[Health Care Financial Management for Nurse Managers](#) Janne Dunham-Taylor,Joseph Z. Pinczuk,2006 Health Care Financial Management for Nurse Managers Merging the Heart with the Dollar prepares nurse managers for successful interfacing between financial departments and nursing administration Using a systems approach to analyze the financial impact of health decisions so nurse managers can thoroughly understand financial concepts such as staffing budgeting identifying and analyzing variance measuring productivity costing accounting and forecasting the text also presents examples techniques and financial accounting terminology and demonstrates how cost cutting can affect patient outcomes

[Advanced Practice Nursing E-Book](#) Ann B. Hamric,Judith A. Spross,Charlene M. Hanson,2008-07-02 Covering all advanced practice competencies and roles this book offers strategies for enhancing patient care and legitimizing your role

within today's health care system. It covers the history of advanced practice nursing, the theory behind the practice, and emerging issues. Offering a comprehensive exploration of advanced practice nursing, this edition also adds a focus on topics including the APN scope of practice, certification, and the ethical and legal issues that occur in clinical practice. The development of all major competencies of advanced practice nursing is discussed, including direct clinical practice, consultation, coaching, guidance, research, leadership, collaboration, and ethical decision making. Advanced practice competencies are discussed in relation to all advanced practice nursing and blended CNS/NP roles, case manager, acute care nurse practitioner, highlighting the shared aims and distinctions of each role. In-depth discussions on educational strategies explain how competencies develop as the nurse's practice progresses. A chapter on research competencies demonstrates how to use evidence-based research in practice and how to promote these research competencies to other APNs. A conceptual framework shows the clear relationship between the competencies, roles, and challenges in today's health care environment. Practical strategies are provided for business management, contracting, and marketing. Comprehensive information covers the essential competencies of the new Doctor of Nursing Practice degree. More exemplars, case studies, and real-life scenarios show APN competencies in action. A new chapter shows how to provide reliable and valid data to substantiate your impact and justify equitable reimbursement for APN services, also enhancing your skills in quality improvement strategies, informatics, and systems thinking. Information on telehealth considerations covers the new sources of electronic healthcare information available to patients and describes how to counsel them on using reliable resources.

Community Health Nursing Mary Jo Dummer Clark, 2003. Community Health Nursing: Caring for Populations, Fourth Edition. Now more than ever, locally, nationally, globally, society is in need of community health services. The Fourth Edition of Community Health Nursing continues to emphasize the application of community health nursing as it relates to specific populations, settings, and community health problems. Using an easy-to-follow organizing framework, the text assists readers in applying nursing process and nursing interventions to the care of the individual, families, and population groups. Theoretically and scientifically sound, as well as practical and applicable, this resource is a thorough introduction to the specialty. Features: New Cultural Considerations highlight cultural factors that influence health care delivery and community health nursing practice. New Ethical Awareness feature introduces readers to ethical dilemmas faced by community health nurses and assists them in applying principles of ethical decision making. New Chapter: Care of Clients in Official and Voluntary Agencies includes detailed discussion of parish nursing and its roles and functions, as well as local health agencies and standards, functions, and services of community public health nursing. Assessment Tips detail key considerations in nursing assessment in specific populations, settings, and health problems. Comprehensive technology package that includes a Companion Website, corresponding student CD-ROM, and online course management systems in WebCT, Blackboard, and Course Compass platforms.
