*ILL REQUEST: Freedom Dreams: the Black Radical Imagination* Robin D.G. Kelley, 2002 *The Black Power Movement* Peniel E. Joseph, 2006 The Black Power Movement remains an enigma Often misunderstood and ill defined this radical movement is now beginning to receive sustained and serious scholarly attention Peniel Joseph has collected the freshest and most impressive list of contributors around to write original essays on the Black Power Movement Taken together they provide a critical and much needed historical overview of the Black Power era Offering important examples of undocumented histories of black liberation this volume offers both powerful and poignant examples of Black Power Studies scholarship

*Freedom dreaming futures for Black youth: Exploring meanings of liberation in education and psychology research* Seanna Leath, Lauren Mims, Misha Inniss-Thompson, 2023-07-21 Research elucidating the developmental processes

in Black children and youths schooling and educative experiences is increasing e.g. Carter Andrews et al 2019 Daneshzadeh Jackson Neal Jackson 2018 Yet the notion of freedom dreaming in relation to Black children and youth has received less attention within the fields of education and psychology We draw from U.S. historian Professor Robin D. G. Kelley's concept of freedom dreaming to illuminate not only what we are fighting against in the education of Black youth e.g. racial bias and discrimination unfair disciplinary practices and criminalization and Black youths overrepresentation in special education and underrepresentation in gifted and talented programs but also what we are fighting for liberatory educational praxis that build on Black youths individual and cultural strengths In the current call freedom dreaming refers to 1 actively uplifting the complex lives and stories of Black children and youth in educational settings 2 elevating Black children and youths intersectional experiences related to ability gender identity sexuality age and socio-economic class and 3 highlighting the innovative work of scholars who understand and value community power in efforts to advance educational change We draw on Dr Bettina Love's 2019 call for educational freedom wherein she states The practice of abolitionist teaching is rooted in the internal desire we all have for freedom joy restorative justice restoring humanity not just rules and to matter to ourselves our community our family and our country with the profound understanding that we must demand the impossible by refusing injustice and the disposability of dark children p. 7

Abolishing Fossil Fuels Kevin A. Young, 2024-05-14 Climate destruction is a problem of political power We have the resources for a green transition but how can we neutralize the influence of Exxon and Shell Abolishing Fossil Fuels argues that the climate movement has started to turn the tide against fossil fuels just too gradually The movement's partial victories show us how the industry can be further undermined and eventually abolished Activists have been most successful when they've targeted the industry's enablers the banks insurers and big investors that finance its operations the companies and universities that purchase fossil fuels and the regulators and judges who make life and death rulings about pipelines power plants and drilling sites This approach has jeopardized investor confidence in fossil fuels leading the industry to lash out in increasingly desperate ways The fossil fuel industry's financial and legal enablers are also its Achilles heel The most powerful movements in US history succeeded in similar ways The book also includes an in-depth analysis of four classic victories the abolition of slavery battles for workers rights in the 1930s Black freedom struggles of the 1950s and 1960s and the fight for clean air Those movements inflicted costs on economic elites through strikes boycotts and other mass disruption They forced some sectors of the ruling class to confront others which paved the way for victory Electing and pressuring politicians was rarely the movements primary focus Rather gains in the electoral and legislative realms were usually the byproducts of great upsurges in the fields factories and streets Those historic movements show that it's very possible to defeat capitalist sectors that may seem invulnerable They also show us how it can be done They offer lessons for building a multiracial working class climate movement that can win a global green transition that's both rapid and equitable

