## **French War Against America How A Trusted Ally Betrayed Washington And The Founding Fathers:**

**The French War Against America** Harlow Giles Unger, 2005-03-01 Acclaim for The French War Against America A very readable and provocative tale of early Franco American relations that will please some and infuriate others John Buchanan author of The Road to Valley Forge How Washington Built the Army That Won the Revolution Harlow Unger has written an amazing tour de force revealing France s two faced role in the American Revolution and the early Republic The book also has enormous relevance for contemporary politics Don t miss it Thomas Fleming author of Liberty The American Revolution

*The Last Founding Father* Harlow Giles Unger, 2010-10 In this lively and compelling biography Harlow Giles Unger reveals the dominant political figure of a generation A fierce fighter in four critical Revolutionary War battles and a courageous survivor of Valley Forge and a near fatal wound at the Battle of Trenton James Monroe 1751 1831 went on to become America s first fulltime politician dedicating his life to securing America s national and international durability Decorated by George Washington for his exploits as a soldier Monroe became a congressman a senator U S minister to France and Britain governor of Virginia secretary of state secretary of war and finally America s fifth president The country embraced Monroe s dreams of empire and elected him to two terms the second time unanimously Mentored by each of America s first four presidents Monroe was unquestionably the best prepared president in our history Like David McCullough s John Adams and Jon Meacham s recent book on Andrew Jackson this new biography of Monroe is both a solid read and stellar scholarship history in the grand tradition "Some System of the Nature Here Proposed" Stephen C. Craig, 2015 A regimental surgeon promoted to hospital director in the War of 1812 Joseph Lovell MD became the first Army staff level surgeon general This volume in Borden s history of medicine series is an in depth analysis of how Lovell s report on Army medicine just after the war gave rise to innovations from focus on the soldier s welfare and preventive medicine to accurate epidemiology and experimental research that formed the organizational and functional principles of today s professional and effective Medical Department Provided by publisher Bilingual By Choice Virginie Raguenaud, 2010-12-15 Includes 100 creative activities and strategies for the home and community More and more people hundreds of millions around the world are living in bilingual homes In the U S alone more than 54 million people over the age of 5 speak a language other than English at home Yet once children enter school the pull toward one language becomes stronger and maintaining the bilingual advantage requires a serious family commitment a bilingual choice The good news is it s worth it Research shows that bilingual children are known to have more social cultural and economic opportunities as they grow to adulthood and that learning a second language from birth can even result in protection against Alzheimer s later in life Bilingual By Choice provides families with specific activities games and insights that will show them how to not only teach their kids more than one language but also to help their kids retain and develop those language skills For parents educators immigrants and expatriates Bilingual by Choice deals directly with the obstacles to sustaining a second language including unsupportive

relatives issues at school frequent relocations and discrimination countering each one with the author's firsthand experience with both sides of the growing up bilingual journey as a child and as a parent

**Commit to the choice and help your children become bilingual for life**

**The Americanization of France** Barnett Singer, 2013-04-18 This engaging knowledgeable book traces the American path France has followed since resolving its searing Algerian conflict in 1962 Barnett Singer convincingly demolishes two pervasive clichés about modern France first that the country never has been fit to fight wars including wars on terror and second that the French have always been and remain overwhelmingly anti American Drawing on a wealth of archival sources Barnett Singer clearly demonstrates that a serious and organized France fought strongly until its own divisions international pressures and the actions of de Gaulle ended the conflict with tragic consequences The outcome led to an important sea change clearing the way for France to embrace American culture especially rock n roll and more generally an American style emphasis on personal happiness The author argues that today's France wounded by the loss of traditions and stability is increasingly pro American clinging to trends from across the Atlantic as to a lifeline

**Why France?** Laura Lee Downs, Stephane Gerson, 2011-11-11 France has long attracted the attention of many of America's most accomplished historians The field of French history has been vastly influential in American thought both within the academy and beyond regardless of France's standing among U S political and cultural elites Even though other countries from Britain to China may have had a greater impact on American history none has exerted quite the same hold on the American historical imagination particularly in the post 1945 era To gain a fresh perspective on this passionate relationship Laura Lee Downs and Stephane Gerson commissioned a diverse array of historians to write autobiographical essays in which they explore their intellectual political and personal engagements with France and its past In addition to the essays *Why France* includes a lengthy introduction by the editors and an afterword by one of France's most distinguished historians Roger Chartier Taken together these essays provide a rich and thought provoking portrait of France the Franco American relationship and a half century of American intellectual life viewed through the lens of the best scholarship on France

**American Military History** William Thomas Allison, Jeffrey G. Grey, Janet G. Valentine, 2020-04-28 Now in its third edition *American Military History* examines how a country shaped by race ethnicity economy regionalism and power has been equally influenced by war and the struggle to define the role of a military in a free and democratic society Organized chronologically the text begins at the point of European conflict with Native Americans and concludes with military affairs in the early 21st century providing an important overview of the military's role on an international domestic social and symbolic level The third edition is fully updated to reflect recent developments in military policy and the study of military history and war and society thus providing students a foundational understanding of the American military experience This book will be of interest to students of American history and military history It is designed to allow instructors flexibility in structuring a course

