuals, and organizations, civilian as well as military, were firmly situated in a transnational network of right-wing cultural activists. They subsequently joined the powerful hardline constituency supporting Brazil's brutal military dictatorship from 1964 to 1985. There, they lent their weight to a dictatorship that Cowan argues operationalized a moral panic that conflated communist subversion with manifestations of modernity coalescing around the crucial nodes of gender and sexuality, particularly in relation to youth, women, and the mass media. The confluence of an empowered right and a security establishment suffused with rightist moralism created strongholds of anticommunism that spanned government agencies, spurred repression, and generated attempts to control and even change quotidian behavior. Tracking how limits to Cold War authoritarianism finally emerged, Cowan concludes that the record of autocracy and repression in Brazil is part of a larger story of reaction against perceived threats to traditional views of family, gender, moral standards, and sexuality, a story that continues in today's culture wars. **United States Penetration of Brazil** Jan Knippers Black, 1977 Brazilian

Bulletin, 1968 Presidential Leadership in the Americas since Independence Guy Burton, Ted Goertzel, 2016-10-05 What is presidential leadership, and why have some presidents been considered great or rather transformational while others are not? What are the drivers which distinguish these presidents from the rest? Presidential Leadership in the Americas since Independence answers these questions through a systematic study of leadership across the Americas over 200 years, from independence to the present day. Having surveyed who the most cited presidents are in the Americas, Guy Burton and Ted Goertzel examine the experience of presidents from across the western hemisphere: the US, Argentina, Brazil, Chile, Colombia, Mexico, Peru, and Venezuela. They study the relationship between these men and women's actions within the constraints they faced during four political periods: independence, national consolidation during the nineteenth century, state building from the

late nineteenth to mid twentieth centuries and neoliberalism since the 1970s 80s The most transformational presidents are found to be those who are not only able to innovate and build new political consensus at a time of crisis but also consolidate them so that the reforms becoming lasting and extending beyond an individual president's own political even biological lifetime *Why This World* Benjamin Moser, 2009-08-04 That rare person who looked like Marlene Dietrich and wrote like Virginia Woolf Clarice Lispector is one of the most popular but least understood of Latin American writers Now after years of research on three continents drawing on previously unknown manuscripts and dozens of interviews Benjamin Moser demonstrates how Lispector's development as a writer was directly connected to the story of her turbulent life Born in the nightmarish landscape of post World War I Ukraine Clarice became virtually from adolescence a person whose beauty genius and eccentricity intrigued Brazil *Why This World* tells how this precocious girl through long exile abroad and difficult personal struggles matured into a great writer It also asserts for the first time the deep roots in the Jewish mystical tradition that make her the true heir to Kafka as well as the unlikely author of perhaps the greatest spiritual autobiography of the twentieth century From Chechnik to Recife from Naples and Berne to Washington and Rio de Janeiro *Why This World* strips away the mythology surrounding this extraordinary figure and shows how Clarice Lispector transformed one woman's struggles into a universally resonant art **Funny True Stories And Some That Are Serious** Buy\$ c.a.

lindsay, 2014-11-04 A life long writer's story told with satire historical information 1950s present and poignant vignettes Jokes about government mismanagement and ineptitude along with the author's successful political position where she shut down a local city commission are told The book includes humorous art and descriptions of changing technology

Translations on Sub-Saharan Africa United States. Joint Publications Research Service, 1978 **Letters from Brazil IV** Mark J. Curran, 2021-11-16 *Letters from Brazil IV* is the most recent in the series of Professor Mike Gaherty's travel and research in Brazil He has returned in 1984 after an invited hiatus since 1971 by the General heading Brazil's Pre Censorship Board this due to Mike's friendship research collaboration with and defense of singer composer Chico Buarque de Hollanda He is reporting on current events and politics for the International Section of the New York Times in liaison with the Institute of International Research Latin American Sector This includes the volatile climate of Direct Elections Now for the presidency He is shadowed by the DOPS the Brazilian Security Agency but has become great friends with the Captain in charge of keeping an eye on him Mike renews many old friendships and finds time to update his research specialty The Literatura de Cordel as folk popular journalism since censorship ended in 1979 He also has to maneuver between some and side step other former romantic liaisons in Brazil Further collaboration in a Chico Buarque concert and dealing with Brazilian security forces gets dicey Brazilian literature religion music food and his own nostalgia for Black Orpheus complete the adventure [The Fight against Systemic Corruption](#) Maria Eugenia Trombini, Elizangela Valarini, Vanessa Elias de Oliveira, Markus Pohlmann, 2024-05-27 This open access book examines the interplay between public and private sectors in Latin America's

biggest market It is the result of the binational research project Organizational Crime and Systemic Corruption in Brazil funded by the DFG and FAPESP 2018-2023 Its contributions analyze anticorruption political finance and how for-profit organizations manage illegality

Societies of Fear Kees Koonings, Dirk Kruijt, 1999-08 Latin America is in the grip of a double challenge coping with what may be the worst economic crisis since the 1930s and the huge problems of poverty and inequality this has produced while simultaneously consolidating its democratic transition trying to recover from the traumas of many years of authoritarian rule and state terror This superb collection of original scholarship and historical and analytical overviews examines a subject that has received too little attention the legacy of past conflict violence and terror in all the most important countries of South and Central America This volume is ideal for scholars concerned with Latin American society and politics generally and civil-military relations peace building and good governance in particular