**Hydronarratives** Matthew S. Henry (Ph.D.), 2023 2023 Choice Outstanding Academic Title The

story of water in the United States is one of ecosystemic disruption and social injustice From the Standing Rock Indian Reservation and Flint Michigan to the Appalachian coal and gas fields and the Gulf Coast low income communities Indigenous communities and communities of color face the disproportionate effects of floods droughts sea level rise and water contamination In *Hydronarratives* Matthew S Henry examines cultural representations that imagine a just transition a concept rooted in the U S labor and environmental justice movements to describe an alternative economic paradigm predicated on sustainability economic and social equity and climate resilience Focused on regions of water insecurity from central Arizona to central Appalachia Henry explores how writers artists and activists have creatively responded to intensifying water crises in the United States and argues that narrative and storytelling are critical to environmental and social justice advocacy By drawing on a wide and comprehensive range of narrative texts historical documentation policy papers and literary and cultural scholarship Henry presents a timely project that examines the social movement just transition and the logic of the Green New Deal in addition to contemporary visions of environmental justice

**Hydronarratives** Matthew S. Henry, 2022 Focusing on creative responses to intensifying water crises in the United States *Hydronarratives* explores how narrative and storytelling support environmental justice advocacy in Black Indigenous and low income communities **Acquired Tastes** Benjamin R. Cohen, Michael S. Kideckel, Anna Zeide, 2021-08-17 How modern food helped make modern society between 1870 and 1930 stories of power and food from bananas and beer to bread and fake meat The modern way of eating our taste for food that is processed packaged and advertised has its roots as far back as the 1870s Many food writers trace our eating habits to World War II but this book shows that our current food system began to coalesce much earlier Modern food came from and helped to create a society based on racial hierarchies colonization and global integration *Acquired Tastes* explores these themes through a series of moments in food history stories of bread beer sugar canned food cereal bananas and more that shaped how we think about food today Contributors consider the displacement of native peoples for agricultural development the invention of Pilsner the first international beer style the long con of gilded sugar and corn syrup Josephine Baker's banana skirt and the rise of celebrity tastemakers and faith in institutions and experts who produced among other things food rankings and fake meat **Handbook of Research**

**Forging Freedom in W. E. B. Du Bois's Twilight Years** Phillip Luke Sinitiere, 2023-06-23 Contributions by Murali Balaji Charisse Burden Stelly Christopher Cameron Carlton Dwayne Floyd Robert Greene II Andre E Johnson Werner Lange

Lisa J McLeod Jodi Melamed Tyler Monson Eric Porter Reiland Rabaka Thomas Ehrlich Reifer Camesha Scruggs and Phillip Luke Sinitiere Although the career of W E B Du Bois was remarkable in its entirety a large majority of scholarship focuses on the first five or six decades Overlooked and understudied the closing three decades of Du Bois s career reflect a generative period of his life in terms of teaching travel activism and publications Forging Freedom in W E B Du Bois s Twilight Years No Deed but Memory proposes to narrate the political social and cultural significance of Du Bois s career during the controversial closing three decades of his life Du Bois s twilight years were tremendously controversial his persistent criticism of the collusion between capitalism and racism and his choice to join the Communist Party in late 1961 raised the ire of many At the time Du Bois s strident advocacy of socialism and turn to communism during the Cold War oriented most scholars away from delving into his late career While only a few scholars have engaged the productivity of Du Bois s later years the fact is that an anticommunist antiradical animus has followed Du Bois in the half century since his death As a result Du Bois scholarship remains impoverished to the extent that academics neglect his later years The essays in Forging Freedom in W E B Du Bois s Twilight Years detail selected aspects of Du Bois s later decades and their particular connection to American social political and cultural history between the 1930s and the 1960s While international concerns and a global perspective also fundamentally defined Du Bois s latter years chronicling his final decades in a US context presents fresh insight into his twilight years Du Bois s commitment to freedom s flourishing during this period animated the Black freedom struggle s war against white supremacy Ultimately this book demonstrates that the durability of Du Bois s intellectual achievements remains relevant to the twenty first century

**Post-Cold War Revelations and the American Communist Party** Vernon L. Pedersen, James G. Ryan, Katherine A. S. Sibley, 2021-01-14 Of all the third party movements in American history none have been as controversial as the Communist Party of the United States of America Although denounced as a tool of the Soviet Union accused of espionage and charged with advocating the revolutionary overthrow of the American government before WWII it had been an accepted part of the political landscape This collection offers an intriguing insight into this controversial political party in light of the Moscow archives that were made accessible after the end of the Cold War This collection of original essays explores new aspects in the history of American Communism drawing on a range of documents from Moscow and Eastern Europe Examining traditional subjects in the light of new evidence the essays cover a range of topics including party leaders espionage campaigns against racism the Spanish Civil War communism and gender the fate of members after the McCarthy era and ways in which Communists became Anti Communists

