**Freedom Through His Cross** Mike Giaquinto, 2006-01-01 This book entitled Freedom Through His Cross is about God the Father s and His son Jesus love for all It speaks of what God has done through His Son Jesus Christ and by Jesus offering up His body on the cross It speaks of God s righteousness on the basis of faith and not of works The Lord is good to all and wants all to know the truth about what He has done for them through His Son Jesus Freedom in Christ Mike Baker, 2006

*Freedom and Necessity in Modern Trinitarian Theology* Brandon Gallaher, 2016-09-15 Freedom and Necessity in Modern Trinitarian Theology examines the tension between God and the world through a constructive reading of the Trinitarian theologies and Christologies of Sergii Bulgakov 1871 1944 Karl Barth 1886 1968 and Hans Urs von Balthasar 1905 1988 It focuses on what is called the problematic of divine freedom and necessity and the response of the writers Problematic refers to God being simultaneously radically free and utterly bound to creation God did not need to create and redeem the world in Christ It is a contingent free gift Yet on the other side of a dialectic he also has eternally determined himself to be God as Jesus Christ He must create and redeem the world to be God as he has so determined In this way the world is given a certain free necessity by him because if there were no world then there would be no Christ A spectrum of different concepts of freedom and necessity and a theological ideal of a balance between the same are outlined and then used to illumine the writers and to articulate a constructive response to the problematic Brandon Gallaher shows that the classical Christian understanding of God having a non necessary relationship to the world and divine freedom being a sheer assertion of God s will must be completely rethought Gallaher proposes a Trinitarian Christocentric and cruciform vision of divine freedom God is free as eternally self giving self emptying and self receiving love The work concludes with a contemporary theology of divine freedom founded on divine election Created Freedom under the Sign of the Cross David E. DeCosse, 2022-06-08

The United States is in a crisis of freedom Influenced by neoliberal economics the concept of freedom has become identified with an abstract radical individualism disdainful of responsibility to others and to the past Signs of this crisis crop up everywhere Some invoke freedom as justification for refusing to wear a mask in a pandemic Others argue that freedom is an empty word if it s celebrated apart from an honest engagement with the country s history of racism Created Freedom under the Sign of the Cross offers a Catholic theological response to this crisis of freedom Catholic social ethics may be better known for its emphasis on social principles like the common good and solidarity But developments in Catholic theologies of freedom in the last decades provide fertile ground from which to develop a bold creative response to this American crisis of freedom In this book theologian David DeCosse draws on thinkers ranging from philosopher Amartya Sen to Black Catholic theologian Shawn Copeland to twentieth century theological giant Karl Rahner in order to reimagine American freedom in light of classic Catholic emphases on embodiment relationship history the good and God The result is a Catholic public theology that provides a redemptive path forward in an age of crisis The Congregationalist , 1923 *Paul Cries Freedom*

*in Galatia!* Gysbert M. H. Loubser, 2017 This study emphasizes Paul's urgency in conveying the radical newness of life since the advent of Christ and his Spirit Just as the Spirit introduces believers to the life in Christ he equally leads them to live life in the faithfulness of Christ producing the fruit of the Spirit Paul describes this as a life of freedom from flesh and its law as well as the elements of the world Guiding believers ethically from inside and empowering them to do God's will the Spirit has no need of law making the christological pneumatological ethic of the new creation wholly anomistic Series Theology in Africa Vol 6 Subject Religious Studies Christian Studies *Freedom and Imagination* S. D. Giere, 2023-05-16 We suffer today from a crisis not of confidence but of trust With the constant barrage of lies untruths and alternative facts all words are dubious all deeds are debatable and all motives are suspect To tell the truth in such a world requires fortitude To believe the truth demands even more In *Freedom and Imagination* S D Giere recovers the idea of faith as trust and of faith in Christ as trusting what God has done through him Tending to faith is like tending to the heart and thereby the health of the whole By trusting Christ one is free to live without the fear of sin and death free to live in love toward the friend the neighbor and even the enemy Faith reveals the cosmos as it is a world reconciled to the Triune God Yet that freedom frequently conflicts with experience Only faith can bend the imagination towards seeing the world in and through Christ *Freedom and Imagination* recovers faith as the theological heart of the human being's participation in the life of God and imagination as faith's interpretive lens Three areas of ministry and life are explored through the imagination of faith biblical interpretation proclamation and Christian freedom **Luther's Treatise On Christian Freedom and Its Legacy** Robert Kolb, 2019-11-08 This book analyzes Luther's treatise *On Christian Freedom* and its revolutionary re definition of what it means to be Christian as one freed by Christ from sin the accusation of God's law and death in order to be bound or bonded to the neighbor Robert Kolb puts the treatise in its historical context tracing its key ideas as they developed out of his medieval background and as they continued to mature throughout his life A contextual analysis of the text accompanies an overview of how this treatise was used or ignored throughout subsequent centuries including the more extensive impact it has had in the last half century *Indicative of Grace - Imperative of Freedom* R. David Nelson, 2014-09-25 This volume is a collection of essays in honour of T bingen theologian Eberhard J ngel and is presented to him on the occasion of his 80th birthday J ngel is widely held to be one of the most important Christian theologians of the past half century The essays honour Professor J ngel both by offering critical interlocutions with his theology and by presenting constructive proposals on themes in contemporary dogmatics that are prominent in his writings The *Festschrift* introduces a new generation of theologians to Eberhard J ngel and his theology The volume also includes an exhaustive bibliography of J ngel's writings and of secondary sources that deal extensively with his thought *The Concept of Freedom in Judaism, Christianity and Islam* Georges Tamer, Ursula Männle, 2019-08-19 The third volume of the series *Key Concepts of Interreligious Discourses* investigates the roots of the concept of freedom in Judaism Christianity and Islam and its relevance for the present time The idea of freedom in terms of personal freedoms