**War of Two** John Sedgwick, 2016-10-18 A provocative and penetrating investigation into the rivalry between

Alexander Hamilton and Aaron Burr whose infamous duel left the Founding Father dead and turned a sitting Vice President into a fugitive In the summer of 1804 two of America s most eminent statesmen squared off pistols raised on a bluff along the Hudson River Why would two such men risk not only their lives but the stability of the young country they helped forge In War of Two John Sedgwick explores the long standing conflict between Founding Father Alexander Hamilton and Vice President Aaron Burr Matching each other s ambition and skill as lawyers in New York they later battled for power along political fault lines that would decide and define the future of the United States A series of letters between Burr and Hamilton suggests the duel was fought over an unflattering comment made at a dinner party But another letter written by Hamilton the night before the event provides critical insight into his true motivation It was addressed to former Speaker of the House Theodore Sedgwick a trusted friend of both men and the author s own ancestor John Sedgwick suggests that Hamilton saw Burr not merely as a personal rival but as a threat to the nation It was a fear that would prove justified after Hamilton s death INCLUDES COLOR IMAGES AND ILLUSTRATIONS *God's Reflections* Ronald Ian Phillips, Ernest Schmidt, David Grotzke, Seth Grotzke, 2022-04-07 Using a unique and ground breaking approach that combines religion with American history these four authors masterfully present a thoroughly researched and captivating account of fifty two inspirational stories of America s exceptionalism intricately woven with God s truths Each story connects the life giving honesty of the American people with a life shaping application from the gospel Individuals interested in the history of the United States or Christianity and looking for an overarching account of what unites us as Americans and believers will be enthralled by these inspiring stories of struggles and triumphs We are not the light just the reflection if we stand close enough to the Source The further we move away from God s will for our lives the more we stumble in the dark But as believers we know there is an all powerful force that will lift us up and help us to walk in the light The goal of God s Reflections Biblical Insight from America s Story is to draw Christians closer to the light source so they can radiate brighter in their service to God and their country and be part of the greatest rescue mission of all making disciples for Jesus Christ

The Forgotten Financiers of the Louisiana Purchase Larry Neal, 2024-04-30 This book provides a comprehensive account of how the Louisiana Purchase of 1803 was financed Where existing research has focused predominantly on the political and diplomatic significance of the Purchase this book demonstrates the importance of the Purchase to global financial history The book provides context and background for the Louisiana Purchase and examines the role of key actors and companies focusing particularly on the forgotten financiers of the Purchase individuals from the US France and the UK including Alexander Baring Albert Gallatin Pierre Cesar Labouchere and Francois Barbe Marbois Based on extensive original archival research the chapters will illuminate the role played by these individuals in bringing about financial innovation and facilitating a major transaction that doubled the size of the original United States and helped set the country on a path to global power The book will be a valuable resource for historians of Europe and America particularly those with interests in

economic and financial history as well as banking and finance scholars who are interested in the emergence of large scale international finance in the 19th century

**Meriwether Lewis** Kira Gale, 2015-07-01 This new full length biography of Meriwether Lewis is presented within the context of the turbulent times of the early American Republic The author discusses intrigues to seize the Floridas and Louisiana from Spain with the help of France or Britain and makes the case for General James Wilkinson assassinating General Anthony Wayne to become the commanding general of the U S Army She proposes that the deadlock in the presidential election of 1800 between Aaron Burr and Thomas Jefferson was caused by a British faction of Federalists who planned to invade Louisiana and Mexico if Burr were elected president Three parts of the conspiracy are identified a secret military base on the Ohio Cantonment Wilkinsonville where 700 U S Army troops were stationed the Philip Nolan filibuster into Texas and British naval support After Jefferson s election Lewis lived in the White House as his confidential aide In 1803 he left the White House as the leader of an elite army unit to reinforce America s claim to the Pacific Northwest When he returned Jefferson appointed him governor of Louisiana Territory based in St Louis with orders to remove followers of Aaron Burr from positions of power and influence Within two years Meriwether Lewis was dead at the age of 35 killed by an assassin s bullets in 1809 The case is made that General Wilkinson and John Smith T a wealthy lead mine operator were the organizers of his assassination Their motive was to prevent Lewis from stopping another filibuster expedition into Mexico in 1810 This biography of Lewis offers a very different interpretation of his character and achievements supporting the idea that if he had lived Lewis was in line to become president of the United States It presents a detailed account of his activities as a loyal Jefferson supporter presidential aide leader of a continental expedition and governor of Louisiana Territory

