**Selections from the World's Devotional Classics** Robert Scott,George William Gilmore,1916      **Hindu Bioethics for the Twenty-first Century** S. Cromwell Crawford,2012-02-01 S Cromwell Crawford breaks new ground in this provocative study of Hindu bioethics in a Western setting He provides a new moral and philosophical perspective on fascinating and controversial bioethical issues that are routinely in the news cloning genetic engineering the human genome project reproductive technologies the end of life and many more This Hindu perspective is particularly noteworthy because of India s own indigenous medical system which is stronger than ever and drawing continued interest from the West The Hindu bioethics presented in this book are philosophically pluralistic and ethically contextual giving them that conceptual flexibility which is often missing in Western religions but which is demanded by the twenty first century s complex moral problems Comprehensive in scope and passionate in nature Crawford s study is an important resource for analyses of practical ethics bioethics and health care      Library of Congress Catalogs Library of Congress,      **Monographic Series** Library of Congress,1978      *Our Masquerade* Ruth Hartman MACC,2022-06-02 Do you find yourself caught up in comparing yourself to others performing for acceptance or held captive to perfectionism You are not alone We all currently live in a world that seems to demand an acceptable identity especially exaggerated by social media It seems to drive us to compare how we look

what we have and how we perform or fail to perform This leads us to question ourselves What if I fail to measure up What if I don't have what it takes What if I'm not enough It seems logical to hide in safety behind clever masks or high emotional walls created to avoid the judgment of others or the feelings of inadequacy guilt fear or shame Yet that means you're trapped in hiding who you are often questioning your value and worth Our Masquerade invites you to confront your hiding places You can discover how why and where you've learned to hide and once you've done so you can say goodbye to tormenting thoughts and feelings that steal your confidence and your peace You can leave the past behind and find the pathway to escape into a life transformed This book will guide you to examine the ways in which life has induced you to hide and offers the inspiration to take off your masks escape your hiding places and learn to live with confidence **Contemporary**
