French Children Of The Holocaust A Memorial:

French Children of the Holocaust Serge Klarsfeld, 1996-10 Features biographical information about 11 400 French children who were deported from France to the Nazi death camps including their names faces and addresses *Verdict on Vichy* Michael Curtis, 2015-01-27 This masterful book is the first comprehensive reappraisal of the Vichy France regime for over 20 years France was occupied by Nazi Germany between 1940 and 1944 and the exact nature of France's role in the Vichy years is only now beginning to come to light One of the main reasons that the Vichy history is difficult to tell is that some of France's most prominent politicians including President Mitterand have been implicated in the regime This has meant that public access to key documents has been denied and it is only now that an objective analysis is possible The fate of France as an occupied country could easily have been shared by Britain and it is this background element which enhances our fascination with Vichy France How would we have acted under similar circumstances The divisions and repercussions of the Vichy years still resonate in France today and whether you view the regime as a fascist dictatorship an authoritarian offshoot of the Third Reich or an embodiment of heightened French nationalism Curtis's rounded incisive book will be seen as the standard work on its subject for many years Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home **Last Train to Auschwitz** Sarah Federman, 2021-05-25 2022 Nautilus Book Awards Silver Award Winner for Journalism and Investigative Reporting **Gender, Families and Transmission in the Contemporary Jewish Context** Martine Gross, Sophie Nizard, Yann Scioldo-Zurcher, 2017-05-11 Bringing together social science researchers from France Israel the United States Belgium and Switzerland this book analyses contemporary Jewishness within the constant dialectic between faithfulness to Jewish tradition and culture and adherence to the values of modernity and democracy Systems of family and gender normativity have durably influenced the traditional Jewish universe but the norms and the institutions that embody them are today shaky Individualization the essence of modernity is at work in the Jewish world as it is elsewhere and new identities are emerging and question the transmission of Jewish identities and traditions The contributions here highlight the contrasting experiences of societies in the Diaspora and in Israeli society societies that are different yet sometimes very close because of tensions around religious and identity boundaries As such this book revisits the relationship to the other and the conditions for an alliance among people a notion dear to Judaism Brave Genius Sean B. Carroll, 2014-09-23 The never before told account of the intersection of some of the most insightful minds of the 20th century and a fascinating look at how war resistance and friendship can catalyze genius In the spring of 1940 the aspiring but

unknown writer Albert Camus and budding scientist Jacques Monod were quietly pursuing ordinary separate lives in Paris After the German invasion and occupation of France each joined the Resistance to help liberate the country from the Nazis and ascended to prominent dangerous roles After the war and through twists of circumstance they became friends and through their passionate determination and rare talent they emerged as leading voices of modern literature and biology each receiving the Nobel Prize in their respective fields Drawing upon a wealth of previously unpublished and unknown material gathered over several years of research *Brave Genius* tells the story of how each man endured the most terrible episode of the twentieth century and then blossomed into extraordinarily creative and engaged individuals It is a story of the transformation of ordinary lives into exceptional lives by extraordinary events of courage in the face of overwhelming adversity the flowering of creative genius deep friendship and of profound concern for and insight into the human condition

An Ordinary Life? Anna Müller, 2023-03-07 One woman's national political ethnic social and personal identities impart an extraordinary perspective on the histories of Europe Polish Jews Communism activism and survival during the twentieth century Tonia Lechtman was a Jew a loving mother and wife a Polish patriot a committed Communist and a Holocaust survivor Throughout her life these identities brought her to multiple countries Poland Palestine Spain France Germany Switzerland and Israel during some of the most pivotal and cataclysmic decades of the twentieth century In most of those places she lived on the margins of society while working to promote Communism and trying to create a safe space for her small children Born in d in 1918 Lechtman became fascinated with Communism in her early youth In 1935 to avoid the consequences of her political activism during an increasingly antisemitic and hostile political environment the family moved to Palestine where Tonia met her future husband Sioma In 1937 the couple traveled to Spain to participate in the Spanish Civil War After discovering she was pregnant Lechtman relocated to France while Sioma joined the International Brigades She spent the Second World War in Europe traveling with two small children between France Germany and Switzerland at times only miraculously avoiding arrest and being transported east to Nazi camps After the war she returned to Poland where she planned to re build Communist Poland However soon after her arrival she was imprisoned for six years In 1971 under pressure from her children Lechtman emigrated from Poland to Israel where she died in 1996 In writing Lechtman's biography Anna Müller has consulted a rich collection of primary source material including archival documentation private documents and photographs interviews from different periods of Lechtman's life and personal correspondence Despite this intimacy Müller also acknowledges key historiographical questions arising from the lacunae of lost materials the selective preservation of others and her own interpretive work translating a life into a life story

Refugees Nathan Bell, 2021-03-18 There have never been more refugees across the world from Myanmar to Syria than at this moment Many more millions of refugees are likely to be displaced by the effects of climate change Why has politics failed to produce adequate responses to these challenges and not heeded the lessons of refugee crises of the past Are human rights and international law or more

radically the case for open borders sufficient to address them Nathan Bell argues for nothing less than a new concept of the political that societies liberal or not in the mode of the sovereign state or some other form embrace an ethos of responsibility for others where the right to seek asylum becomes foundational for politics itself Such a proposal is at the antipodes of Schmitt's friend-enemy distinction such that hospitality and not hostility forms the basis of political decision making This book comprises two halves the first establishes the theoretical basis of the ethos of responsibility with particular reference to the writings of Hannah Arendt Emmanuel Levinas and Jacques Derrida while the second half examines these theorists in the context of historical and contemporary case studies Finally the book calls for a politics of hauntology in memory of the missing those who might have been rescued and those yet to come who are already among the disappeared In this urgent work Bell demonstrates that a radical reconfiguration of the understanding of politics is required in order to safeguard the future and human dignity of stateless persons
