French Poets Of Today:

French Poets of Today Guernica Editions, Jean Yves Reuzeau, 1987-01-01 *French Poets of Today* Jean-Yves Reuzeau, 1999 Virtually all the writers grouped in this collection have been active in the French poetry scene for many years. Although the thirteen writers here have crossed paths their literary domains remain somewhat far apart. The poets included in this anthology are Patrice Beray, Patrice Delbourg, Olivier Kaepelin, Leslie Kaplan, Dominique Labarriere, Yves Martin, Jean Yves Reuzeau, James Sacre, Serge Safran, Serge Sautreau, Andre Velter, Franck Venaille, and Marc Villard **French Writers of Today** Agnes Mary Duclaux, 2024-02-20 *French Writers of Today* by Madame Mary Duclaux from the April 23 1920 issue of *The New Witness* reviews books written by a number of French authors who were popular in France in the early 20th century Modern French Poets Wallace Fowle, 1992-01-01 *Treasury of poems and prose extracts* by Max Jacob, Saint John Perse, Andre Breton, Paul Eluard, Jean Cocteau, five more. Excellent English translations on facing pages **French Writers of Today** Robert Leggewie, 1965 *An Introduction to the French Poets* Geoffrey Brereton, 2022-07-10 The French poetry of some five centuries is here surveyed in a series of studies of the work and personality of individual poets from Villon to the present day. Each chapter is primarily concerned with establishing the literary identity of the poet or poets with whom it deals; the work of each is outlined and related to the historical and biographical circumstances in which it was written and its characteristics are then examined critically in terms relevant to the modern reader. Comparisons are made between different poets and more general topics such as the concepts of classic and baroque are discussed. This book first published in 1956 had become a standard introductory work for students of French poetry and general readers alike. For this revised edition originally published in 1973 new chapters have been added on irregular seventeenth century poets and on various modern poets whose work now enables the Surrealist movement to be seen in clearer perspective. The bibliography has been revised extensively **Six French Poets of Our Time** Robert W. Greene, 2015-03-08 During the last sixty to seventy years avant garde poetry in France has evolved in two directions: one toward poetry conceived as a means to an end, the other toward poetry as an end in itself. Focusing on Pierre Reverdy, Francis Ponge, Ren Char, Andr du Bouchet, Jacques Dupin, and Marcelin Pleynet as the modern French poets who most faithfully reflect these directions, Robert Greene's chronological study allows us to follow the two pronged evolution of French poetry since 1910. Situating his argument in a detailed historical context and basing it on comparisons with artistic movements and the poets' own writings on art and on extended analyses of selected representative poems, the author is able to establish a new intellectual historical perspective on contemporary poetry. Professor Greene finds that whereas Reverdy, Char, du Bouchet, and Dupin all embrace a conception of poetry as quest for the absolute, as the Way of beauty or truth, Ponge and Pleynet hold to a view of poetry as *jeu* as a celebration of the relative, as the play and display of language in action. What knits them together, he concludes, is the way in which each poet sums up his era as a stage in the development of twentieth century French poetry. Originally published in 1979. The

Experimentation and the Lyric in Contemporary French Poetry Jeff Barda, 2019-10-17 Experimentation and the

Lyric in Contemporary French Poetry offers a new theoretical approach and historical perspective on the remarkable upsurge in creative poetic practices in France that have challenged traditional definitions of poetry and of the lyric. Focusing on the work of Pierre Alferi, Olivier Cadiot, Emmanuel Hocquard, Franck Leibovici, Anne Portugal, and Denis Roche, this book provides an analysis of the most influential poets in French poetry of the last few decades. It contextualizes the theoretical models that inform their investigations, analyzing them alongside the history of the avant garde and the heated theoretical debates that have taken place over whether to continue or bring an end to the lyric. Systematically addressing the various strategies employed by these poets and drawing on reception theory and cognitive studies, Jeff Barda argues that French radical poetics re-evaluates the lyric in cognitive terms beyond the personal. This book is essential reading for anyone interested in twenty-first century forms of experimental writing and the connections between literature and the arts today.

Ezra Pound, A Revolutionary Spirit Pasquale De Marco, 2025-07-23. Ezra Weston Loomis Pound was an expatriate American poet and critic, a major figure in the early modernist poetry movement and a fascist collaborator in Italy during World War II. His descent into political extremism went hand in hand with his interest in economics; his writings became increasingly anti-Semitic as he embraced the ideas of social credit. Pound was born in Hailey, Idaho, in 1885. He studied at the University of Pennsylvania and Hamilton College, where he began writing poetry. In 1908 he moved to London, where he became part of the Imagist movement. The Imagists advocated for a return to a more concise and objective style of poetry, and Pound's early work was influenced by this movement. In 1922 Pound published *The Waste Land*, a long poem that is considered one of the most important works of modernism. The poem is a complex and fragmented work that explores the themes of alienation, loss, and the search for meaning in a modern world. Pound continued to write poetry throughout his life and also published essays and criticism. He was a strong supporter of other modernist writers, including James Joyce and T. S. Eliot. In 1941 Pound was arrested for treason after making pro-fascist broadcasts over the radio during World War II. He was imprisoned in St. Elizabeth's psychiatric hospital, where he continued to write poetry. Pound was released from St. Elizabeth's in 1958 and he returned to Italy, where he lived until his death in 1972. Pound's work has been praised for its originality, its technical brilliance, and its passionate intensity. He is considered one of the most important poets of the 20th century. This book provides a comprehensive overview of Pound's life and work. It explores his early influences, his involvement in the modernist movement, his political beliefs, and his legacy as a poet and critic. The book also includes a selection of Pound's most important poems, as well as essays and criticism by other writers. If you like this book, write a review.
