Economic Integration Among Unequal Partners

Alicia Puyana De Palacios,2014-05-20 Economic Integration among Unequal Partners The Case of the Andean Group discusses concerns regarding economic integration among less developed countries The book provides quantitative analysis of progress and economic costs and benefits of the economic integration among the countries of the Andean Group The text is comprised of eight chapters that are organized into three parts The first part contains chapters that tackle the historical political and theoretical backgrounds of the Andean Group The second part which only contains Chapter 3 examines the effects of economic integration The last part which is comprised of the last remaining four chapters covers the attitudes of those involved in the integration process The book will be of great interest to individuals who have an interest in the implications of economic integration

Economic Integration Mihály Simai,1977

Comecon J. J. Brine,1992

Comecon or the Council for Mutual Economic Assistance was founded by Joseph Stalin in 1949 to counteract the Marshall Plan and reinforce the bonds between the Soviet Union and the people s democracies of Eastern Europe Other Soviet Bloc nations later joined Comecon and for forty years it dominated the trade policies of the Soviet Bloc and profoundly influenced their domestic economic development and relations with the West Comecon collapsed in 1991 after the countries of Eastern Europe rejected communism It was often compared with the West European Common Market but differed vastly in its aims structure powers and activities Its influence is a critical factor in assessing both the economic failures of the Soviet Bloc and the problems facing former member states as they make the transition to free market economies This detailed annotated bibliography is an essential guide to the extensive English language literature about Comecon from its founding until its demise Chapters cover Comecon s history structure and law socialist economic integration the organization s arrangements for international trade and finance environment natural resources and energy labor industry and agriculture science and technology Comecon like the rest of the Soviet Bloc collapsed suddenly but its legacy will color international relations and worldwide economic issues for years to come An understanding of its institutions mechanisms and policies remains vital hi appreciating the economic organization of the former Soviet empire This bibliography will therefore be indispensable to policymakers economists historians and political scientists

Engineering Economics Text & Cases | 20+ Real World

Cases | 3e D N Dwivedi, Dr H L Bhatia & Dr S N Maheshwari, This book provides guidance to the administrative personnel on how economic principles and theories can be applied to ensure the most efficient performance of their engineering functions The engineering function involves the activities and works of designing and constructing machinery engines electrical devices and roads and bridges The performance of all these activities involves financial human and time costs and yields benefits to the performers of these activities and to the society as whole A comprehensive analysis of how economic concepts and economic theories can be applied to resolve the economic problems confronted by the people as consumers

producers factor owners and marketers has been provided in the first edition of this book In this new edition some important contributions have been to the subject matter of the Engineering Economics to make its scope more comprehensive Primarily a new Part i e Part V has been added to this revised edition containing two new chapters Ch 21 Cash Flows Investment and Equivalence and Ch 22 Time Value of Money The purpose of Ch 21 is to analyse how cash flows and investments made by the business firms affect the economy and create opportunities for further investments And Ch 22 highlights the reasons for change in the value of money and its effects on business transactions The second important contribution to this revised edition is the addition of twelve Case Studies to economic theories of the relevant chapters The objective of adding Case Studies to the book is to illustrate how economic theories can be and are applied to test their theoretical validity and to test the efficacy of managerial decisions Incidentally the Case Studies have been provided by some reputed academic faculties In addition in the revision of the book some additional interpretations have been added to the explanation of economic theories presented in different chapters In Ch 30 the analysis of the monetary policy has been almost rewritten with additional proofs Also the data given in different Chapters to show the periodic economic changes have been updated Besides some extra questions have been added to the Review Questions of some chapters *Agrarian Policies in Communist Europe* K.-E.

Wädekin,2024-09-02 **A Handbook on the Ecowas Treaty and Financial Institutions** Maiyaki,2012-09-14 The inspiration to write on the ECOWAS Treaty and the role of financial institutions derived from the apparent and unabated efforts of the various governments in the West African subregion to find solutions to the inexplicable sufferings and underdevelopment of the region and its people in the face of abundant but untapped human and natural resources The strategy of integration has been employed by other jurisdictions some of them more developed as an option in addressing the forgoing challenges So many years after the establishment of ECOWAS the dream is far from being attained Given the critical financial engagements inherent in the ECOWAS integration strategy it is considered desirable that the treaty is rationalized to accommodate a wider role for financial institutions within the control of a supra national framework
