Freemasonry and the Vatican Vicomte Leon Poncins,2014-11-22 *Freemasonry and the Vatican: a struggle for recognition; translated from the French [manuscript] by Timothy Tindal-Robertson* Léon de PONCINS (Viscount.),Timothy Tindal-Robertson,1968 Christianity and American Freemasonry William J. Whalen,2010-02-02 What is it about Freemasonry that would cause churches to forbid or openly discourage seventy million Americans from membership Why have eight popes condemned the Lodge Why has the relationship between the Catholic Church and the Masonic order been strained for centuries Christianity and American Freemasonry answers these and many other questions and describes why Christianity and Freemasonry are incompatible Today over two million American men belong to the Masonic order the largest and oldest secret fraternal society In earlier history the Freemasons boasted a prestigious membership including fourteen American presidents and such founding fathers as Ben Franklin Paul Revere and Alexander Hamilton This is the most complete reference book available on the subject Chapters discuss the rituals and oaths the Scottish and York rites allied organizations such as the Shriners and the historic antagonism of Christianity toward Masonry It is thoroughly documented with facts from the three most noted experts on Masonry in America Masonic ritual books encyclopedias and histories three former Masons now active Catholics who contributed firsthand knowledge of Masonic ritual and structure William Whalen is a nationally known expert on comparative religion and an author of 15 books and numerous magazine articles Why Did Yahweh and His Son Yahshuah Say What They Said? Dr. Justin G. Prock,2020-05-07 YAHWEH The LORD God and His Son YAHSHUAH Jesus Christ made statements with regard to Eschatology that have been Spiritualized for over a Millennium which has led to the belief in Universalism the belief that

YAHSHUAH died for EVERYONE Well after one studies the original languages of the Hebrew Aramaic and Greek the message of the Kingdom of God was preached to and accepted by a certain House in the Bible The other House rejected this message and YAHSHUAH punished that House by taking the Kingdom away from them and giving It to another nation bringing forth fruit There are only the House of Israel the House of Judah and the House of David mentioned in the Bible All three existed then as they do today However most of today s Babylonian Priesthood Churchianity refuses to accept the secular historical position with regard to the House of Israel and who they are today The people groups which YAHWEH and YAHSHUAH addressed still exist today However these people are all mixed up and known by different names but they DO exist This book goes back to the origin of these people groups in the Bible and brings them forward to the present using their old names in order to understand Eschatology This brings us to the major question of Is the Bible only about Israel And if so how does it affect our Eschatology today This book answers these hard questions **Relativism and Religion** Carlo

Invernizzi Accetti,2015-11-10 Moral relativism is deeply troubling for those who believe that without a set of moral absolutes democratic societies will devolve into tyranny or totalitarianism Engaging directly with this claim Carlo Invernizzi Accetti traces the roots of contemporary anti relativist fears to the antimodern rhetoric of the Catholic Church and then rescues a form of philosophical relativism for modern pluralist societies arguing that this viewpoint provides the firmest foundation for an allegiance to democracy In his analyses of the relationship between religious arguments and political authority and the implications of philosophical relativism for democratic theory Accetti makes a far ranging contribution to contemporary debates over the revival of religion in politics and the conceptual grounds for a commitment to democracy He presents the first comprehensive genealogy of anti relativist discourse and reclaims for English speaking readers the overlooked work of Hans Kelsen on the connection between relativism and democracy By engaging with contemporary attempts to replace the religious foundation of democratic values with a neo Kantian conception of reason Accetti also makes a powerful case for relativism as the best basis for a civic ethos that integrates different perspectives into democratic politics *Freemasonry and the Vatican* Léon de Poncins,2000

analysis of an anti semitic conspiracy theory from its origins in the 20th century to its resurgence today The Protocols of the Elders of Zion first published in Russia around 1905 claimed to be the captured secret protocols from the first Zionist Congress in Basel in 1897 describing a plan by the Jewish people to achieve global domination While the document has been proven to be fake much of it plagiarized from satirical anti Semitic texts it had a major impact throughout Europe during the first half of the 20th century particularly in Germany After World War II the text was further denounced Anyone who referred to it as a genuine document was seen as an ignorant hate monger Yet there is abundant evidence that The Protocols is resurfacing in many places The Paranoid Apocalypse re examines the text s popularity investigating why it has persisted as well as larger questions about the success of conspiracy theories even in the face of claims that they are blatantly counterfactual and irrational It considers the medieval pre history of The Protocols the conditions of its success in the era of early twentieth century secular modernity and its post Holocaust avatars from the Muslim world to Walmart and Left wing anti American radicalism Contributors argue that the key to The Protocols longevity is an apocalyptic paranoia that lays the groundwork not only for the myth s popularity but for its implementation as a vehicle for genocide and other brutal acts
