attacks the demagogue had made in the Public Assembly on the daring critic and the abortive charge which the same unscrupulous enemy had brought against him in the Courts of having slandered the city in the presence of foreigners In this bitterness of spirit the play stands in strong contrast with the good humoured burlesque of *The Acharnians* and the Peace or indeed with any other of the author's productions which has reached us The characters are five only First and foremost comes Demos The People typifying the Athenian democracy a rich householder a self indulgent superstitious weak creature He has had several overseers or factors in succession to look after his estate and manage his slaves The present one is known as the Paphlagonian or sometimes as the Tanner an unprincipled lying cheating pilfering scoundrel fawning and obsequious to his master insolent towards his subordinates Two of these are Nicias and Demosthenes Here we have real names Nicias was High Admiral of the Athenian navy at the time and Demosthenes one of his Vice Admirals both held still more important commands later in connection with the Sicilian Expedition of 415 413 B C Fear of consequences apparently prevented the poet from doing the same in the case of Cleon who is of course intended under the names of the Paphlagonian and the Tanner Indeed so great was the terror inspired by the great man that no artist was found bold enough to risk his powerful vengeance by caricaturing his features and no actor dared to represent him on the stage Aristophanes is said to have played the part himself with his face in the absence of a mask smeared with wine lees roughly mimicking the purple and bloated visage of the demagogue The remaining character is the Sausage seller who is egged on by Nicias and Demosthenes to oust the Paphlagonian from Demos favour by outvying him in his own arts of impudent flattery noisy boasting and unscrupulous allurement After a fierce and stubbornly contested trial of wits and interchange of Billingsgate the Sausage seller beats his rival at his own weapons and gains his object he supplants the disgraced favourite who is driven out of the house with ignominy

The Eleven Comedies Aristophanes,1930 **The Eleven Comedies** Aristophanes,2013-09-13 The Eleven Comedies Aristophanes Volume 2 Greek Classics This Comedy which was produced by its Author the year after the performance of *The Clouds* may be taken as in some sort a companion picture to that piece Here the satire is directed against the passion of the Athenians for the excitement of the law courts as in the former its object was the new philosophy And as the younger generation the modern school of thought were there the subjects of the caricature so here the older citizens who took their seats in court as jurymen day by day to the neglect of their private affairs and the encouragement of a litigious disposition appear in their turn in the mirror which the satirist holds up There are only two characters of any importance to the action Philocleon friend of Cleon and his son Bdelycleon enemy of Cleon The plot is soon told Philocleon is a bigoted devotee of the malady of litigiousness so typical of his countrymen and an enthusiastic attendant at the Courts in his capacity of dicast or jurymen Bdelycleon endeavours to persuade his father by every means in his power to change this unsatisfactory manner of life for something nobler and more profitable but all in vain As a last resource he keeps his father a prisoner indoors so that he cannot attend the tribunals