Civil Rights Movement Jamie J. Wilson, 2013-01-24 This book gives readers a comprehensive introduction to the topic of the Civil Rights Movement arguably the most important political movement of the 20th century and provides a road map for future study and historical inquiry Civil Rights Movement provides a comprehensive reference guide to this momentous cultural evolution that starts in the 1930s By beginning the story of how African Americans have long attempted to improve their lives while facing

severe legislative judicial and political constraints the author dispels the common misconception that black people only started their struggle to achieve equality in the mid 1950s The book discusses all of the major campaigns of the 1950s and 1960s within the deep southern states border states and northern urban areas thereby demonstrating that the African American struggle for equality was not solely in the South Synthesizing historical research historical research and providing an accessible historical narrative of one of the most fascinating and inspiring periods of United States history the book is appropriate for high school students and general readers Judicial victories significant to the movement and the shift in the portrayal of African Americans on television and in film are also addressed

**Death beyond Disavowal** Grace Kyungwon Hong, 2015-10-01 Death beyond Disavowal utilizes difference as theorized by women of color feminists to analyze works of cultural production by people of color as expressing a powerful antidote to the erasures of contemporary neoliberalism According to Grace Kyungwon Hong neoliberalism is first and foremost a structure of disavowal enacted as a reaction to the successes of the movements for decolonization desegregation and liberation of the post World War II era It emphasizes the selective and

uneven affirmation and incorporation of subjects and ideas that were formerly categorically marginalized particularly through invitation into reproductive respectability It does so in order to suggest that racial gendered and sexualized violence and inequity are conditions of the past rather than the foundations of contemporary neoliberalism s exacerbation of premature death Neoliberal ideologies hold out the promise of protection from premature death in exchange for complicity with this pretense In Audre Lorde s *Sister Outsider* Cherr e Moraga s *The Last Generation* and Waiting in the Wings Oscar Zeta Acosta s *The Revolt of the Cockroach People* Ana Castillo s *So Far from God* Gayl Jones s *Corregidora* Isaac Julien s *Looking for Langston* Inge Blackman s *B D Women* Rodney Evans s *Brother to Brother* and the work of the late Barbara Christian *Death beyond Disavowal* finds the memories of death and precarity that neoliberal ideologies attempt to erase Hong posits cultural production as a compelling rejoinder to neoliberalism s violences She situates women of color feminism often dismissed as narrow or limited in its effect as a potent diagnosis of and alternative to such violences And she argues for the importance of women of color feminism to any critical engagement with contemporary neoliberalism

**The Memoirs of Robert and Mabel Williams** Robert F. Williams, Mabel R. Williams, 2025-06-17 Born in Jim Crow era Monroe North Carolina Robert F Williams and Mabel R Williams were the state s most legendary African American freedom fighters The Williamses leadership in Monroe was just the beginning of a lifelong pursuit of freedom and justice for Black people in the United States and for oppressed populations throughout the world Their activism foreshadowed major developments in the civil rights and Black Power movements including Malcolm X s advocacy of fighting oppression by any means necessary the emergence of the Black Panther Party and Black solidarity with Third World liberation movements Robert documented his experiences in Monroe in his classic 1962 book *Negroes with Guns* and completed a draft of his memoir *While God Lay Sleeping* months before his death in 1996 Mabel began a memoir of her own before her death in 2014 The family selected John Bracey Jr Akinyele K Umoja and Gloria Aneb House to edit and complete the manuscripts which are presented together in this book offering a gripping portrait of these pioneering freedom fighters that is both deeply intimate and a fierce call to action in the ongoing fight against racial injustice