Politics in Uniform Maud Chirio, 2018-07-10 Between 1964 and 1985 Brazil lived under the control of a repressive anticommunist regime where generals maintained all power Respect for discipline and the absence of any and all political activity was demanded of lower ranking officers while their commanders ran the highest functions of state Despite these circumstances dozens of young captains majors and colonels believed that they too deserved to participate in the exercise of power For two decades they carried on a clandestine political life that strongly influenced the regime's evolution This book tells their story It is history viewed from below that pays attention to the origins of these actors their career paths their words and their memories as recounted not only in traditionally available material but also in numerous personal interviews and unpublished civilian and military archives This behind-the-scenes political life presents a new perspective on the nature and the internal operations of the Brazilian dictatorial military state This book is a translation with expanded material for English language readers of Maud Chirio's original Portuguese language work *A política nos quartéis: Revoltas e protestos de oficiais na ditadura militar brasileira* which was awarded the Thomas E. Skidmore Prize by the Brazilian National Archives and Brazilian Studies Association

Migrants, Refugees, and Asylum Seekers in Latin America Raanan Rein, Stefan Rinke, David M.K. Sheinin, 2020-06-08 Scholarship on ethnicity in modern Latin America has traditionally understood the region's various societies as fusions of people of European indigenous and/or African descent These are often deployed as stable categories with European or white as a monolith against which studies of indigeneity or blackness are set The role of post-independence immigration from eastern and western Europe as well as from Asia Africa and Latin American countries in constructing the national ethnic landscape remains understudied The contributors of this volume focus their attention on Jewish Arab non-Latin European Asian and Latin American immigrants and their experiences in their new homes Rejecting exceptionalist and homogenizing tendencies within immigration history contributors advocate instead an approach that emphasizes the locally and nationally embedded nature of ethnic identification

The Brazil Reader James N. Green, Victoria Langland, Lilia Moritz Schwarcz, 2018-12-06 From the first encounters between the Portuguese and indigenous

peoples in 1500 to the current political turmoil the history of Brazil is much more complex and dynamic than the usual representations of it as the home of Carnival soccer the Amazon and samba would suggest This extensively revised and expanded second edition of the best selling Brazil Reader dives deep into the past and present of a country marked by its geographical vastness and cultural ethnic and environmental diversity Containing over one hundred selections many of which appear in English for the first time and which range from sermons by Jesuit missionaries and poetry to political speeches and biographical portraits of famous public figures intellectuals and artists this collection presents the lived experience of Brazilians from all social and economic classes racial backgrounds genders and political perspectives over the past half millennium Whether outlining the legacy of slavery the roles of women in Brazilian public life or the importance of political and social movements The Brazil Reader provides an unparalleled look at Brazil s history culture and politics

Political Messaging in Music and Entertainment Spaces across the Globe. Volume 1. Uche Onyebadi,2022-09-06 Political Messaging in Music and Entertainment Spaces across the Globe uniquely expands the frontiers of political communication by simultaneously focusing on content political messaging and platform music and entertainment As a compendium of valuable research work it provides rich insights into the construction of political messages and their dissemination outside of the traditional and mainstream structural process and behavioral research focus in the discipline Researchers teachers students and other interested parties in political communication political science journalism and mass communication sociology music languages linguistics and the performing arts communication studies law and history will find this book refreshingly handy in their inquiry Furthermore this book was conceptualized from a globalist purview and offers readers practical insights into how political messaging through music and entertainment spaces actually work across nation states regions and continents Its authenticity is also further enhanced by the fact that most chapter contributors are scholars who are natives of their areas of study and who painstakingly situate their work in appropriate historical contexts

The Middle East and Brazil Paul Amar,2014-07-15 Connections between Brazil and the Middle East have a long history but the importance of these interactions has been heightened in recent years by the rise of Brazil as a champion of the global south mass mobilizations in the Arab world and South America and the cultural renaissance of Afro descendant Muslims and Arab ethnic identities in the Americas This groundbreaking collection traces the links between these two regions describes the emergence of new South South solidarities and offers new methodologies for the study of transnationalism global culture and international relations

State Violence, Torture, and Political Prisoners Renata Meirelles,2019-10-08 State Violence Torture and Political Prisoners discusses the activities of Amnesty International during the period of Brazil s dictatorship 1964 1985 During the dictatorship Amnesty assisted political prisoners who were submitted to torture and helped to publicise charges of torture against agents of the military regime s repressive apparatus Through a specific examination of Amnesty s work with Brazilian political prisoners this book explores how Amnesty adapted its organisational principles such as non violence and the focus

on individual cases during this time In 1967 Amnesty experienced a severe internal crisis which prompted the organisation to make structural changes These changes enabled it to expand its activities beyond Europe to Latin America including Brazil This book examines one of Amnesty International s first major campaigns against torture and the impact this had on the organisation s development of a new agenda Bringing a critical and historical perspective on Amnesty s work the book contributes to the debate on the role of human rights organisations in addressing human rights abuses worldwide It makes a significant contribution to international research on state crime human rights and torture A Dictionary of Political Biography Christopher Riches,Dennis Kavanagh,2013-09-19 Originally compiled by an expert team of contributors this dictionary covers all the major figures in world politics of the twentieth century Authoritative and wide ranging it describes and assesses the lives of more than 1 100 men and women who have shaped political events across the world Each entry includes an account of the background career and achievements of the individual concerned balancing fact with critical appraisal This second edition commissioned especially for Oxford Reference contains over 25 new entries and the whole text has been thoroughly revised and updated

Reviewing **Ernesto Geisel**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is actually astonishing. Within the pages of "**Ernesto Geisel**," an enthralling opus penned by a highly acclaimed wordsmith, readers attempt an immersive expedition to unravel the intricate significance of language and its indelible imprint on our lives. Throughout this assessment, we shall delve into the book's central motifs, appraise its distinctive narrative style, and gauge its overarching influence on the minds of its readers.