**The Unexpected George Washington** Harlow Giles Unger, 2007-08-24 Advance Praise for The Unexpected George Washington This is a biography that unquestionably lives up to its title Readers will discover numerous often touching traits that they never knew about the Father of the Country Harlow Unger has written a one of a kind book that will please and fascinate everyone Thomas Fleming author Washington s Secret War The Hidden History of Valley Forge It s hard to imagine George Washington as playful tender or funny But Harlow Unger searches to find these seldom seen aspects of the private man and the result is a far more complete and believable founding father James C Rees Executive Director Historic Mount Vernon Acclaim for Lafayette Harlow Unger has cornered the market on muses to emerge as America s most readable historian His new biography of the Marquis de Lafayette combines a thoroughgoing account of the age of revolution a probing psychological study of a complex man and a literary style that goes down like cream Florence King contributing editor National Review To American readers Unger s biography will provide a stark reminder of just how near run a thing was our War of Independence and the degree to which our forefathers victory hinged on the help of our French allies marshalled for George Washington by his adopted son Lafayette Larry Collins coauthor Is Paris Burning and O Jerusalem An admirable account of his Lafayette s life and extraordinary career on both sides of the Atlantic The Sunday

Telegraph London      **Encyclopedia of the American Enlightenment** Mark G. Spencer, 2015-01-01 The first reference work on one of the key subjects in American history filling an important gap in the literature with over 500 original essays

The Bloomsbury Encyclopedia of the American Enlightenment Mark G. Spencer, 2015-01-01      *Cosmopolitan Patriots* Philipp Ziesche, 2010-02-17 This truly transnational history reveals the important role of Americans abroad in the Age of Revolution as well as providing an early example of the limits of American influence on other nations From the beginning of the French Revolution to its end at the hands of Napoleon American cosmopolitans like Thomas Jefferson Gouverneur Morris Thomas Paine Joel Barlow and James Monroe drafted constitutions argued over violent means and noble ends confronted sudden regime changes and negotiated diplomatic crises such as the XYZ Affair and the Louisiana Purchase Eager to report on what they regarded as universal political ideals and practices Americans again and again confronted the particular circumstances of a foreign nation in turmoil In turn what they witnessed in Paris caused these prominent Americans to reflect on the condition and prospects of their own republic Thus their individual stories highlight overlooked parallels between the nation building process in both France and America and the two countries common struggle to reconcile the rights of man with their own national identities      The First War of United States William J. Phalen, 2018-08-01 Friends sometimes have problems with one another the reasons are myriad because after all they are human beings and therefore subject to all of humanities foibles and since that is the case if two people can have a disagreement so can two nations This book relates the situation between two of these countries the United States and France Twenty years before these problems became the war both nations were engaged in a conflict against Great Britain The American colonies were attempting to gain their independence and France was again continuing its battle against England that had begun with their invasion of Normandy in 1202 France in an effort to assist another entity that was also fighting the English entered into an agreement with the American colonies which resulted in its supplying the colonies with the men and materials that were desperately needed to prosecute a war that most historians agreed would not have been won without this assistance While the assistance was invaluable the American colonies now the United States began trading with its benefactor which the French expected because of this assistance Unfortunately the exchange of goods was not only not beneficial to the United States but worse caused a continuation of American trade with Great Britain along with the signing of Jay s treaty which infuriated the French leading it into problems with the United States This situation led to what has been called the Quasi War an odd conflict that was undeclared and fought entirely at sea between two nations neither of whom wanted it      **A Sovereign People** Carol Berkin, 2017-05-02 The momentous story of how George Washington Alexander Hamilton and John Adams navigated the crises of the 1790s and in the process bound the states into a unified nation Today the United States is the dominant power in world affairs and that status seems assured Yet in the decade following the ratification of the Constitution the republic s existence was contingent and fragile challenged by domestic rebellions foreign interference and the always present danger of

collapse into mob rule Carol Berkin reveals that the nation survived almost entirely due to the actions of the Federalist leadership George Washington Alexander Hamilton and John Adams Reacting to successive crises they extended the power of the federal government and fended off foreign attempts to subvert American sovereignty As Berkin argues the result was a spike in nationalism as ordinary citizens began to identify with their nation first their home states second While the Revolution freed the states and the Constitution linked them as never before this landmark work shows that it was the Federalists who transformed the states into an enduring nation

**In the 21st Century** Brendon O'Connor, 2007 Essays in the fourth volume examine key themes and flashpoints the Bush Doctrine the Iraq War the rise of Islamic Fundamentalism US relations with the UN and many others Choice, 2006

*France Au XXIe Siècle* Marie-Christine W. Koop, Rosalie Vermette, 2009 The twenty first century is now underway and it s time to look at France once again as it moves into the new millennium The current collection of essays explores cultural themes which are different than those in the editors earlier volume *La France l aube du XXIe si cle Tendances et mutations* France at the Dawn of the Twenty First Century Trends and Transformations published in 2000 Summa Publications see Google Book Search on home page Among the topics explored in this new volume are the presidential election of 2007 changing dietary habits the condition of women environmental policies the economy education social mobility young people religion as well as contemporary music cinema regional theater and literature Articles on multiculturalism the position of French in today s world and France in the European Union also provide the reader with provocative insights All chapters include extensive references and web sites and will be of interest to academics teachers and students of contemporary French culture and all Francophiles For the classroom teacher additional cultural information and activities will be found on the editors own home page this material will be updated on a regular basis thus facilitating the task of presenting a modern day France that is continuously changing Publisher