which include freedom of conscience freedom of speech and bodily integrity is a relatively new one and can in some aspects get into conflict with religious convictions At the same time freedom as an emancipatory power from outer oppression as well as from inner dependencies is deeply rooted in Judaism Christianity and Islam It is still a vital concept in religious and non religious communities and movements The volume presents the concept of freedom in its different aspects as anchored in the traditions of Judaism Christianity and Islam It unfolds commonalities and differences between the three monotheistic religions as well as the manifold discourses about freedom within these three traditions The book offers fundamental knowledge about the specific understanding of freedom in each one of these traditions their interdependencies and their relationship to secular interpretations

*Knowledge of God* Paul D. Molnar,2021-12-30 Paul D Molnar discusses issues related to the concepts of freedom and necessity in trinitarian doctrine He considers the implications of non conceptual knowledge of God by comparing the approaches of Karl Rahner and T F Torrance He also reconsiders T F Torrance s new natural theology and illustrates why Christology must be central when discussing liberation theology Further he explores Catholic and Protestant relations by comparing the views of Elizabeth Johnson Walter Kasper and Karl Barth as well as relations among Christians Jews and Muslims by considering whether it is appropriate to claim that all three religions should be understood to be united under the concept of monotheism Finally he probes the controversial issues of how to name God in a way that underscores the full equality of women and men and how to understand universalism by placing Torrance and David Bentley Hart into conversation on that subject

**Give Them Christ** Stephen Seamands,2012-04-08

Much preaching today begins with the hearer s felt needs and then moves to how Christianity can solve those problems But

this approach often results in trite Christologies that merely use Jesus as a means to an end or a vehicle for self improvement While preachers might not dispense with Christ altogether other things subtly take center stage and become more important than Christ himself Pastoral theologian Stephen Seamands issues a stirring call to rediscover the centrality of Christ in preaching Deftly blending doctrine and praxis he revitalizes preaching by focusing on five key dimensions of Jesus work his incarnation crucifixion resurrection ascension and return Seamands highlights how preaching Christ crucified and risen speaks profoundly to the deepest dimensions of human existence Addressing both the what and the so what this exposition helps church leaders declare afresh that Christ alone is supremely sufficient for Christian faith and practice Pastors and preachers will find here significant resources for their churches worship life together and mission in the world Become captivated once again by the glory of Christ and find yourself compelled to proclaim his work anew

**An African People's Quest for Freedom and Justice** Alemseged Tesfai,2025-03-06 Like its African neighbours Eritrea attained colonial statehood under a European power in this case Italy Yet during decolonisation its people were singularly excluded from the right to self determination for external reasons superpower rivalry over the country s strategic position on the Red Sea a mistaken notion of irreconcilable sectarian differences within Eritrea s population invoked in order to brand it a society unfit for statehood and Ethiopia s imperial claim based on mythical historical connections The Ethiopian call for Eritrea s return supported by the UK and the US sealed its fate at the international level First in the early 1950s the UN General Assembly federated Eritrea as an autonomous unit under Ethiopian sovereignty a decade later Addis Ababa annexed it as a province in neither case was the population consulted sparking a liberation war This vital book traces the genesis of the Eritrean independence struggle through hitherto unexplored local sources both written and oral analysed against the rather scanty existing literature on this period Alemseged Tesfai refocuses the narrative on the actions reactions and expectations of a relatively small nation in both size and population as it set out to right an international wrong imposed by the Great Powers of the day