**How Blacks Built America** Joe R. Feagin, 2015-07-30 *How Blacks Built America* examines the many positive and dramatic contributions made by African Americans to this country over its long history Almost all public and scholarly discussion of African Americans accenting their distinctive societal position especially discussion outside black communities has emphasized either stereotypically negative features or the negative socioeconomic conditions that they have long faced because of systemic racism In contrast Feagin reveals that African Americans have long been an extraordinarily important asset for this country Without their essential contributions indeed there probably would not have been a United States This is an ideal addition to courses race and ethnicity courses

**Freedom as Marronage** Neil Roberts, 2015-02-11 What is the opposite of freedom In *Freedom as Marronage* Neil Roberts answers this question with definitive force slavery and from there he unveils powerful new insights on the human condition as it has been understood

between these poles Crucial to his investigation is the concept of marronage a form of slave escape that was an important aspect of Caribbean and Latin American slave systems Examining this overlooked phenomenon one of action from slavery and toward freedom he deepens our understanding of freedom itself and the origin of our political ideals Roberts examines the liminal and transitional space of slave escape in order to develop a theory of freedom as marronage which contends that freedom is fundamentally located within this space that it is a form of perpetual flight He engages a stunning variety of writers including Hannah Arendt W E B Du Bois Angela Davis Frederick Douglass Samuel Taylor Coleridge and the Rastafari among others to develop a compelling lens through which to interpret the quandaries of slavery freedom and politics that still confront us today The result is a sophisticated interdisciplinary work that unsettles the ways we think about freedom by always casting it in the light of its critical opposite

**White Freedom** Tyler Stovall, 2022-08-23 The racist legacy behind the Western idea of freedom The era of the Enlightenment which gave rise to our modern conceptions of freedom and democracy was also the height of the trans Atlantic slave trade America a nation founded on the principle of liberty is also a nation built on African slavery Native American genocide and systematic racial discrimination White Freedom traces the complex relationship between freedom and race from the eighteenth century to today revealing how being free has meant being white Tyler Stovall explores the intertwined histories of racism and freedom in France and the United States the two leading nations that have claimed liberty as the heart of their national identities He explores how French and American thinkers defined freedom in racial terms and conceived of liberty as an aspect and privilege of whiteness He discusses how the Statue of Liberty a gift from France to the United States and perhaps the most famous symbol of freedom on Earth promised both freedom and whiteness to European immigrants Taking readers from the Age of Revolution to today Stovall challenges the notion that racism is somehow a paradox or contradiction within the democratic tradition demonstrating how white identity is intrinsic to Western ideas about liberty Throughout the history of modern Western liberal democracy freedom has long been white freedom A major work of scholarship that is certain to draw a wide readership and transform contemporary debates White Freedom provides vital new perspectives on the inherent racism behind our most cherished beliefs about freedom liberty and human rights

*Freedom's Currency* Julia Wallace Bernier, 2024-09-24 The first comprehensive study of self purchase in the United States from the American Revolution to the Civil War Enslaved people lived in a world in which everything had a price Even freedom Freedom's Currency follows enslaved people's efforts to buy themselves out of slavery across the United States from the American Revolution to the Civil War In the first comprehensive study of self purchase in the nation Julia Wallace Bernier reveals how enslaved people raised money fostered connections and made use of slavery's systems of value and exchange to wrest control of their lives from those who owned them She chronicles the stories of famous fugitives like Frederick Douglass who with the help of friends and supporters purchased his freedom to protect himself against the continued legal claims of his enslavers and the possibility of recapture She also shows

how enslaved fathers like Lunsford Lane and mothers like Elizabeth Keckley tried to secure lives for their families outside of slavery Freedom s Currency argues that freedom played a central role in the social and economic lives of the enslaved and in the ways that these aspects of their lives overlapped This intimate portrait of community illuminates the complexity of enslaved people s ideas about their place at the intersection of slavery and American capitalism and their attempts to value freedom above all Given the stakes liberation or remaining enslaved it is an account of both triumph and devastating failure
