Tobacco Control Policy Analysis In China: Economics And Health Teh-wei Hu, 2008-01-21 This is the first book that analyzes tobacco control policies in China from the perspectives of economics and health For readers interested in the economic aspects of tobacco control policy issues not only in China but also in other developing countries this book provides a comprehensive analytical and empirical framework addressing key debated issues This book covers a range of interesting topics from the prevalence of smoking in China health and economic burden of smoking in China demand for cigarettes and taxation in China the role of tobacco on farming the tobacco industry and the World Trade Organization poverty and smoking in China to future challenges of tobacco control for the Chinese government

Economics Of Tobacco Control In China: From Policy Research To Practice Teh-wei Hu, 2016-06-10 Nearly 370 million people in China smoke about one third of all smokers in the world are in China and about 1.2 million deaths in China are attributable to smoking The death toll is expected to reach 2.2 million in 2030 if no smoking intervention programs are implemented Taxation on tobacco products is one of the most effective tobacco control programs This book addresses not only why China should raise cigarette tax but also how to raise the tobacco tax by providing decision makers with relevant research findings and quantitative estimate about the impact of raising the tobacco tax It documents how these research findings were communicated to the Chinese government officials and how finally tobacco tax was raised 10 years after China's ratification of the WHO Framework Convention on Tobacco Control Treaty The purposes of this book are 1 to inform economists public health professionals and policymakers about the economic consequences of smoking 2 to provide the essential economics particularly related to taxation and public health information upon which to build the specifics of the taxation policy that is adopted 3 to identify barriers challenges and recommendations for the Chinese government and 4 to describe how research findings can be disseminated and communicated successfully to Chinese government policy makers It is a must read for researchers who are

interested in China's tobacco control efforts and in how to communicating their findings to the policy makers It could also be useful for tobacco control professionals researchers and policy makers in other countries **Tobacco Economics Today** Commonwealth Bureau of Agricultural Economics,1985 **The Economics of Smoking** Robert D. Tollison,Richard E. Wagner,1991-10-31 Cigarettes are under political attack at all levels of government in the United States From Washington D C to state capitals to local governments proposals abound to increase the cigarette excise tax to impose smoking bans to prevent cigarette advertising to restrict the sale of cigarettes through vending machines to cut off the export of cigarettes to earmark the cigarette excise tax for health programs to divest the stock of cigarette companies and so on And all of these are purportedly being advocated in the name of health Undergirding and abetting the health argument is an economic argument that claims to place a value of up to 100 billion per year on the alleged health costs of smoking to the American economy which is more than 3 per pack of cigarettes smoked As our title suggests our interest lies in the economics of smoking and not in the health issues surrounding smoking We are professional economists and not medical scientists We will focus on what if any economic consequences arise for nonsmokers when smokers smoke For purposes of our discussion we simply accept the premise that smoking damages health and proceed with our analysis Since we have not studied the issue ourselves we have no way of knowing whether such a premise is true But it really does not matter for getting the economics of smoking right The important point resides in who pays for whatever to smoking Proceedings of 2014 1st International Conference on Industrial Economics and Industrial Security Menggang Li,Qiusheng Zhang,Runlong Zhang,Xianliang Shi,2015-03-03 This book collects 88 papers on the latest fundamental advances in the state of the art and practice of industrial economics and industrial security theories and practices providing insights to address problems concerning the national economy social development and economic security The book is divided into four main sections Industrial Economics Industrial Security Empirical Studies and others all of which cover different aspects such as industrial organization industrial structure industrial development industrial distribution and industrial policies as well as theories on industrial security in globalization It also covers four special sessions Cultural Industry National Economy Finance Groups and International Economics and Trade The papers in each section describe state of art research works that are often oriented towards real world applications and highlight the benefits of related methods and techniques for developing the emerging field of Industrial Economics and Industrial Security **Smoking: The Economic Consequences** Pasquale De Marco,2025-05-13 Smoking The Economic Consequences provides a comprehensive overview of the economic health and social consequences of smoking It also discusses the history of smoking the role of the tobacco industry and the different methods of quitting smoking Smoking The Economic Consequences is written in a clear and concise style and it is intended for a general audience It is an essential resource for anyone who wants to learn more about the dangers of smoking or who is considering quitting In this book you will learn about The economic costs of smoking including lost productivity increased absenteeism

and higher healthcare costs The health consequences of smoking including cancer heart disease stroke and COPD The social consequences of smoking including damage to relationships social isolation and increased risk of domestic violence The history of smoking from its origins to the present day The role of the tobacco industry in promoting smoking and addicting smokers The different methods of quitting smoking including cold turkey nicotine replacement therapy and counseling Smoking The Economic Consequences is a valuable resource for anyone who wants to quit smoking or who wants to help others to quit It is also an important book for policymakers and public health advocates who are working to reduce the number of people who smoke If you like this book write a review on google books *Tobacco: The Growing Epidemic* Rushan Lu, Judith Mackay, Shiru Niu, Richard Peto, 2012-12-06 This book contains the full proceedings of the Tenth World Conference on Tobacco or Health held 24-28 August 1997 in Beijing China and hosted by the Chinese Association on Smoking and Health and the Chinese Medical Association Tobacco is now causing a worldwide epidemic of premature death and disability affecting first men and then women in developed countries and now increasingly affecting developing countries The theme Tobacco The Growing Epidemic was chosen to reflect the increasingly global nature of the problem
