## **French State In Question:**

The French State in Question H. S. Jones, 2002-07-18 This book demonstrates the importance of legal theory and the idea of the state in French political culture      **French Jewry and the Church-State Dilemma** Zvi Jonathan Kaplan, 2025-09-16

This book analyzes the development of Jewish positions on the relationship between Church and State from the Revolution until the Great War It is a comprehensive study of the complex interplay among different segments of the Jewish population and the community's attempt to come to terms with its social and religious status in the nineteenth and early twentieth centuries As this book demonstrates the organized French Jewish community strategically charted the political waters by steering clear of extremist political positions and by adopting a soft clerical approach to Church State issues This centrist approach subjected French Jews to criticism from both anticlerical and clerical forces but nonetheless the rabbinate consistorial officials and the Jewish press believed that French Judaism and French Jewry would thrive most in a climate of moderation      **State Department Security, 1963-65** United States. Congress. Senate. Committee on the Judiciary.

Subcommittee to Investigate the Administration of the Internal Security Act and Other Internal Security Laws, 1965 Investigates security clearance given William Wieland his meetings with Fidel Castro and activities as a State Dept official both before and after Castro's takeover of Cuba Also considers questionable State Dept security practices      **Decolonizing Memory** Jill Jarvis, 2021-05-10 The magnitude of the legal violence exercised by the French to colonize and occupy Algeria 1830 1962 is such that only aesthetic works have been able to register its enduring effects In *Decolonizing Memory* Jill Jarvis examines the power of literature to provide what demographic data historical facts and legal trials have not in terms of attesting to and accounting for this destruction Taking up the unfinished work of decolonization since 1962 Algerian writers have played a crucial role in forging historical memory and nurturing political resistance their work helps to make possible what state violence has rendered almost unthinkable Drawing together readings of multilingual texts by Yamina Mechakra Waciny Laredj Zahia Rahmani Fadhma A th Mansour Amrouche Assia Djebar and Samira Negrouche alongside theoretical juridical visual and activist texts from both Algeria's national liberation war 1954 1962 and war on civilians 1988 1999 this book challenges temporal and geographical frameworks that have implicitly organized studies of cultural memory around Euro American reference points Jarvis shows how this literature rewrites history disputes state authority to arbitrate justice and cultivates a multilingual archive for imagining decolonized futures      *Law and Reality* Mathilde Sumampouw, L.A.N.M. Barnhoorn, Judith A. Freedberg-Swartzburg, J.J.M. Tromm, J.A. Wade, 2023-11-27 The contributions in this *Liber Amicorum* deal with questions of procedural law in an international context They cover not only problems of international civil procedure and international arbitration but also questions of administering justice in the domestic civil and criminal law contexts as well as in the fields of public international law and European Law As will be clear from the list of authors these topics are dealt with in an outstanding manner quality needs no praise      **Race and Sex across the French Atlantic**

Frieda Ekotto, 2012-07-10 Jean Genet's masterpiece *Les Nègres* was first published in 1958 in the midst of the Algerian war and first performed at the Théâtre de Lutèce in Paris in October 1959. Yet even though the play is more than 50 years old it remains a fundamental contribution to critical race theory as Genet unequivocally posits that no matter what a black person does or doesn't do simply to be black in our times is itself a tragedy. Placing Genet in the context of Negritude movement *Race and Sex across the French Atlantic* equally reveals and examines blackness within the African American dialogue with a white French author's provocative questions about race: Is a black man always black and even more fundamentally What is blackness? Within this framework to question blackness therefore is to set out on an ontological quest as blackness has become a real living thing in its own right within European ideology, social theory and historical consciousness even as *Les Nègres* has taken its place as a major text in the francophone and philosophical tradition of writing on race. In essence this book concentrates on the way in which language particularly the French language has shaped ideas about race within transatlantic discourses and with its companion continental philosophy has also shaped the historical understanding of discourse on race. It navigates between multiple readings of race within the French Atlantic using Lorraine Hansberry's play *Les Blancs*, Dany Laferrière's *Comment faire l'amour avec un Nègre sans se fatiguer*, Genet's dialogue with the Black Panthers and different conceptions of the so-called N-word. *Race and Sex across the French Atlantic* thus explores how *Les Nègres* offered a groundbreaking reading of how race functioned and continues to function as an all-pervasive discourse that provides a central principle around which society in general is organized. The play stages a deeply self-reflexive and critical examination of the very essence of

