113 THOMAS COUTURE, *The Romans of the Decadence*, 1847

There are academic works, however, which give us a view of the darker aspects of nineteenth-century sexuality. One theme, inherited from the Romantics, and vigorously exploited by various artists throughout the century, is that of the captive woman, entirely at the mercy of the male, to be used as he shall decide. It is surprising, at first sight, how often the theme of slavery occurs in works which enjoyed an enormous contemporary response. In England, Hiram Powers's sculpture *The Greek Slave* scored a runaway success at the Great Exhibition of 1851; and Edwin Long's *The Babylonian Slave Market* fetched a record price for a contemporary work of art. Sexuality in Western Art Edward Lucie-Smith,1991 Edward Lucie Smith s examination of sexuality in Western art from prehistory to the present first treats the tradition chronologically then considers its characteristic themes and symbols

Eroticism in Western Art Edward Lucie-Smith,1972 **Images of Sex and Desire in Renaissance Art and Modern Historiography** Angeliki Pollali,Berthold Hub,2017-12-06 Studies on gender and sexuality have proliferated in the last decades covering a wide spectrum of disciplines This collection of essays offers a metanarrative of sexuality as it has been recently embedded in the art historical discourse of the European Renaissance It revisits canonical forms of visual culture such as painting sculpture and a number of emblematic manuscripts The contributors focus on one image either actual or thematic and examine it against its historiographic assumptions Through the use of interdisciplinary approaches the essays propose to unmask the ideologies of representation of sexuality and suggest a richer image of the ever shifting identities of gender The collection focuses on the Italian Renaissance but also includes case studies from Germany and France The Female Nude Lynda Nead,2024-05-01 The history of Western art is saturated with images of the female body Lynda Nead s *The Female Nude* was the first book to critically examine this phenomenon from a feminist perspective and ask how and why did the female nude acquire this status In a deft and engaging manner Lynda Nead explores the ways in which acceptable and unacceptable images of the female body are produced issues which have been reignited by current controversies around the patriarchy objectification and pornography Nead brilliantly illustrates the two opposing poles occupied by the female nude in the history of art at one extreme the visual culmination of enlightenment aesthetics at the other spilling over into the degraded and the obscene What both have in common however is the aim of containing the female body Drawing on examples of art and artists from the classical period to the 1980s *The Female Nude* paints a devastating picture of the depiction of the female body and remains as fresh and invigorating today as it was at the time of its first publication This Routledge Classics edition includes a new Preface by the author **A Alma Amortalhada** Pamela Bacarisse,1984

The Shipwreck Sea Jeffrey M. Duban, 2019-04-12 Sappho in the words of poet Algernon Charles Swinburne 1837-1909 was simply nothing less as she is certainly nothing more than the greatest poet who ever was at all Born over 2,600 years ago on the Greek island of Lesbos Sappho the namesake lesbian wrote amorously of men and women alike exhibiting both masculine and feminine tendencies in her poetry and life What's left of her writing and what we know of her is fragmentary and thus ever subject to speculation and study *The Shipwreck Sea* highlights the love poetry of the soulful Sappho the impassioned Ibycus and the playful Anacreon among other Greek lyric poets of the age 7th to 5th centuries BC with verse translations into English by author Jeffrey Duban The book also features selected Latin poets who wrote on erotic themes Catullus Lucretius Horace and Petronius and poems by Charles Baudelaire with his milestone rejoinder to lesbian love Lesbos and in the same stanzaic meter a turn to the consoling power of memory in love's more frequently tormented recall *Le Balcon* Duban also translates selected *Carmina Burana* of Carl Orff the poems frequently Anacreontic in spirit The book's essays include a comprehensive analysis with a new translation of Horace's famed *Odes* 1-5 To Pyrrha in which the theme of love's shipwreck predominates and an opening treatise length argument exploring painting sculpture literature and other Western art forms on the irrelevance of gender to artistic creation No Homer was not a woman and it would make no difference if she were Twenty full color artwork reproductions masterpieces in their own right illustrate and bring Duban's argument to life Finally Duban presents a selection of his own love poems imitations and pastiches written over a lifetime these composed in the classical mode which is the leitmotif of this volume *The Shipwreck Sea* is a delightful and continually thought provoking companion to *The Lesbian Lyre* both books vividly demonstrating that classicism yet thrives in our time despite the modernism marshaled against it

Women and Death Helen Fronius, Anna Linton, 2008 Identifies and analyzes thematizations of women and death from the past five centuries illuminating the present and recent past The theme of women and death is pervasive in the German culture of the past five centuries With the conviction that only an interdisciplinary approach can explore a typology as far reaching and significant as this and in accordance with the feminist tenet that images are accountable for norms this volume investigates how iconic representations of women and death came about and why they endure Traditionally representations of women as agents of death when they have been considered at all

have been considered separately from women as victims as though there was no shared thematic ground Here familiar depictions of female victims are examined alongside the more unsettling spectacle of women as killers exposing cultural assumptions Essays explore among others the themes of virgin sacrifice and female infanticides Death and the Maiden in art female vampires in literature and women killers in the media Others compare cultural practices such as female mourning across historical contexts examining change and the reasons for it The authors judgments eschew the simplistic and programmatic contributing not just to current research in German literature but also to understanding of cultural history in general Contributors Stephanie Kn ll Ruth B Bottigheimer Anna Linton Bettina Bildhauer Mary Lindemann Helen Fronius Anna Richards J rgen Barkhoff Lawrence Kramer Kathrin Hoffmann Curtius Clare Bielby Gisela Ecker Anna Linton is Lecturer in German at Kings College London and Helen Fronius is an AHRC Research Fellow and College Lecturer at Exeter College Oxford

The Imprint of Gender Wendy Wall, 1993 What did it mean to be published at the end of the sixteenth century While in polite circles gentlemen exchanged handwritten letters published authors risked association with the low born masses Examining a wide range of published material including sonnets pageants prefaces narrative poems and title pages Wendy Wall considers how the idea of authorship was shaped by the complex social controversies generated by publication during the English Renaissance

Art on the Edge Harold Rosenberg, 1983-06-15 Discusses the aesthetic orientations and creative directions of prominent contemporary artists as well as the nature and implications of the various modern movements

Hawthorne's Visual Artists and the Pursuit of a Transatlantic Aesthetics Kumiko Mukai, 2008 Among Hawthorne s primary themes the visual arts have usually been regarded as an afterthought and have only been examined to elucidate his own personal philosophy Hawthorne s own contemporaries derided him for his mediocre aesthetics and that view has been taken as received wisdom up to the present day This study reexamines Hawthorne s aesthetics and suggests that he was much more familiar with the art and artists of the time than has previously been acknowledged by critics He developed his own eclectic and transatlantic view of art a view which incorporated decorative arts like embroidery while maintaining a modest estimation of his own talents This book examines the full range of visual artists whom Hawthorne portrays It argues that these portrayals illuminate the artist s dilemma of being fettered by New England Puritanism while at the same time being attracted to the richness and depth of both Victorian aesthetics and the artistic sense of Old World Catholicism The ambiguous destinies of his artist characters include misunderstandings and disputes while at the same time they suggest a reconciliation of the conflicting sentiments and transatlantic perspectives of the writer himself
