French Visitors:

A Study of French Travel Habits and Patterns Karol Gess, 1974 **A Study of French Travel Habits and Patterns: This report analyzes the findings from a sample of French residents with respect to their travel patterns, in general and specifically with respect to the U.S., attitudes towards and images of the U.S. as a travel destination, demographic and trip characteristics** Karol Gess, United States Travel Service. Office of Research and Analysis, 1974 **Summary and Analysis of International Travel to the U.S.**, 1975 Statistics on visitor arrivals to the U S and market analysis of international travel by residents of foreign countries *A Parisienne in Chicago* Madame Léon Grandin, 2010 This fascinating account of a French woman's impressions of America in the late nineteenth century reveals an unusual cross cultural journey through fin de siècle Paris Chicago and New York Madame Leon Grandin's travels and extended stay in Chicago in 1893 were the result of her husband's collaboration on the fountain sculpture for the World's Columbian Exposition Initially impressed with the city's fast pace and architectural grandeur Grandin's attentions were soon drawn to its social and cultural customs reflected as observations in her writing During a ten month interval as a resident she was intrigued by the interactions between men and women mothers and their children teachers and students and other human relationships especially noting the comparative social freedoms of American women After this interval of acclimatization the young Parisian socialite had begun to view her own culture and its less liberated mores with considerable doubt I had tasted the fruit of independence of intelligent activity and was revolted at the idea of assuming once again the passive and inferior role that awaited me she wrote Grandin's curiosity and interior access to Chicago's social and domestic spaces produced an unusual travel narrative that goes beyond the usual tourist reactions and provides a valuable resource for readers interested in late nineteenth century America Chicago and social commentary Significantly her feminine views on American life are in marked contrast to parallel reflections on the culture by male visitors from abroad It is precisely the dual narrative of this text the simultaneous recounting of a foreigner's impressions and the consequent questioning of her own cultural certainties that make her book unique This translation includes an introductory essay by Arnold Lewis that situates Grandin's account in the larger context of European visitors to Chicago in the 1890s *Seducing the French* Richard F. Kuisel, 1993-04-20 When Coca Cola was introduced in France in the late 1940s the country's most prestigious newspaper warned that Coke threatened France's cultural landscape This is one of the examples cited in Richard Kuisel's engaging exploration of France's response to American influence after World War II In analyzing early French resistance and then the gradual adaptation to all things American that evolved by the mid 1980s he offers an intriguing study of national identity and the protection of cultural boundaries The French have historically struggled against Americanization in order to safeguard Frenchness What would happen to the French way of life if gaining American prosperity brought vulgar materialism and social conformity A clash between American consumerism and French civilisation seemed inevitable Cold War anti

Communism the Marshall Plan the Coca Cola controversy and de Gaulle's efforts to curb American investment illustrate ways that anti Americanization was played out Kuisel also raises issues that extend beyond France including the economic social and cultural effects of the Americanized consumer society that have become a global phenomenon Kuisel's lively account reaches across French society to include politicians businessmen trade unionists Parisian intelligentsia and ordinary citizens The result reveals much about the French and about Americans As Euro Disney welcomes travellers to its Parisian fantasyland and with French recently declared the official language of France to defend it from the encroachments of English Kuisel's book is especially relevant

Summary and Analysis of International Travel to the U.S. United States Travel Service. Office of Research and Analysis, *Salvator Rosa in French Literature* James S. Patty, 2005-01-31 Salvator Rosa 1615 1673 was a colorful and controversial Italian painter talented musician a notable comic actor a prolific correspondent and a successful satirist and poet His paintings especially his rugged landscapes and their evocation of the sublime appealed to Romantic writers and his work was highly influential on several generations of European writers James S Patty analyzes Rosa's tremendous influence on French writers chiefly those of the nineteenth century such as Stendhal Honor de Balzac Victor Hugo George Sand and Thophile Gautier Arranged in chronological order with numerous quotations from French fiction poetry drama art criticism art history literary history and reference works *Salvator Rosa in French Literature* forms a narrative account of the reception of Rosa's life and work in the world of French letters

When the French Tried to Be British J.A.W. Gunn, 2009-05 The restoration of the Bourbon monarchy in 1814 was accompanied by the grant of the Charte a written constitution modeled on what its authors imagined to be the contemporary British practice of parliamentary monarchy A unique experiment in effect it meant attempting to implement institutions and practices that had little basis in French history and culture and that in Britain had evolved slowly and largely without conscious planning
