Sam Ferguson

French Introspectives From Montaigne To Andre Gide:

French Introspectives from Montaigne to André Gide, by P. Mansell Jones,... P Mansell Jones,1937 **French Introspectives from Montaigne to André Gide** P. Mansell Jones,1970 **French Introspectives** P. Mansell Jones,2015-05-21 Originally published in 1937 this book studies French autobiography for examples of introspection

French Introspectives from Montaigne to André Gide. [With an Essay on Amiel by T.S. Eliot and an Article by R.A. Scott-James, 'The Paradox of Literary Introspection']. Percy Mansell JONES,1937 *Diaries Real and Fictional in Twentieth-century French Writing* Sam Ferguson,2018 This volume is the first study of the diary in French writing across the twentieth century as a genre which includes both fictional and non fictional works From the 1880s it became apparent to writers in France that their diaries a supposedly private form of writing would probably come to be published strongly affecting the way their readers viewed their other published works and their very persona as an author More than any other Andre Gide embraced the literary potential of the diary the first part of this book follows his experimentation with the diary in the fictional works *Les Cahiers d Andre Walter* 1891 and *Paludes* 1895 in his diary of the composition of his great novel *Le Journal des faux monnayeurs* 1926 and in his monumental *Journal* 1889 1939 1939 The second part follows developments in diary writing after the Second World War inflected by radical changes in attitudes towards the writing subject Raymond Queneau s works published under the pseudonym of Sally Mara 1947 1962 used the diary playfully at a time when the writing subject was condemned by the literary avant garde Roland Barthes s experiments with the diary 1977 1979 took it to the extremes of its formal possibilities at the point of a return of the writing subject Annie Ernaux s published diaries 1993 2011 demonstrate the role of the diary in the modern field of life writing Throughout the century the diary has repeatedly been used to construct an oeuvre and author but also to call these fundamental literary concepts into question *The Concept of Judgment in Montaigne* Raymond C. La Charité,2012-12-06 Many critics seem to consider it inappropriate or unnecessary to ask what Montaigne means by the faculty of judgment Laumonier speaks of *le bon sens* qu il oppose si souvent a la memoire et qu il appelle encore jugement et entendement c est a dire la faculte de penser et de reflechir juste 1 Our appreciation of what is implied by judgment that is by Montaigne s notion of judgment has been delayed perhaps by a too facile acceptance of a so called synonymy of meaning among the psychological terms used by Montaigne In a discussion of key concepts in Montaigne Donald M Frame has accurately summarized the present situation with regard to our knowledge of Montaigne s notion of judgment and other key concepts We all have our hunches but we need more than that 2 For the expression of his interest and concern for the intellectual and moral activities and capabilities of the mind Montaigne draws upon a broad and elementary semantic field These primary psychological terms are jugement entendement sens raison discours and conscience Al though these words may be used synonymously Montaigne does seem to maintain certain basic distinctions among them frequent substitutions of terms must be the result of semantic and ideational differences Moreover

the association of several psychological words within a single sentence implies gradations however slight they may be

Montaigne Dikka Berven,1995 Word Study in Montaigne s Essais Modern readers in need of a precise understanding both of the changes in the French language over the last 400 years since the Essais was written and of the idiosyncracies of Montaigne s usage will appreciate these articles exploring the nuances and fluctuations in the meaning of many of Montaigne s words These critical studies of Montaigne s vocabulary and its shifting contexts will aid in understanding how Montaigne s choice of words reflects his ability to take elements from his background of wide ranging life long classical reading and blend them with his own original unflagging curiosity and speculation about matters relating to contemporary life **Studies in**

Modern French Literature Percy Mansell Jones,1961 **Sensual Philosophy** Alan Levine,2001-01-01 Almost since their publication the writings of Michel de Montaigne 1533 1592 have provided rich fodder for the work of scholars in myriad disciplines Philosophers have considered Montaigne s views on skepticism historians have examined his views on the Indians deconstructionists and literary scholars have examined Montaigne s view of the self and political scientists have touched on his arguments for toleration However because each of these projects has been done largely in isolation most scholars have failed to see the relationships between the various aspects of Montaigne s thought Alan Levine in Sensual Philosophy unites Montaigne s thought for the first time ably and convincingly demonstrating the significant role Montaigne played in establishing the liberal ethos in the West In exploring Montaigne s grounding for liberalism Levine considers Montaigne s conceptualization of skepticism and its relationship to toleration He argues that Montaigne s theories of self ground his idea of toleration without leaving it open to the corrosive charges of relativism and nihilism Levine also articulates the importance of Montaigne s thought for contemporary conceptions of personal freedom individuality subjectivity and self creation by bringing him into dialogue with modern and postmodern political theorists such as Heidegger Nietzsche and Richard Rorty This lively book persuades those who might be tempted by postmodernism that they should turn to Montaigne instead

The Backward Look Angelica Goodden,2017-12-02 Theories of memory and fictional recreations of the remembering mind have occupied a central place in French literature since Montaigne The author investigates the shifting relation between cognitive or scientific memory and emotional or spiritual recollection in a series of major writers from the 16th to the 20th centuries Her study focuses on the 18th century where the interplay between memory and imagination and the link between self knowledge and self presentation are shown to be exceptionally fertile The philosophical scientific and fictional writings of Diderot and the novels and autobiographical works of Rousseau are central to this ground breaking work which should be of interest to all readers concerned with the specificity of the French literary tradition **Effort and Grace** Simone Kotva,2020-06-25 Philosophy and theology have long harboured contradictory views on spiritual practice While philosophy advocates the therapeutic benefits of daily meditation the theology of grace promotes an ideal of happiness bestowed with little effort As such the historical juxtaposition of effort and grace grounding modern spiritual exercise can be

seen as the essential tension between the secular and sacred In *Effort and Grace* Simone Kotva explores an exciting new theory of spiritual endeavour from the tradition of French spiritualist philosophy Spiritual exercise has largely been studied in relation to ancient philosophy and the Ignatian tradition yet Kotva's new engagement with its more recent forms has alerted her to an understanding of contemplative practice as rife with critical potential Here she offers an interdisciplinary text tracing the narrative of spiritual exertion through the work of seminal French thinkers such as Maine de Biran Félix Ravaisson Henri Bergson Alain mile Chartier Simone Weil and Gilles Deleuze Her findings allow both secular philosophers and theologians to understand how the spiritual life can participate in the contemporary philosophical conversation

