The Académie Royale de Peinture et de Sculpture Christian Michel, 2018-02-06 The Académie Royale de Peinture et de Sculpture French Academy of Painting and Sculpture perhaps the single most influential art institution in history governed the arts in France for more than 150 years from its founding in 1648 until its abolition in 1793 Christian Michel's sweeping study presents an authoritative in depth analysis of the Académie's history and legacy The Académie Royale assembled nearly all of the important French artists working at the time maintained a virtual monopoly on teaching and exhibitions enjoyed a priority in obtaining royal commissions and deeply influenced the artistic landscape in France Yet the institution remains little understood today all commentary on it during its existence and since its abolition is based on prejudices both favorable and critical that have shaped the way the institution has been appraised This book takes a different approach Rather than judging the Académie Royale Michel unravels existing critical discourse to consider the nuances and complexities of the academy's history reexamining its goals the shifting power dynamics both within the institution and in the larger political landscape and its relationship with other French academies and guilds

The Portrait Bust and French Cultural Politics in the Eighteenth Century Ronit Milano, 2015-02-24 In *The Portrait Bust and French Cultural Politics in the Eighteenth Century* Ronit Milano probes the rich and complex aesthetic and intellectual charge of a remarkably concise art form and explores its role as a powerful agent of epistemological change during one of the most seismic moments in French history The pre Revolutionary portrait bust was inextricably tied to the formation of modern selfhood and to the construction of individual identity during the Enlightenment while positioning both sitters and viewers as part of a collective of individuals who together formed French society In analyzing the contribution of the portrait bust to the construction of interiority and the formulation of new gender roles and political ideals this book touches upon a set of concerns that constitute the very core of our modernity

Claude III Audran, Arbiter of the French Arabesque Barbara Laux, 2025-10-01 *Claude III Audran Arbiter of the French Arabesque* is the first substantial biographical study of Claude III Audran a late 17th and early 18th century master of ornament and a proponent of cutting edge design who took inspiration from contemporary sources This work investigates Audran's accomplishments and the factors that impacted the longevity and arc of his successful career taking into consideration the contextual variables that influenced and shaped his work Audran's achievements bridge an important period with the eclipse of the Guild Maitrise and the rise of the

Académie royale d'architecture Audran subcontracted young artists such as Watteau, Lancret and Desportes in order to circumvent restrictions on guild practice enacted by the crown. Looking at his commissions not only reveals the elite taste of his patrons including Louis XIV but also Audran's ability to use elements from popular culture to animate his arabesques which created hallmarks of rococo interior design.