*State Aid and the Energy Sector* Leigh Hancher, Adrien de Hauteclocque, Francesco Maria Salerno, 2018-02-22 This important new work offers a comprehensive and compelling account of State aid law and policy and its application to the energy sector. Clearly structured and offering meticulous detail and robust analysis it is required reading for all practitioners in the field. The volume explores general questions from the definition of State aid to its application in Member States by national courts. It also examines questions of procedure, questions of compatibility and State aid and the EEA. It is an invaluable tool for lawyers, policymakers and tax professionals specialising in State aid law and energy law written by a team of leading practitioners and academics in the field.

**Women, Work, and the French State** Mary Lynn Stewart, 1989 In France during the 1880s and 1890s the protection of women and girls in the workplace was advocated by sociologists, social economists, union leaders, enlightened industrialists and politicians of virtually every ideological hue. In response laws were enacted restricting not only the number of hours and the time of day that women could work but also their access to dangerous trades. Mary Lynn Stewart argues that these restrictions though initiated to protect women and girls were actually a method of exploiting women's dual role of short-time wage worker and unpaid housewife and mother.

**Saint Paul** Alain Badiou, 2003 This book revisits and revises some of the most basic concepts of time in the Judeo-Christian tradition drawing on St Paul's writings to rethink a new kind of radical faith in truth as an event as the

advent of the incalculable a modality that remakes the pairing religious secular

*State Power, Stigmatization, and Youth Resistance Culture in the French Banlieues* Hervé Tchumkam,2015-04-09 State Power Stigmatization and Youth Resistance Culture in the French Banlieues Uncanny Citizenship foregrounds the literary sociological and political structures of urban literature in France It uses postcolonial theory sociology and political philosophy to investigate the modalities surrounding the question of citizenship in a country where citizens of African descent are not only considered a threat to national identity but also caught between inclusion and exclusion By examining the literary sociological and political structures of urban literatures produced after the 2005 riots this book interrogates the questions of citizenship belonging and coexistence in a context where literature from the periphery has become a site where central political power and mainstream French literary canons are contested Moreover these productions clearly reveal an unexplored correlation between geo aesthetics and contemporary French national geopolitics Ultimately this book is a plea for a serious approach to social formation in postcolonial France in a way that transcends skin color and instead is based on a shared colonial past as well as current social disqualifications

International Law Aspects of the European Union Martti Koskeniemi,1997-11-01 The debate about the relationship between international and community law usually centres on the question of which of these two belongs to the other and how special community legal order is in relation to international law In this volume a distinguished group of Finnish and British academics and practitioners break new ground by instead of becoming mired in these questions clearly examining the international law aspects of the activities of the Community and the Union In doing so they have elucidated points of connection and possible points of conflict The result is a thought provoking collection of essays which examines community law through the conceptual grid of international law and thus enriches our understanding of the workings of both

The Style of the State in French Theater, 1630-1660 Katherine Ibbett,2016-12-05 Engaging with recent thinking about performance political theory

and canon formation this study addresses the significance of the formal changes in seventeenth century French theater Each chapter takes up a particularity of seventeenth century theatrical style and staging for example the clearing of violence from the stage and shows how the conceptualization of these French stylistic shifts appropriates a rich body of Italian political writing on questions of action temporality and law The theater s appropriation of political concerns and vocabularies the author argues proffers an astute reflection on the practices of government that draws attention to questions obscured in reason of state such as the instrumentalization of women s bodies In a new reading of tragedies about government the author shows how the canonical figure of Pierre Corneille is formally engaged with the political strategizing he often appears to repudiate and in so doing challenges a literary history that has read neoclassicism largely as a display of pure French style
