The Elements of Christian Symbolism John Baldock,1990 **Cracking the Symbol Code** Tim Wallace-Murphy,2012-01-01 Expanding on issues touched on in The Da Vinci Code this thought provoking study explores the real story of Christianity a story told by men and women condemned by the traditional orthodox church and one long hidden in mysterious codes and symbols In medieval times dissenters believed the established church ruthlessly suppressed the truth about Jesus and his ministry Branded as heretics and subject to torture and execution for their beliefs the dissenters including the Knights Templar Freemasons Cathars and groups of scientists devised an ingenious code to communicate with fellow sympathizers and preserve the truth They concealed these complex symbols in art artifacts and architecture of the medieval world Finally this fascinating underground language is deciphered revealing powerful messages meant as much for today s truth seekers as for medieval minds **Christian Archaeology** Charles Wesley Bennett,1888 Expressions of Religion Eugenia Roussou,Clara Saraiva,2019 This volume brings together experts in ethnology anthropology folklore sociology and history of art in order to discuss the varieties or religious expression through ritual performance empirical ethnographic analysis and sensory modes of perception The primary goal of the book is to re centralize the importance of expressing religion through performance art and the senses and to approach performative action as religion in a variety of sociocultural historical political and spiritual contexts The authors in this volume examine in distinct yet convergent ways how religion is creatively expressed ritually performed and sensorially experienced at present and or in the past The significance of this book lies exactly on the richness and diversity of expressions of religion that are presented here and on the multi disciplinary dialogue that is generated among diverse theoretical analytical and methodological approaches

Finishing the Mysteries of Gods and Symbols Seven Star Hand,2010-09-17 Here is comprehensive proof that the symbolism of many ancient texts canons and concepts is an advanced and extremely ancient spiritual and philosophical technology that predates all extant religions and mystery schools Consequently here is proof beyond disproof that all three so called Faiths of Abraham are purposeful deceptions Accordingly related esoterica mystery schools and the New Age are rife with error caused by undue reliance upon the assertions of these religions and their leaders Throughout this book I present verifiable proof that ancient sages and prophets opposed religion and wisely never trusted religious leaders As comprehensive validation of this they redundantly encoded stunning proof of why throughout pivotal symbolic narratives and related concepts The ancient sages and prophets hid vital secrets from religious leaders throughout the previous several millennia When these decoded details are compared to the history words and deeds of these religions and their leaders they finally prove the truth about many long hidden things These religions have always purposely imposed ignorance based on the deceptive recasting of earlier symbolic concepts and narratives that also expertly encoded the keys to ancient wisdom as redundant proofs of the truth Arrogant religious leaders while hypocritically lecturing others about morality have long overlooked that the ancient sages and prophets were painfully aware of their then current and future misdeeds and deceptions and patiently and expertly prepared for them