French Studies, 1971 **Care of the Psyche** Stanley W. Jackson, 1999-01-01 In this book a distinguished historian of medicine surveys the basic elements that have constituted psychological healing over the centuries Dr Stanley W Jackson shows that healing practices whether they come from the worlds of medicine religion or philosophy share certain elements that transcend space and time Drawing on medical writings from classical Greece and Rome to the present as well as on philosophical and religious writings Dr Jackson shows that the basic ingredients of psychological healing which have survived changes of name the fall of their theoretical contexts and the waning of social support in different historical eras are essential factors in our modern psychotherapies and in healing contexts in general *The Letters of T. S. Eliot Volume 7: 1934-1935* T. S. Eliot, 2017-05-30 T S Eliot's career as a successful stage dramatist gathers pace throughout the fascinating letters of this volume Following his early experimentation with the dark comedy *Sweeney Agonistes* 1932 Eliot is invited to write the words of an ambitious scenario sketched out by the producer director E Martin Browne who was to direct all of Eliot's plays for a grand pageant called *The Rock* 1934 The ensuing applause leads to a commission from the Bishop of Chichester to write a play for the Canterbury Festival resulting in the quasi liturgical masterpiece of dramatic writing *Murder in the Cathedral* 1935 A huge commercial success it remains in repertoire after eighty years Even while absorbed in time consuming theatre work Eliot remains untiring in promoting the writers on Faber's ever broadening lists George Barker Marianne Moore and Louis MacNeice among them In addition Eliot works hard for the Christian Church he has espoused in recent years serving on committees for the Church Union and the Church Literature Association and creating at Faber but she refuses to comprehend that her husband has chosen to leave her and stalks him across literary society leading to his place of work at the offices of Faber Faber The correspondence draws in detail upon Vivien's letters and diaries to provide a picture of her mental state and way of life and to help the reader to appreciate her thoughts and feelings **Jean Bodin** Julian H. Franklin, 2017-07-05 In the course of a lifetime Jean Bodin aimed at nothing less than to encompass all the disciplines of his age in a huge encyclopedia of knowledge In many areas his ideas have been not only original but seminal He made major contributions to historiography philosophy of history economics political science comparative public law and policy religion and national philosophy This volume brings together a selection of major articles in English representing

almost all of his intellectual interests It is an essential collection for libraries and scholars in both humanities and social sciences *Subject and Agency in Psychoanalysis* Frances Moran, 1993-05-01 Psychoanalysis works with words words spoken by a subject who asks that the analyst listen This is the belief that underlies Francis Moran's rewarding exploration of a central problem in psychoanalytic theory namely the separation of the concepts of subject and agency Subject and Agency in Psychoanalysis contends that Freud simultaneously employs two frameworks for explaining agency one clinical and one theoretical As a result Freud's exploration of agency proceeds from two logically incompatible assumptions The division between these assumptions is a part of Freud's psychoanalytic legacy Moran reads the Freudian inheritance in light of this division showing how Klein and Hartmann's theoretical concepts of subject are adrift from the subject who speaks in analysis Moran also shows that while Lacan's subject provides more focus on this issue Lacan reverts to the Freudian division in his use of logically contradictory assumptions concerning the location of agency Drawing on contemporary theory development from Lacanian innovations to the social theories of Anthony Giddens Moran proposes a new and fertile approach to a fundamental problem significantly narrowing the gap between psychoanalytic theory and practice **The Japanese Novel of the Meiji Period and the Ideal of Individualism** Janet A. Walker, 2019-01-29 The Western ideal of individualism had a pervasive influence on the culture of the Meiji period in Japan 1868-1912 Janet Walker argues that this ideal also had an important influence on the development of the modern Japanese novel Focusing on the work of four late Meiji writers she analyzes their contribution to the development of a type of novel whose aim was the depiction of the modern Japanese individual Professor Walker suggests that Meiji novels of the individual provided their readers with mirrors in which to confront their new found sense of individuality Her treatment of these novels as confessions allows her to discuss the development of modern Japanese literature and the modern literary self both in themselves and as they compare their prototypes and analogues in European literature The author begins by examining the evolution of a literary concept of the inner self in Futabatei Shimei's novel *Ukigumo* The Floating Clouds Kitamura Tokoku's essays on the inner life and Tayama Katai's novel *Futon* The Quilt She devotes the second half of her book to Shimazaki Toson the Meiji novelist who was most influenced by the ideal of individualism Here she traces Toson's development of a personal ideal of selfhood and analyzes in detail two examples of the lengthy confessional novel form that he created as a vehicle for its expression Janet A Walker is Associate Professor of Comparative Literature at Livingston College Rutgers University Originally published in 1979 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *Colloquium of the Seven about Secrets of the Sublime* Jean Bodin, 2010-11-01 **Montaigne's**

Self-portrait and Its Influence in France, 1580-1630 Ian J. Winter, 1976 **Montaigne and the introspective mind**
Glyn P. Norton, 2019-03-18 No detailed description available for Montaigne and the introspective mind
